

2 EVANGELICAL CHURCHES GIVEN NEW MINISTERS

Two United Evangelical churches in Portland received new pastors at the annual conference which closed Sunday at Unionv... Or., according to a report brought to Portland Wednesday by the Rev. E. C. Farnham. The Rev. J. A. Goode, who has served the maximum time limit of five years at First church, was given a year's leave of absence on account of his health. His place will be taken by the Rev. H. H. Farnham, who has served the time limit at the Oakley Green church. The Rev. A. R. Schmale was transferred from Eugene to Portland to fill the Oakley Green pulpit. The Rev. C. P. Gates was returned to the St. Johns church for a second year, and the Rev. E. C. Farnham to the Wichita church for a third year.

Reports of the clergymen showed an advance in all departments, making this the best conference session held in Oregon. Thirty-one young people consecrated themselves for life service work at the Sunday afternoon service. Two men were received into the ministry—the Rev. A. L. Lonsberry, who was assigned to Dallas, and the Rev. William Strange, who will be a supply pastor. The reports show an increase in conversions and finances, and also in membership, in spite of the large number of names of inactive members which were dropped.

Bishop M. T. Mass of LeMars, Iowa, presided. He will preach in the Portland churches on May 1. The 1922 session will be at Dallas. The assignments for the Oregon conference outside of Portland follow: Freiding elder, G. L. Lovell; Adna, W. E. Simpson; Clear Lake, G. E. Erskine; Dallas, A. L. Lonsberry; Dayton, F. E. Fisher; Eugene, A. W. Curry; Florence, K. H. Neff; Hillsboro, G. S. Munger; Kings Valley, H. Correll; Lewisville, V. A. Ballantyne; Waterloo, S. M. Wood; Mapleton, C. A. Hoyt; Rickreall, J. L. Burns; Salem, S. S. Murrey; Summit, R. J. Phelps; Warren, J. Bowersox.

Guard Companies Are to Get Back Former Members

Salem, Or., April 21.—Under orders received from the war department at Washington today, Adjutant General White announced that several of the Oregon Guard units would have reinstated the numbers in effect prior to the world war.

The Fifth Infantry, under the order, will be designated the 162d Infantry of the Eighty-second brigade of the Forty-first division. Battery A will become part of the 17th artillery, while the Medford and Portland companies will be recognized as a part of the 164th Infantry. The engineers, with headquarters in Portland, will become a part of the 116th engineer.

In another order the government called attention to the apparent lack of cooperation on the part of military officials with regard to displaying the American flag on armories during the interment of men who served in the world war. These flags, according to the order, shall be displayed at half-mast between the hours of 8 a. m. and 6 p. m. on the day of interment.

Home Label Event Of Pupils Assists Oregon Industries

One of the most ingenious and effective local campaigns for the promotion of Oregon industry came to a successful climax in Rose City Park school Wednesday afternoon.

Under the leadership of the Rose City Park Parent-Teacher association and acting upon an idea of Mrs. Vonnie Owings Webb, the president, the children had been engaged in a home industry label contest. Dealers in the vicinity reported as much as a 300-per cent increase in the demand for articles of home manufacture. A little girl in one of the rooms, whose father is principal of Frazer Detention school, brought 1500 labels from that institution, showing that its support of home industry is loyal. Although not required or asked to do so, much of the success of the effort is traced by Mrs. Webb to the voluntary cooperation of the teachers.

When labels on goods which do not compete with outside products were eliminated it was found the children had brought a total of 17,605 labels to the Rose City Park school. The three cash prizes of \$10, \$8 and \$5, offered by Associated Industries of Oregon, went respectively to the rooms of which Mrs. Howena A. Mills, Elizabeth Carruthers and Irene Carter are teachers.

Bond Certification Pleas Are Held Up

Salem, Or., April 21.—The irrigation and drainage commission has delayed certification of bonds of the Talent and Squaw creek district, each in the amount of \$25,000. The Talent bonds are required in connection with an agreement with the Jackson county court, whereby the road is to be changed so as to go around the Emigrant creek reservoir for the purchase of additional rights of way in the reservoir and for other purposes. The proceeds from \$15,000 Squaw creek bonds are required to meet outstanding indebtedness and the remaining \$10,000 is to be held for future permanent improvements. In both cases the commission requested additional information.

