

COUNTY LIBRARY NEED ADVOCATED; ASK WOMEN'S AID

Pendleton, June 1.—An appeal for the support of the women of the state belonging to the State Federation of Women's Clubs in organizing county libraries, was made at the convention this morning by Miss Cornelia Marvin, state librarian.

BUSINESS SESSION HELD

Besides Mrs. Marvin's address, a business session was held, including reports given by Mrs. Charles Hines, recording secretary; Mrs. K. H. Hartsock, corresponding secretary; Mrs. John E. Zanis, treasurer, and Mrs. L. E. Bean, auditor.

SONGS ARE FEATURED

Community singing, in which all took part, was led by Mrs. Nettie Greer Taylor of Portland, chairman of the state music committee.

TWO MILLION RAIL MEN CUT IN WAGES

100 per cent to unskilled laborers over the wages received prior to government control.

The decision, while returned on the specific dispute brought by the New York Central Railroad company et al against the Brotherhood of Railway and Steamship Clerks, involves 72 trunk systems and 91 subsidiary "short lines."

It also applies to 21 distinct unions, including the four great brotherhoods. The schedule of decreases for each set of employees was as follows:

FLLOATING EQUIPMENT
Tug and ferry captains, reduced to \$100 a month.
Tug and ferry engineers, reduced to \$120 a month.

TRAIL SERVICE
Conductors, baggage men, flagmen and

A Series of Human Interest Talks on Insurance
What is Legal Reserve Life Insurance?

I have been asked this question many times. Some think Legal Reserve life insurance is a gamble where you must die if you are to win.

When you buy a policy from Oregon Life you buy an interest in a group of mortgages and bonds on the installment plan.

Mortality tables scientifically foretell how many are going to die and how many are going to live.

This enables Oregon Life to know exactly how much each must pay in order to set aside the funds—invested in bonds and mortgages—to pay a given contract. These funds are protected by state laws and must be held in reserve to mature your policy.

Only by dealing with groups are we able to do this. We have always paid in full. Think it over and talk with

PRISONER ADMITS HE SOLE \$2000 FARM COUNTRYMEN

"My landlord's responsible for my stealing that \$2000," Herman Gausch lamented in a cell of the county jail this morning.

"I had a good location for my soft drink shop, but the landlord raised my rent so high I had to move to 108 North Sixth street. Business was poor there and when I wanted some new kegs of cider or glass containers I had to take my friend's money. It just slipped away, \$50 at a time, and then I found I couldn't pay it back."

Gausch has been acting as a banker for several foreigners, most of whom dis-trusted American banks and preferred to keep their money under their pillows, all with some friend from the old country who is in business here.

Within the last four years Gausch has been banker for a dozen of these men. They gave him the money in the fall when they were "flush" and drew it out little at a time in the winter and spring.

This month Gausch's friends grew suspicious. On May 17, while headed for the bank with one of these friends, Gausch excused himself to mail a letter and wasn't seen again until Tuesday evening, when he was picked up in Morrison street restaurant by detectives and turned over to the constable's office. He talked freely in jail.

Gausch's home is at 1025 East Twenty-second north. He has a wife and two children, a boy and a girl. He has been in this country 10 years.

LOSS OF POTENTIAL WAR PROFIT IS CAUSE OF SUIT
By figuring \$29.32 profit on veneer sold at \$60 a thousand board feet during the period of inflation following the war, the Raymond Veneer company of Raymond, Wash., considers that it was damaged to the extent of \$50,000 when Dant & Russell, Inc., of Portland, failed to take the 225 carloads of fir, spruce and hemlock rotary cut veneer that had been contracted for.

Suit to recover this sum and an additional \$4518 alleged to be due on goods delivered was filed in circuit court Tuesday afternoon.

The contract was entered into February 24, 1920, according to the complaint. It is charged that 153 carloads of veneer were shipped and that payment was not made on the last four cars.

\$5000 Damages Asked
Negligence and excessive speed on the part of George H. Hollister and E. E. Weller are charged by H. A. Proctor, who filed suit in circuit court for \$5000 damages as a result of injuries received when an automobile carrying the defendants struck his motorcycle, April 2, at Washington and Eighteenth streets.

Hynd Estate \$100,000
Robert Forbes Hynd, who died in Portland May 28, left an estate of about \$100,000, of which \$85,000 was in personal property, including the right of petition for letters of administration, filed in probate today by Agnes Hynd, the widow. Other heirs besides the widow are the children: Robert, William and Elizabeth.

Workman Lures Wife Finger
Several fingers were cut from the right hand of William Ballagie, 37, while he was at work at the Northwest Box company Tuesday. He was taken to the Good Samaritan hospital.

