Mrs. Bessie Boyles, who wants to adopt the two Smith children who were virtually kidnapped last week by their father at Lebanon, this morning in the court of domestic relations denounced J. Teuscher Jr., superintendent of the Boys' and Girls' Aid society, and accused him of negligence and cruelty.

Hattie Irene Smith, 5, was taken from the society's home Saturday afternoon in broad daylight. Edgar Smith, the father, drove up with Mrs. Boyles in the latter's automobile. He entered the home and returned with the child. A block away, according to Mrs. Boyles, she told Smith she wanted nothing to do with the illegal taking of the girl, whereupon Smith climbed out of the car and neither he nor the child has been seen since.

Smith has with him also Hattie Irene Smith, 8, who was taken from the home of Miss Soule at Lebanon Saturday evening. Mrs. Smith was with him in an automobile when they went to Lebanon. They ran out to the court on Monday. The car was last seen at Jefferson, headed toward Portland. Judge Kessler heard of the case and had his agent visit the Smith home at Lebanon Monday. None of the Smiths was there.

## MUST PRODUCE CHILDREN

Then came word to the judge that Mr. and Mrs. Earl M. Boyles wished to adopt the two children. The judge ruled after the hearing that the adoption proceedings could not proceed until the two children were produced in court. Impassioned pleas were made, asking him to overrule this decision. "It is the law that they must be in court," he replied.

Mr. and Mrs. Smith have signed an agreement giving their consent to the adoption by Mr. and Mrs. Boyles. Mrs. Smith was in the courtroom, but she as well as Mr. and Mrs. Boyles denied having any knowledge of where Smith had taken the children. Only one person is informed, and any word which must be sent through him, they told the court.

## JUDGE GIVES WARNING

"Let Mr. Smith know that the children must be returned to the jurisdiction of the court or I will turn loose the machinery of the law," said the judge.

The Smiths have been led into their difficulties by the torture of parental love and the horror growing out of being distrustful of the people in whose care the children were entrusted, according to Mrs. Boyles, who appealed to the court with tears running down her cheeks.

## BOYS FEAST ON PIES

A brick expertly applied made the hole in the hole in the plate glass window of H. H. Unruh's grocery store, 421 East Eleventh street, Wednesday night. A long stick dexterously handled raked the pies and cakes into grabbing distance. The long fingers and hungry faces of a gang of boys did the rest. Today the police are watching with a suspicious eye for the well known symptoms that follow a big pie feed.

## CHEST CEMENTS CITY, SAYS MAYOR

Oregonian Publishing company, \$5000; L. Allen Lewis, \$500.

**NEW PLAN GRATIFIED**

The 40 men recruited by Julius L. Meier Wednesday into a Chest council, started in their work of seeing big prospects early Thursday morning and the success they have had is evidenced by the increased returns.

Spontaneous humor was injected into the noon luncheon when Meier, seated next to the mayor, announced a trio by Mayor Baker, Julius L. Meier and E. N. Strong. Mr. Meier didn't make much noise, Mr. Strong was consistently silent and it was up to the mayor to supply the harmony, which he did. Then the mayor undertook to leave the meeting to keep another appointment, but he was met at the door by four cops who escorted him back and he proceeded to "be good" during the remainder of the meeting.

**PLAN IS SUGGESTED**

Some large business concerns are offering Community Chest solicitors subscriptions that would provide approximately 2 cents a month toward the support of each of the 40 agencies, which are included in the Community Chest fund.

One of the colonels called attention to the fact that a subscription of 25 to the Chest means only 41 cents a year for each of the 60 relief and welfare agencies, or a trifle over 3 cents a month.

This colonel instructed his men to

# The Spirit of Giving and The Community Chest

By Mrs. Thomas Honeyman

It is the kind of giving which we all do this week that is going to count more than what we give, although we must not stop short of filling the chest. And the kind of giving we do is going to depend on the spirit with which we give.

It would be a vain accomplishment were a part of our citizens to dig this money out with piteous forks. We must all give because it is the kindly duty which the strong owe the weak, a vital duty to them, but a privilege among ourselves.

The Community Chest makes it possible for everyone to share in this privilege, and gives to the smaller contributors a full share in this most important of civic trusts. We do not have to go away to do big things. They are right here to do, and the chest will enable us all to have our part in doing them.

The spirit with which we should regard this campaign can be no better expressed than in the words of Lowell: Better to me the poor man's crust, Better the blessing of the poor, Though I turn me empty from his door; To the aim which his hand can hold; To give only the worthless gold; Who gives from a sense of duty; But he who gives but a slender mite, And gives to that which is out of sight, The heart outstretches its eager palms For a God goes with it and makes it store; To the soul that was starving in darkness before

## Etheridge Served With Notice of Citizenship Suit

John Etheridge appeared in the office of United States Marshal George Alexander this morning with his attorney, W. F. La Roche, and was formally served with a copy of the naturalization cancellation suit, which was filed against him Tuesday by United States Attorney Humphreys. The government is seeking to cancel Etheridge's citizenship on the grounds that he obtained it fraudulently.