Whiskey Cheap in Seattle, Says Man Who Is Fined \$250

Vancouver, Wash., April 21.—Martin Foll, arrested Wednesday on the charge of violation of the prohibition law, was fined \$250 and costs and given a suspended sentence of 90 days. C. A. Wigen, in whose barn 60 quarts of Canadian bonded whiskey were found, was fined \$50 and costs. Mrs. Wigen, who was also arrested, was released. Foll said that he bought the liquor in Seattle for \$85 a case and was planning to sell it for \$150 a case. He said that in Seattle money would buy all the liquor a man wanted.

Thief Takes Auto Under Window Of Police Station

Seattle, April 21.—A thief stole a new automobile belonging to S. E. Sweeney, police report clerk, this morning. Sweeney, who had just bought the car, parked it along the curb below the windows of central station, and it was taken when he had started his duties of taking down reports of stolen automobiles. Two days ago a car owned by J. H. Ramsay, police wagon man, was stolen.

Veterans to Form State Department

Salem, Or., April 21.—Veterans of foreign wars from all parts of Oregon will meet in Salem Saturday, when preliminary action will be taken toward organization of a state department. The first regular department encampment will be held in Portland May 9 and 10. Delegates from the local camp, at a caucus Wednesday night, decided to support the candidacy of the Portland post for department commander, provided that post is solidly behind its candidate. Should the Portland delegation be divided, however, the Salem post may put a candidate in the field.

Lane Farmer Is Sued By Farm Loan Bank

Eugene, April 21.—The federal farm loan bank of Spokane has filed suit against T. C. DeVeney, a farmer living west of Eugene, for \$4699.97, the first case of its kind in Lane county. It is alleged that only part of the payments have been made on a loan of \$4500 made in November, 1918. The bank also asks for \$47.95 with which to pay back taxes for 1919 on the farm.

Test in Agriculture Is to Be Eliminated

Salem, Or., April 21.—J. A. Churchill, superintendent of public instruction, is sending out a letter to the county superintendents notifying them that in the May and June eighth grade examinations no examination will be given to pupils in the subject of agriculture. Churchill said that he is very much interested in the subject of agriculture, but that little is accomplished as it is now taught, since the majority of teachers teaching the subject have had no preparation to teach it.

Spokane Bakers Fix Strike for May 1

Spokane, April 21.—Spokane probably will be breadless May 1 if the bakers carry out their strike threats for the hours and wages as provided in the working contracts for the year, according to Glen Warren, president of the bakers' union. The bakers are determined not to accept \$1 a day reduction demanded by their employers. The union has raised a fund by assessment to care for the situation.

BIRTH OF MORE BABIES URGED BY D. A. R. MEMBER

(By United News) Washington, April 21.—There is a difference of opinion among the Daughters of the American Revolution who assembled in annual convention as to whether they are doing everything possible to perpetuate the stock of the sturdy fathers who established the independence of America. Mrs. A. E. Johnson of Pasadena, Cal., has raised the question by offering a resolution before the convention suggesting a D. A. R. decoration and special recognition for those daughters who bring four children into the world. The resolution, heading of which by Mrs. Johnson constituted perhaps the most striking feature of Wednesday's session, is as follows: "Whereas, We can do nothing to advance Americanization more surely and more thoroughly than by increasing the children of the hard pioneer race of Americans; and, "Whereas, No country offers better conditions for the progress of the human race than our fair land, with all its abundance and free institutions; therefore be it "Resolved, That it is our duty, as daughters of these men, to encourage by all the power and influence of our great society the perpetuation of their race, and let it be our privilege to take under our special care the fourth child who shall hereafter be born to a Daughter of the American Revolution. And let us decorate the daughter who shall give four children to America. And be it further "Resolved, That the president general appoint a committee to study the subject of conservation of our pioneer families."

After the applause had died away there was vast discussion of the project among the Daughters.

Wall Street Bomb Plot Suspect Mum Before Detectives

Scranton, Pa., April 21.—(U. P.)—Tito Ligti, 27, arrested on suspicion of complicity in the Wall street bomb plot, maintained grim silence today as detectives pried him with questions. His lawyer, John Memolo, today started a fight to free him. Memolo insisted that Ligti be arraigned before United States Commissioner Ellis on the charge of evading the draft—the technical charge on which he is being held. The arraignment was to take place today. Memolo declared the suspicion that Ligti had a hand in the Wall street bombing was ridiculous. He said his client was a hard working coal miner. Opportunity is fickle. Don't depend too much upon it.

A Case of Keeping at It

PERSISTENCY earns a big reward in business. It carries individual and institution over many rough spots in the road to success.

True savers and business builders go on—finding opportunity in conditions which to the less courageous would spell adversity.
