The market was directly under the influence of the latest decline in California prices and all talks of an accumulation of home supplies as a reason for the lower range is all both. Fact of the matter is that California butter has been imported by one of the broker whole-	For instance, there is a good example of this in the maximum price on squash. This is exactly the same on the public market as during the production season, although the real price made by supply and demand has been doubled since that time. This is a reason why the public market is not getting squash.	Season to date. Year ago 5375 232 667 628 1124 While there was no session of the Portland Merchants' Exchange Satur- day, there was a better display of strength in value offering of Basic	is expected to force more liberal production. Potato planting in this section and through- out the Pacific Northwest is today on a more extensive scale than for a number of years past. This is probably due to the fact that not only is seed stock cheap, but the average grower figures that the other fellow will not plant and therefore next season's values would be high.	2 weeks ago 1206	of 1 point. U. S. Steel hung around \$21% and Bald- win around '89. The railroad list was featureless. Government bonds, unchanged; rail- way and other bonds, steady. Total sales of stocks today were 382,-	Ontario         Silver         4 is         Weatinghas E. & M.         48 is           Ontario         & W.         17         White Motors         41 is           Ontario         & W.         17         White Motors         8 is           Ontario         & W.         17         White Motors         8 is           Pacific         0il         13 is         00 pfd.         8 is           Pac.
