hips for the month.

In the coast-to-coast service the steamships Steelmaker and Willfaro will clear Thursday. Both vessels are carrying large cargoes of ties for the Atlantic side. The intercoastal business is showing an increase, largely due to the new conference rates recently adopted at the meeting in San Francisco.

#### PORT DREDGE COLUMBIA TO BE LAUNCHED THURSDAY

The Port of Portland's new all steel, \$425,000 dredge Columbia will be launched from the ways of the Coast Gibbs street at 11:30 a. m. Thursday. An invitation to the public to attend the ceremony was issued this morning

by officials of the Port of Portland. The completion of the new Columbia provides the port with three giant suction dredges, each equipped with 30-inch pumps. The fleet is now considered equal or superior to any similar fleet possessed by other ports of the United The Columbia was constructed by the

Pacific Marine Iron Works and Mrs. James H. Polhemus, wife of the manager of the Port of Portland, will christen it The dredge is equipped with steel house and hull. She has a 1500 horsepower, four cylinder triple expansion engine, two Heine safety boilers and Dutch ovens prepared for the burning of "hog" fuel, namely sawdust and waste wood from saw mills. Except that has a steel house not possessed by the other craft, the new Columbia is a virtual duplicate of the big dredge Willamette, now in the service of the port. mette, now in the service of the port.

Much of the machinery used on the old dredge Columbia, which was recently dismantled has been placed on the new dismantled, has been placed on the new craft. The contract price of the Columbia was \$415,150 and this with extras will bring the total cost to about \$425,-600. The new dredge will be capable of moving 15,000 yards of sand a day and will prove a most important adjunct in the improvement of the channel between Portland and the mouth of the Willam-

10 room housekeeping rooms.

The price is exceedingly low for

this big income paying property

as well as buying the corner lot

and building at the sacrifice. There

is a business established wherein

the purchaser can occupy and pro-

vide for himself and herself a home

and at the same time live inde-

pendently and receive a big

monthly income from the other

rooms. It would cost the price we

ask for the house alone. The

corner lot in this location, 60x100 feet, should be worth \$4000, and

cheap at that. All right, we are

offering and going to sell to the

first purchaser that comes, along,

the corner lot and big to room

housekeeping house as well as the entire furniture, everything goes

for \$5100, and all you need to

possess yourself of this valuable

property is \$1000 cash, the bal-

ance can be arranged to suit the

purchaser. Remember, it is on the

west side where the real property

is valuable, and this is an oppor-

tunity for an independent living

for man and wife to own their own

property who have \$1000 cash.

Welders Are Wanted In the big farming districts this spring and summer, where tractors are used in order to quickly repair break-downs that cause expensive delays. If you have never welded before, we can in a short time teach you this interesting and splendid paying trade.

RECOME A WELLER

BECOME A WELDER
Your opportunity to earn big wages as an oxyacetylene welder or to go into business for yourself has never been better. We can open the way for you. The COMMERCIAL SCHOOL of WELDING will teach you the latest methods of welding in less time than any other place by individual instruction under expert teachers.

NEW METHODS
of welding is what we teach. Before any NEW METHODS

of welding is what we teach. Before any
of our graduates fill a position they have
been thoroughly instructed in the very
latest methods of welding under EXPERT
TEACHERS giving INDIVIDUAL INSTRUCTION. That is why our graduates
are always in demand. Don't delay, but
enroll now so that you may soon join the
ranks of the best paid mechanics.

This is our third year of teaching welding in Portland, and we are now located
permanently in our own building, which
is being equipped to illustrate all forms
of fusion welding. Students now attending will participate in the installation of
our own special equipment.