HIGHER WATER IN SNAKE RIVER IS EXPECTED
(Continued From Page One)
reported were: Umatilla \$4, Klamath \$4, Malheur \$6, Spokane \$4 and Kallispell \$8.

In the Snake river district the temperatures were lower. Boies reported 54 degrees at Pocatello 84. The weather bureau was expecting slightly cooler weather along the upper Columbia and warmer weather in the Snake river territory.

Records of the flood of 1876, which ranks second to the great flood of 1894, show that the Columbia river fell three times here and finally reached its crest of over 28 feet.

MARK WILL BE HIGH
William E. Morris, engineer employed in the district engineer's office, does not believe that a flood as high as that of 1894 is possible under present conditions, but he does believe higher water is still coming.

"Notwithstanding the fact that the Columbia and the Snake rivers have been falling at points above their junction, the rainfall at Cascade Locks and the discharge of the Columbia river up to May 15 lead me to believe that the river will be higher this summer than it has been at any time since 1894," he said.

DAMAGE IS HEAVY
Damage estimated to be well above \$50,000 has been done by the flood waters which engulfed about 2000 acres of the famous Sun Dial ranch following the breaking of the right angle dike extending from Fairview to the Columbia river Sunday evening.

Conditions are better today, according to reports received from the ranch. A great stream of water was still pouring through the dike, but the water is now clear sewage, the oily water having been stopped by gravel fill work.

The famous ranch was a scene of desolation today. Water stood 15 feet deep at some places. On high places within the inundated area cattle were huddled together without food. Bits of farm equipment and straw stacks are floating on the surface.

CATTLE ENDANGERED
Estimates had been made that the damage would amount to well over \$100,000, but it is believed that not more than 1000 acres of the land now under water would amount to an average of \$50.

All the cattle have been accounted for, according to ranch employees. The herds are safe on high ground and efforts were being made this morning to make them swim off to high ground. It is an experiment proves impracticable as cows will be pressed into service to ferry the animals to pasture.

Crumbling of the right angle dike has been stopped by a dredge and 50 men who have been laboring night and day since the dike broke Sunday. The parallel dike along the Columbia river is believed to be secure from flood danger.

Festival Dress Is Donned by 3 Blocks Along Sixth Street

Three blocks of Sixth street appeared in gala attire this morning ready for the 1931 Rose Festival. Five pieces of decorations consisting of the Rose Festival official banner, burgees of red, white and blue and American flags are strung from the buildings between Yamhill and Washington streets.

Street decorations will be placed in 74 blocks of the downtown district. The contract with the American Decorating company, a Portland firm, calls for all flags to be in place on the morning of Tuesday, June 7.

Park and West Park streets have been decorated with festoons of electric lights. This starts at Morrison street and continues south to the Festival Center at Salmon street. Other electrical displays will be strung on Third street from Yamhill street to the Auditorium, the scene of the Rose Show.

In the Festival Center work is being carried on by the park bureau in preparation for riot duty. The soldiers will join the three Tulsa companies of militia who are trying to gain control of the situation there. Colonel E. H. Markham of the Second Oklahoma infantry is with the adjutant general.

J. T. Daves to Speak
J. T. Daves, national educator and industrial expert, will address the members' forum of the Chamber of Commerce Monday on "Industrial Leadership and the Foreman." The system advocated by Daves has been given a try-out in San Francisco with marked success, according to advice received from the Chamber of Commerce of that city.

75 ARE KILLED IN TULSA RACE RIOT
(Continued From Page One)
prevent any attempt at collecting either the dead or wounded.

JAILS FULL
The city fire department, which responded when the first fire broke out, was said to have been driven away by mobs of whites.

The rioters at the moment of writing are assisting soldiers and deputy sheriffs in an effort to save the white residential district.

All blacks are being arrested. Soldiers and deputy sheriffs are searching all homes of blacks not yet destroyed by the flames. The jails and a large convention hall, used as a temporary prison, are crowded to the doors.

RUSH NEGRO STRONGHOLD
The overflow is being held at the Tulsa baseball park. A cordon of armed guardsmen are patrolling the park.

The general fighting has died out, occasionally a sporadic outbreak occurs in scattered sections of the city.

The main fighting, centered on the negro district, ended when guardsmen "went over the top" at 9 o'clock. They rushed a black stronghold where 200 negroes were entrenched. The 200 surrendered without casualties to the troops. Airplanes were sent aloft this afternoon to investigate persistent reports to the effect that 300 armed negroes of Muskogee are marching toward Tulsa.

