Cold storage operations in the egg market are increasing. For the first time within the memory of the local trade New York is actually buying Oregon eggs for storage there. This is a complete reversal of the usual custom and is one of the straws which show which way the industry is growing.

Butter Market Holding Same
While there is no diminished strength generally, a report was current that some of the northern interests had cancelled some of their orders for cube butter here because prices allowed by condition are there.

Looking for Cheese Advance
Most of the trade here is anticipating a further rise in the price of Tillamook cheese, owing to the generally firm condition of the market.

Best Calves Holding Steady
Even though the market is not good for heavy and off grade stuff, demand for fancy calves is keeping pace with arrivals with most sales at 10c a pound. Country killed hogs are unchanged for the day.

Halibut Price Shows a Loss
Halibut prices are being named for fresh halibut here because of greater supplies available at primary points. The price is from 13c for chicken and heavy to 20c for medium. Smelt generally \$1.50.

Fight in Orange Market Here
Front street is again at war with itself; this time the fight being between leading firms for control of the orange trade. All oranges are practically worthless at the moment as they are generally shad.

THE MARKET BASKET

By Hyman H. Cohen
Did you know that you can actually buy the best grade of sugar at some of the retail markets at as low a price as wholesalers are today charging?

You can purchase a pound of the best firm brand at 10c a pound at some of the cash houses, while for small white beans the price is as low as 25c for 5 pounds. That's practically prewar values.

Prunes were not so cheap for many years and in some of the cash retail shops you can purchase good sizes down as low as 3 pounds for 25c.

You can purchase pink salmon at 10c a can, a medium red as low as 15c; both of these being fully as low as previous to the war.

Excellent laundry soap can be purchased down to 21 bars for \$1, and 5c is now the standard price for some brands.

One pound of the very best coffee in fiber cans can be purchased as low as 35c a pound, although 40c is generally asked. If you want tin cans you can pay extra for that.

The following prices ruled generally in retail shops for good quality. Some values are fractionally higher, inferior stuff fractionally lower.

Butter—Fresh Salted, 48c to 50c
Eggs—Fresh, 20c to 22c

Four—Best local patent, \$2.70 to 2.85 per sack
Potatoes—Burbank, \$1.25 to 1.50 per sack

BEARS IN ATTACK FORCE DECLINES

NEW YORK, Feb. 26.—(I. N. S.)—The stock market closed firm today. Many stocks were in good demand in the late trading and the highest prices of the day were generally established in the last few minutes of trading. Inevitable Oil became prominent, moving up to 27 1/2; also showing a gain of 1 point and there was a steady demand for Studebaker.

U. S. Steel after its advance to 84, reacted to 83 1/2, and Baldwin Locomotive sold down to 89 1/2. Reading rallied slightly from the low levels reached on the bear raids.

The total sales of stocks today were 306,500 shares. Bonds \$2,251,000. Total sales of stocks for the week were 2,442,400 shares and \$48,900,000.

New York, Feb. 26.—(I. N. S.)—Atlantic Gulf was made the object of a bear attack at the opening of the stock market today, being forced down to 44 1/2. Bearish energies were then directed against Reading, which yielded 1/2 to 7/8.

Outside of those two stocks, prices were fairly steady during the first 15 minutes. Some of the issues that had been under pressure yesterday showed a rallying tendency.

United States Steel was the object of a bear attack at frequent intervals during the week, with a strong feature, advancing 1 1/2 to 83 1/2. Columbia Graphophone was heavy, yielding 1/2 to 82 1/2. United States Steel was furnished by Overbeck & Cooke Co. Board of Directors.
