

### SALMON BARBECUE IS REAL TREAT FOR MINER DELEGATES

More Than 400 Feast on Fish Prepared for Them on Eagle Creek by Business Men of Portland.

More than 400 visiting miners to the third annual international mining convention, which held its closing business session Friday evening in The Auditorium, took advantage of the hospitality of the Chamber of Commerce and the Progressive Business Men's club Saturday morning and made the 44-mile trip up the Columbia river highway to Eagle creek, where a fish barbecue was served.

Leaving the assembly point at Sixth and Yamhill streets the party, pursued a leisurely course out along the Columbia river highway, stopping en route to view the magnificent scenery. Personally conducted tours were taken for close up views.

At Crown Point the visitors rushed into Vista House to escape a gale which was blowing there, and from their elevated position they viewed the surrounding country. The wind was so severe that in several instances the efforts were required to hold down the tops of the cars.

When the trip was resumed the miners were conducted over the highway until Bonneville was reached, where several of the visitors stopped to make an inspection of the fish hatchery. Most of the miners, however, were feeling in need of nourishment by this time and kept on their way to the camping site at Eagle creek.

As fast as they arrived at the camping grounds the guests were seated at a long table, where, salmon, prepared by Chef Henri Thiele of the hotel, and potato chips, coffee, rolls and doughnuts were served in abundance. "Progressive Business Men," dressed in the latest approved style for walking, attended to the wants of the guests and entertained them "assemble" with a medley of specially prepared mining songs.

The feast was thoroughly enjoyed. Following the luncheon those in a hurry returned at once to town, and those with more leisure took rambling walks about the camp site.

With the holding of the barbecue the week's entertainment of the visiting delegates to the convention was officially brought to a close.

Uniform Log Rates Are to Be Discussed

Olympia, Wash., April 9.—Officials and attorneys of the logging industry throughout Washington and representatives of all railroads hauling logs will meet at a conference called by the department of public works to be held in the senate chamber of the state house at 1 o'clock Monday afternoon. A uniform and standardized system of rates for hauling logs will be the aim of the conference to supplant the present chaotic maze of tariffs varying with localities and roads.

Wood Makes Plea For Americanism

Seattle, Wash., April 9.—(I. N. S.)—"We do not want people in this country who cannot be assimilated," said Major General Leonard Wood to 2000 persons who gathered at the new Smith Cove pier here today to bid him bon voyage as he embarked on the new steamship Wenatchee for the Philippines. General Wood and W. Cameron Forbes left to investigate conditions in the islands for President Harding.

### INSURANCE MAN TAKES AGENCY ON OWN ACCOUNT

V. T. Motschenbacher, sales manager for the Travelers' insurance company, has branched out for himself, taking the general agency for Oregon of the Commercial Mutual Life insurance company. He will have offices in the Wilcox building.

Motschenbacher, in the two and a half years with the Travelers' company, built up its sales force from 12 men to about 40 and its annual business from \$800,000 to \$1,500,000. He is a graduate of the University of Oregon and has been in business for five years, three and a half of which have been in Portland. He holds memberships in the Portland Ad and Rotary clubs.

### Foreigners Are Not Only Ones in 'Need' Of Bettering Ideals

That it is the Americans who need to be "operated on" rather than the foreigners in the program of Americanization, is the opinion of Dr. John A. Lapp of Ohio, representing the Immigration department of the Federation of Catholic Organizations, who spoke at the Oregon Civic League Saturday.

That program of Americanization that says to take out the language of the immigrant and insert our own, is not, in my estimation, a real Americanization program," said Dr. Lapp. "We need to work a little harder at living up to our own ideals and we need to try to see the problems of the immigrant from his standpoint and to help him in his economic struggle, for the economic opportunity is, in the majority of cases, the incentive that brought him to our shores."

Restricted immigration will merely force the big employers of labor to Mexico for assistance, so what we need to do is to work out a program for the distribution of immigrants, all of whom should be required to pass a physical and mental test before being allowed to land.

Dr. Owens Adair, author of the marriage bill to be voted on in June, spoke briefly on the merits of that measure. The president, A. C. Newell, announced that the meeting next Saturday would be held jointly with the Progressive Woman's league when a program suitable to luncheon week would be given. On Monday, May 9, the league will give a special luncheon for Dr. Graham Taylor of the Chicago Commons.

### 30 Are Found Guilty Of Express Thefts

Macon, Ga., April 9.—(U. P.)—Thirty-six of 45 men on trial in federal court here for alleged theft of approximately \$1,000,000 worth of goods from the American Railway Express company were found guilty late today. The men will be sentenced April 20.

### RESIDENTS SPEND DAY BEAUTIFYING SCHOOL GROUNDS

Men and Women Unused to Hoe and Rake Plant Shrubs on Pretty Lawn of Riverside District.

About 50 residents of the Riverside school district, near Riviera, turned a hand Saturday to the cleaning up of the school yard, the planting of about 500 shrubs and the general beautifying of the grounds. Stopping only long enough to go home for their lunches, prosperous men and women, quite unused to spades and hoes, worked from morning until evening.

Riverside patrons are proud of their school building, which was built last fall and which is of the most modern type with extremely well lighted rooms, an auditorium, kitchen for domestic science work, a covered playground for rainy weather and all the other features of an up to date school structure.

