

Total Cost of First Proceedings she had received serious bruises and possibly a fractured leg. E. C. Tatter of Milwaukie, driver of the automobile. Amounted to \$1500, or an Average of \$150 a Day.

The second trial of Thomas Lotisso, who shot and killed his wife, Tessie, an English war bride, last November, will begin next Thursday in the circuit court. The first trial, which was held last month, resulted Saturday night. She sustained scalp in the disagreement of the jury.

Apart from its criminal aspect the Lotisso case furnishes a concrete example of the evil of carrying revolvers and the prevalence of crime largely due

to the ease with which pistols and other firearms can be purchased and the cost of the same from the taxpayers' stand-

The cost of the first Lotisso trial to public was approximately \$1500, or \$150 per day. This does not include the preliminary expense of arrest, arraign ment, indictment and cost of confinement of the prisoner in jail for a period of two or three months. Neither does it take into account the fees of attorneys for the defense nor the cost to the state of gathering evidence and other prepara-

tions for trial. It is altogether probable that the expense of the second trial will greatly exceed that of the first for the reason that it is understood that the district attorney will introduce a number of much stronger case. In the first trial the county paid out

for the fees and mileage of witnesses the sum of \$350. The trial lasted 10 days and the fees of jurors were \$260. In addition the jurors and bailiffs were given three meals while deliberating on a verdict. This cost was approximately \$60. For taking down and transcribing the testimony the official court report-

er's fee amounted to \$200. Owing to the public interest in the trial a special deputy sheriff was employed for seven days to guard the entrance to the court room. This involved a charge of \$35. Two deputy sheriffs were employed to conduct the prisoner between the jall and courtroom and to guard him during the time he was in the courtroom. This cost the county \$100. To the total cost is to be added the salaries of the trial judge, \$130; two deputy district attor-neys, \$160; the clerk of the court, \$40, and two baliffs, \$80.

Fund of \$25,000 Will Be Used in Attempt To Free Mrs. Peete

Los Angeles, Feb., 12 .- (U. P.)-The sum of \$25,000 has been made available for use in pressing an appeal of the case of Mrs. Louise L. Peete, facing life imprisonment for the murder of Jacob C. Denton, according to apparently authentic reports today. preliminary plans.

A person described as "an old friend" has guaranteed the \$25,000, it is said, and arrangements are being made to retain private attorneys for the fight in the supreme court. Either Lecomte Davis or Joseph Ford, prominent criminal law-May Hold It Up vers, is expected to be asked to repre-sent Mrs. Peete. Public Defender Aggeler has been her lawyer.

Because of the apparent futility of discovering important new evidence before next Wednesday when Mrs. Peete is scheduled to be sentenced, it is reported that plans are under way to base the Teazel fight for a new trial entirely upon legal technicalities.
