The Beavers have two players coming from the Cubs in exchange for George Maisel and have the promise of additional men. It has been hinted that Pitchers "Speed" Martin and Abe Bailey,

man, will be turned over to Portland. It is doubtful if the Cubs can obtain waivers on Deal, as he was the leading fielding third-sacker of the National league last year. The Cubs have two other third-sackers, Kelleher of the Des Moines club, who can also play short, and Warner, who was secured from the Kansas City club, and it is almost sure that the Beavers will land one of them.

In view of the fact that the Cubs have a big bunch of outfielders and the Deit may be possible that McCredie will ask the Cubs to turn over an outfielder who can hit the pill and look to the Tigers to strengthen his infield combina-

McCredie, however, has made it plain that he would like to have Shorten, one of the five inflelders on the Detroit roster. Mac would also like to land Sargent, the Buffalo third baseman on the Detroit roster.
