The Santa Alicia was one of the res cue vessels that responded to the calls of the burning Tokuyo Maru, She was bound for Seattle with a heavy cargo of copper one from South America. It was planned to lighter at least 1000

tons of her 3000 ton cargo preparatory to endeavoring to pull her into deep water. Emslie, Reports to her owners indicated that

breaking of her steering gear caused the Santa Alicia to run aground.

STEERING GEAR TROUBLE MAY HAVE GROUNDED SHIP

San Francisco, May 4. - (U. P.)-Trcuble with the steering gear caused the steamer Santa Alicia to run aground on Marrowstone Point early today, according to advices to the marine de partment of the San Francisco Chamber of Commerce.

Advices here gave the impression that the crew was in little danger.

The message said that lighters would be drawn alongside the vessel today and her cargo taken off, after which it was believed she could be floated. The Santa Alicia had aboard 3000 tons of ore for smelters.

Sinn Fein Attacks Spread to Scotland; Police Official Killed

Glasgow, Scotland, May 4 .- (I. N. S. -The most spectacular attack yet at-tempted by the Sinn Fein outside of Ireland occurred here today when a band of armed men ambushed a patrol wagon in Cathedral square and killed Police Inspector Johnstone,

The patrol wagon was carrying con victed Sinn Fein prisoners to prison. When the attack began the driver put on all speed and raced away, preventing delivery of the prisoners.
