CROWN STABLES, INC. HORSES! HORSES! HORSES!

If you are looking for quality and lots of

If you are looking for quality and lots of horses to pick from, the Crown Stables is the place to find them. We don't make a practice of having only one load to pick from, but ship more horses than all the barns in town put together, and have them to show when you get here. The majority of these horses we sell on commission and we are not here to misrepresent any of them. We guarantee them as represented. Have them from 3 years old up, broke. Some may be a little green that have never been hitched to a wagon, but all have been broke to plow or mower. Will always tell you about that. We aim to have our prices 25 per cent cheaper, for we won't let' our consigners ship them if we can't sell them that way. We are here to stay and think we have sold as many horses in Portland, and good ones, as anyone who is in business at the present time. We always try to please the trade. There are some few who try to impose upon us, but we always satisfy that kind of people before we get through with them, and they invariable return to us when they are in

invariable return to us when they are in the market for horses. Have wagons and harpess of all kinds. We are not here for three or four months, but are here to stay and want one and all to know it. 285 Front street, Phil Suetter, president.

CADILLACS
The best thing about a Cadillac Motor Car is the fact that it is actually a Cadillac.
If through some fairy substance or elfin wand these many variously named and owned motor cars could at their owner's wish be transformed, name and quality, into their heart's desire, business with us would probably be very poor.

Our rebuilt and refinished Type 57 model Cadillacs are really exceptional. They are even better than you would expect to find,