Workers Saturday planted shrubs along the border of the lawn, the walks and around the building. They cleaned up the baseball grounds and made a big bonfire of the rubbish. Following the splurge of community spirit, the grounds looked as nifty as a new spring bonnet.

Amedeo M. Smith and Mrs. A. C. Emmmons directed the workers. Among the toilers were: Thornton Ladd, James Boyd, Arthur Farrell, P. Henningson, Mrs. Elliott Corbett, Harold Smith, Hali Look, R. H. Poppleton, Elmer Connell, Elliott Corbett. Members of the board are: C. E. Holzer, Amedeo M. Smith and Mrs. Elliott Corbett. Thornton Ladd is clerk of the district. Mrs. Emmmons, who was one of the directors of "Clean-up day," is chairman of the rural committee of the School Art league.

All the plants and shrubs were contributed by school patrons. In the Riverside school are 67 pupils. Miss Frances Greenburg is principal. Two assistants are Miss Margaret Weeks and Miss Eva Campbell. A fourth teacher will be employed next fall.

### Expansion and New Personnel Announced By Construction Co.

The Gilpin Construction company has recently taken over the equipment and offices of the Portland Bridge & Building company and of Robert Wakefield, Ltd. and has appointed C. N. McDonald and H. W. Young as resident managers, according to announcement by J. F. Gilpin, vice president.

Melbonald has been associated with Robert Wakefield and the Portland Bridge & Building company for many years and Young, who is a Wakefield, once and Colonel George S. Young, U. S. A., has been a consulting engineer for the Union Pacific system for the past eight years, except for his service overseas with the army engineers.

### Walla Walla Is Host To 400 Youngsters

Walla Walla, Wash., April 9.—More than 400 boys are taking part in the three days' Y. M. C. A. boys conference of Southwestern Washington here. Nearly half are from towns in the outlying districts. The registration from the various towns represented follows: Kennewick 22, Pasco 23, Attalla 5, Prosser 8, Dayton 27, Watsburg 15, Touchet 6, Burbank 6, Benton City 12, Starbuck 5, Elsie 10, Pomeroy 8. The remainder are from Walla Walla. Among the men prominent in work among boys in the Northwest who are here is "Jim" Palmer, assistant secretary of the Portland Y. M. C. A.

### NEW ROTARY CLUB OFFICERS

### Nearly All Troubles In Universe Come to One Man in One Day

Troubles fell thick and fast on the head of J. B. Hopkins Saturday, until he began to think that "unlucky Friday" must have shifted over one day in the week. Four specific kinds of adversity assailed this man in the one day.

On his way to District Judge Hawkins' court he was arrested for driving 21 miles an hour across the Morrison bridge. In the district court he was fined \$100 for violating the prohibition law. His recently acquired stock of whiskey was confiscated.

Saturday afternoon he was served with a notice that his creditors had attached his mechanic's tools—fearing the results of the trial in the district court.

### Work Progresses on Dayton Lane Paving

McMinville, Or., April 9.—Good progress is being made on the paving of Dayton lane by Cummins & LaPoint, contractors. Material is rapidly being assembled and a half mile of completed concrete pavement has been laid. The work of paving is also progressing on the sector between Newberg and West Dayton Junction. Unpaved roads in bad condition are fast improving under volunteer weather and the attention the county court is giving them.

### Light, Gasoline Mix; Cars, Garage Burned

Bend, Or., April 9.—The breaking of an incandescent lamp, dropped in a can of gasoline, Friday night caused the burning of a wooden garage and three cars. Fast work on the part of the volunteer department saved two other cars and part of the building.

### NEW ROTARY HEADS TACKLE 1921 WORK

President Bale to Relate Club To Civic Affairs by Naming Cooperation Committee.

The Portland Rotary club has swung into the administration of this year with the following announcement by the newly elected president of Rotary, Andrew J. Bale, manager of the Pacific Coast Biscuit company:

"Rotary is based upon the idea of service as expressed in its motto, 'Ho profits most who serves best.' It will be the object of this administration to develop in individual members a true conception of this high ideal and to make it practical in its application to that Rotary, through its members, may make its contribution to the public good in our city."

One of President Bale's first appointments will be a public affairs committee intended to relate the club actively with civic affairs and to capitalize the energetic spirit of helpfulness engendered by the spirit of Rotary and the activities within the club.

Other newly elected officers are: J. Roy Ellison and George C. Mason, vice presidents; John A. Henry, treasurer, and R. A. Stewart, secretary. Walter L. Whiting has been unanimously chosen by the board of trustees as executive secretary. Newly elected trustees are: A. W. Barendick, A. M. Clark, J. W. Hill, R. J. Huntington and J. Fred Staver. Holdover trustees are: Andrew J. Bale, J. Roy Ellison, Otto H. Becker, George C. Mason, Robert Lincoln Sablin and Clarence A. DeFries.

### To Build New School

Marshfield, Or., April 9.—Taxpayers of Flagstaff district near Marshfield have decided to erect a new school house which will cost \$6000 and which will accommodate the increased number of pupils. The present school is inadequate.

The Kennewick-Richland Marketing union at Kennewick has gone into the hands of a receiver.