But She's a Woman, And Can She Keep That AWFUL Secret?
A gray haired old lady—somebody's mother—clipped into the office of Miss Lida O'Bryon, deputy district attorney at the courthouse this morning and whispered:

"Hush! May we have the doors closed?"
Miss O'Bryon closed the door and settled down to listen in the quiet tale of abuse by a heartless husband.

"Would it be all right for me to ask a man for hush money?" the old lady asked. "I'd prefer not to tell you what it's about because you might get the money."

"I don't believe you'd better do it!" Miss O'Bryon whispered in reply. "You might get in trouble if you did."

"Very well," the woman answered, and tiptoed out the door.

Ask your grocer for ALPINE OREGON MILK

Here's a fine western milk for the wise western girl who takes care of her family's health with nourishing meals and delicious milk dishes. She chooses Alpine, the Every Day Milk, of course—because it's twice as rich as the finest bottled milk, and always pure and handy in its bright tins.

RAIL UNIONS TO MEET AND DECIDE ON RAIL REDUCTION

Washington, June 1.—(I. N. S.)—A great meeting of the representatives of all the unions affected by the wage reduction decision of the railway labor board, to be held in Chicago Tuesday and Wednesday, will give their answer to the \$400,000,000 wage cut and work will be decided there.

Ballots are being prepared and will be sent out immediately to the 500,000 members of the six organizations of the railroads. They are to determine whether they are willing to accept the wage reductions ordered by the labor board, or to fight any other defensive action agreed upon.

Congressman Huddleston of Alabama will address a mass meeting called by all railroad workers in the vicinity for June 5 to protest against wage cuts and to organize a defensive alliance.

RAILROAD EXECUTIVES ARE DISAPPOINTED AT DECISION
Chicago, June 1.—(U. P.)—Railroad executives here today declared they were disappointed in the decision of the railroad labor board cutting the wages of all classes of railroad employees 12 per cent and slashing \$400,000,000 from railroad payrolls annually.

"We had hoped that the decision would wipe out in its entirety the \$400,000,000 increase of last year," said President H. B. Bryman of the Chicago, Milwaukee & St. Paul road. "We will have to find out how much this decrease will reduce our operating costs before attempting to predict anything about rate decreases to follow this wage cut. This is a step in the right direction, however, and will help business and unemployment on the railroads."

Rose Festival Will Excel in Features, Declares Speaker
The Rose Festival of 1931, next Wednesday, Thursday and Friday, will contain more distinctive and attractive features than any other festival in Portland history, declared speakers at the festival at the Ad club in the Benson hotel, this afternoon.

W. J. Plepenbrink presented for the first time the program of the queen, the festival center, voice amplifier, regatta and floral parade. Musical features of the club's program included a solo by Harry Wheat and a vocal quartet presented by Percy Campbell, director of the American band. The speakers were O. W. Mielke, president of the festival association; Henry W. Kent; C. P. Koyser; H. H. Hooper; V. W. Yager; Otto Hartwig; Barge E. Leonard and O. B. Huston, the latter appearing in behalf of the soldiers' bonus bill.

Movie Camera Will Catch Salmon Going Over Top at Falls
The Vitagraph Motion Picture company is planning to photograph scenes along the Columbia river, in which the famous runs of salmon will be featured, according to advice received by the Chamber of Commerce from the Los Angeles headquarters of the company.

The letter requests full information about the time of the salmon runs, operation of fish ladders and fish wheels and where scenes of salmon and nature waterfalls may be obtained. Carl D. Shoemaker, secretary of the commercial fish commission, has told the chamber that he will cooperate fully with the company in arranging for such scenes.

State's Witness Is Accused of Perjury In Murder Hearing
Montesano, Wash., June 1.—A charge of perjury was made Tuesday against Pote Kostoff, when the state had counted on as a star witness in the prosecution of Adam Sirhoff and Harry Karas-

gin, charged with the murder of Las Koleski. Aberdeen policeman charge followed retrial of a previous statement on the murder trial.

Kostoff asserted he had been by the sheriff and state's attorney three days before giving the state and had been promised his release \$1 a day for the time he spent in jail. The defense asked that Karasgin be stricken and that Kostoff be retried.

100 NATIONAL GUARDSMEN LEAVE FOR SCENE OF RIOT
Oklahoma City, Okla., June 1.—(I. N. S.)—Adjutant General C. P. Barrett and 100 national guardsmen left here early today on a special train for Tulsa, equipped for riot duty. The soldiers will join the three Tulsa companies of militia who are trying to gain control of the situation there. Colonel E. H. Markham of the Second Oklahoma infantry is with the adjutant general.