After the papers were served the marshal said it was with considerable difficulty that his office located Etheridge, as he is keeping his residence address secret.

## Judge Releases Prisoner

Federal Judge R. S. Bean released Fred M. Graham from the county jail this morning to permit him to return to his wife and family and earn enough money to pay his fine of \$250. Graham was sentenced to 90 days in jail and to pay the fine for perjury in connection with the Zella Becker homestead contest claim case in Eastern Oregon.

# BUSINESS SHOWS UPWARD TREND IN PORTLAND CIRCLES

Business conditions in Portland have shown a marked improvement during the month ending today. Settlement of income and excess profits taxes, which held public attention during the first 15 days of March, was followed by a revival of buying, according to reports of wholesale and retail merchants. Collections became easier and confidence has been in a large measure restored.

Reductions in the price of lumber and other building materials added stimulus to the building game. The reaction along this line is particularly noticeable in the construction of new residences, records for March showing a larger number of permits issued than during any previous month for the past 10 years.

The total number of building permits issued during the month was 1,200 and they call for the expenditure of \$1,475,456. Of this number 314 permits were issued for new residences, valued at \$1,052,650. The home building movement is gathering impetus and promises to gain in strength during the spring and summer.

The record for March contrasts favorably with that of February, when 232 residence permits, valued at \$853,250, were issued. According to H. E. Plummer, chief building inspector, there are at present more than 600 houses under construction in the city.

The local building program is keeping pace proportionately with similar movements in Los Angeles and San Francisco and is in marked contrast to the apathetic spirit of Seattle and Spokane. Employment improved approximately 10 per cent during the month.

Bank clearings for March totaled \$133,304,349.76, compared with \$173,172,975.98 for the corresponding month of last year.

# EX-RULER KARL INVADES HUNGARY

Vienna, March 31.—(U. P.)—A military dictatorship was reported declared today in West Hungary. Former Emperor Karl is at Stinamanger in West Hungary.

Military forces there are under command of General Lehar, who was said to have rejected Karl's plea for supporting him in an attempt to regain the throne.

Admiral Horthy, regent of Hungary, yesterday sent Count Stephan Lethen to Stinamanger as envoy plenipotentiary.

The count had a large force at his disposal to prevent a monarchist uprising. The former emperor is detained at the residence of Bishop Count Mikeas, the latter now under arrest on charges of supporting a plot for Karl's enthronement. At the war office it was stated that Karl virtually is a prisoner. General Belaika, minister of war, declared the entire army would support the regent.

Berlin, March 31.—(I. N. S.)—Czechoslovakia is threatening to go to war against Hungary unless former King Charles is expelled immediately, according to the following dispatch from Vienna today.

The ministers informed Horthy that the "little entente" would act quickly in event the former ruler was permitted to take the throne.

All three countries possess territory that formerly lay in the dual kingdom.

## AUSTRIA IS OPPOSED TO RETURN OF EX-EMPEROR

Vienna, March 31.—(U. P.)—Former Emperor Karl announced today that he is resolved to mount the throne, according to a dispatch received today from his headquarters at Stinamanger.

Premier Mayer of the Austrian convoked parliament to meet tomorrow and declared that Austria was opposed to Karl's return. He assured the allies that Austria will resist him.

Karl, according to the dispatch from Stinamanger, appointed Count Sigraev governor of West Hungary and General Lehar commander of the Royalist forces. The Hungarian parliament has been summoned to meet tomorrow. The parliament has sole power to determine whether the regency shall be retained or Karl returned.

Its first act probably will be to consider the "little entente" notice that it is resolved to mount the throne.

The former ruler's coup was carefully plotted, according to evidence uncovered by the police today.

# Court Calls Upon Eilers to Explain Why Orders Ignored

An order requiring Henry J. Eilers to show a reason why he should not be held in contempt of court and thereafter fined or sentenced to jail for disobedience of seven orders of Federal Judge Bean or A. M. Cannon, referee in bankruptcy, was issued this morning by Judge Bean. The court gave Eilers until 10 a. m. next Wednesday to file an answer to the order, and on Monday, April 11, the arguments of both sides will be heard.

The orders referred to are those requiring Eilers to allow a complete audit of the Oregon Eilers Music House books, requiring Eilers to turn over the books and release certain collateral to the referee, and also allowing the trustee, H. W. Sitton, to appoint a person to ascertain how the business is being conducted at present.

Through his attorney, Thomas Mannix, Eilers claims that the court had no right to issue the orders in the first place, contending that the court has no jurisdiction, because the Oregon Eilers Music House is within the jurisdiction of the circuit court of appeals at San Francisco.

Copies of the order of the court were served on Eilers and Mannix this morning by Deputy United States Marshal Sam Pace.
