No inquest will be held, according to Chief Deputy Coroner Leo Goch. Two hundred and fifty dollars, the savings of a lifetime, is what it cost L. Wood, cripple, for violation of the prohibition law.

He was fined the total amount of his bank savings Tuesday afternoon by Federal Judge Bean after pleading guilty to manufacturing and intoxicating liquor.

When internal revenue officers raided Wood's home several days ago, they found the parts of a complete still scattered about the house. All parts were warm when the officers found them, which, Assistant United States Attorney Maguire said, indicated the still had been dismantled before Wood opened the door to admit the officers.

Ten gallons of prune and apricot mash and 1 1/2 gallons of whiskey were found. Maguire told the court Wood was using a s.vanized iron still and said he doubted "ery much the purity" of the product.

During the last 12 years Wood had been an elevator operator in the Chamber of Commerce building. As a result of his arrest he has lost his position, the court was advised. To allow Wood to secure another position and get a few dollars together, Judge Bean gave Wood 30 days in which to pay his fine.

Milton A. Miller, collector of internal revenue, suggests that taxpayers of every class, business and professional men, wage earners and farmers, when making up their income tax return for the year 1920, should present to themselves for consideration the following questions: Did you receive any interest on bank deposits? Did you receive any income in the form of dividend or interest from stocks or bonds? Have you any property from which you receive rent? Did you receive any bonuses during the year? Did you make any profit on the sale of stocks, bonds, etc? Did you act as a broker in any transaction from which you receive commissions? Are you interested in any partnership or other firm from which you receive any income? Have you any income from royalties or patents? Have you any minor children who are working? Have you control of the earnings of such children? If so, the amounts must be included in the return of your income. Has your wife any income from any source whatsoever? If so, it must be included in your return or reported in a separate return of income. Did you receive any directors' fees or trustees' fees in the course of the year? Do you hold any office in a benefit society from which you receive income?
