

WOMAN, HIT BY TRUCK, IS DEAD

Mrs. S. O. Shirley, aged 62, whose skull was fractured Wednesday morning when she was hit by a milk truck, died Sunday morning at Good Samaritan hospital, where she has been lying unconscious since the accident. The truck was driven by Ben Tuffert. The accident occurred at East Seventeenth and Morrison streets. The coroner's inquest will be held today or Tuesday.

Twelve-year-old Bud Henry, 266 Knott street, was knocked from his bicycle Sunday afternoon at East Forty-seventh and Halsey streets by an automobile driven by S. S. Scheffer, 1964 Alameda drive. He was dragged about 60 feet by the machine and received cuts about the head and legs. He was taken to the emergency hospital.

Supplying of Water For Tourists Along Highway Is Planned

Salem, May 16.—The erection of tanks for the storage of water for the accommodation of campers and travelers along the Columbia river highway is contemplated by Thomas G. Keane of Portland, who has filed with the state engineer's office here an application for permission to appropriate the necessary water from the Sandy river.

Other applications for water rights have been filed as follows:

By the city of Ontario, covering the appropriation of water from a waste ditch at the Warm Springs irrigation district, for the irrigation of lawns and gardens within the city limits.

By E. G. McKern of Pendleton, covering the appropriation of water from Small creek and Badger creek for the irrigation of a small tract of land in Umatilla county.

By Mary Wolfe of Wallawa, covering the appropriation of water from unnamed springs and waste water for the irrigation of 65 acres of land in Wallawa county.

By Carl Taylor and Lynn Taylor of Hood River, covering the appropriation of water from an unnamed spring for the irrigation of a small tract of land in Hood River county.

By J. P. Houston of Roberts, covering the appropriation of water from Pringle Flat creek and the storage of 480 acre feet of such water to be used in the irrigation of lands in Crook county.

By S. P. Gilmore of Junction City, covering the appropriation of water from 480 acre feet of such water for the development of power in Lane county.

Hill Cadets Return From Fort Stevens On Government Boat

A group of eager relatives waited at the foot of Jefferson street Sunday for about two hours for their boys who came in on the government Eagle boat No. 35. The boys were the 140 cadets of the Hill Military academy who had been to Fort Stevens for the entire week. The trip home was made on the government boat. The cadets stood at attention on deck as the boat came in sight of the wharf. Although the rain came down in torrents just before the landing was reached the cadets were protected by an awning and the shower passed away before they reached home, happy but extremely hungry.

"I'm glad and thankful to get them all home in good condition; they've had a wonderful time, but a trip like that is a big responsibility," stated J. A. Hill, president of the school, who with Major Thomas E. Cathrow, U. S. A., was in charge of the expedition.

Hill spoke in high praise of the officers of the boat and of the officers and men at Fort Stevens. Time at the fort was fully occupied with study, drill, a two-mile hike each day, kitchen police duties and military maneuvering.

The encampment is an annual undertaking and is greatly enjoyed by the cadets. A good dinner was awaiting them and after the home trip "bed looked good," as one of the younger lads put it.

Growers Fix Rates For Berry Pickers At 35c Per Crate

Freewater, May 16.—The strawberry growers of the Sunnyside district have decided to pay 35 cents per crate for picking and 12½ cents per crate for packing. Packing will commence in about 10 days and now that the danger from frost is over there will be an immense crop.

A Ford car belonging to A. Lefor of Freewater was stolen from the barn at his ranch this week and no trace of it has been discovered as yet and on the same night two persons driving a Ford car stopped at the home of Fred McElrath of Sunnyside and going into the barn where he kept his Ford car, jacked up the car and took three tires. The sheriff of both Walla Walla and Umatilla counties are on the lookout for the offenders.

"It Pays to Own a Good Refrigerator"

It pays in food preservation, cleanliness and low ice consumption. The name "Bohn" is synonymous with GOOD refrigerators. No housewife who knows questions the superiority of

"Bohn" Refrigerators

Bohn refrigerators are made in three types—the famous "Bohn Syphon," the "Bohn Sanitor," the "Bohn Icyco," each representing the highest quality in its particular type.

"Sanitor"

The Bohn Sanitor is a splendid medium priced refrigerator on a par with most higher-priced nationally advertised refrigerators. It has a hardwood case, well finished, rounded corners—one-piece porcelain lined food compartments. Priced at \$55 to \$119.

"Bohn Syphon"

The "Bohn Syphon" is generally acknowledged as the queen of all refrigerators. Famous for the Bohn Syphon system of rapid circulation of pure, dry, cold air—exclusive Bohn insulation and seamless porcelain lining. Priced \$97.50 to \$300.

"Icyco"

A good well-built refrigerator at a low price. The case and insulation are the same as in the Sanitor. Baked-on one-piece white enamel lined food compartment with rust-proof shelves. Automatic trap. Very lowly priced \$34 to \$63.75.

"Iceland" Refrigerators Specially Priced

Iceland refrigerators—another good make—have solid oak cases, are extra well insulated and have white enamel lining. Tinned wire shelves. Specially priced as follows:

Top Icing Model				Front Icing Model WITH THREE DOORS			
No.	Capacity	Size	Was	No.	Capacity	Size	Was
1	25 lbs.	20x14x38	\$20.00	10	50 lbs.	30x17x42	\$38.50
2	35 lbs.	21x15x39	\$23.50	11	75 lbs.	32x18x44	\$45.00
3	50 lbs.	23x16x40	\$27.50	12	100 lbs.	34x19x46	\$52.50
4	60 lbs.	24x17x42	\$31.50	13	150 lbs.	38x21x50	\$62.50
5	75 lbs.	26x18x44	\$36.50
