CHARGE READ TO MRS. AGEE IN COURTROOM

Crowd So Dense That Way Had to Be Cleared by Bailiffs for Woman Accused of Cutting Husband's Throat as He Slept.

With the courtroom jammed to the doors with morbid and curious people, Mrs. Ann Louise Agee appeared before Presiding Circuit Judge Kavanaugh at 2 o'clock this afternoon to hear formally the charge that she had murdered her husband, Harry Agee, in the early morning of July 11 by slashing his throat with a razor.

So dense was the courtroom throng that bailiffs had to clear a way for Mrs. Agee when she was led in to hear the reading of the indictment. She was given a place with James T. Anderson, who is charged with killing his aged wife with an ax, on one side, and her father, J. D. Swing, on the other.

DRESSED IN BLACK Mrs. Agee was dressed in black, a heavy black veil obscuring her face, which no one could get a glimpse of despite the craning of necks and the shifting of position.

When Deputy District Attorney Joseph Hammesley read the document to her, she made perfunctory answers in a clear, steady voice, identifying herself as the person named in the indictment and stating that John Collier, who accompanied her, was her attorney.

With this procedure over with, bailiffs cleared another passage-way and she was led back to her cell in the county jail.

INSANITY HEARING SLATED Anderson, the other murder defendant in the courtroom at the same time, was to have been arraigned, but on motion of his court-in-law, Hugh Krum, discussion will first be had on a preliminary insanity hearing.

Harding Must Send Regrets To Jack and Geo.

By Ring Lardner Great Neck, N. Y., Monday, June 21.—Before visiting the training camps of the 2 fighters and writing my reports of what I see, it might be well to exclaim where and when the big event is going to be held and other statistics in regards to same so as my readers will know which fight it is that I am writing about, as up to date they seem to be of a kind of a secret pack amongst the newspapers to treat this affair as they done the Stillman case and give it just a bare mention.

Well then the date is July 2 and the place is Jersey City. The 2 main principals is Jack Dempsey and Georges Carpentier and they will split \$500,000 as a reward for their efforts, which I want to say here that no 2 men ever so rich deserve so much a plum unless it was the Smith Brothers fight. It will be remembered however that more than 1/2 of Jack's \$200,000 and a similar morsel of the Frenchman's \$200,000 will be cheerlessly turned over to their resp government in taxes so that Jack won't only get more than \$150,000 while Geo's will have a little under \$100,000 to spend if he lives.

PRESIDENT CAN'T GO It might be mentioned at this pt. that while the U. S. treasury will make something around \$200,000 to \$300,000 out of the fight, still it would be considered kind of low down for the president to attend an event in which 2 strong men is trying to knock each other for a goul, so Mr. Harding will be obliged to send regrets though there are occasions when he presents himself in person at our congress which many people think is a great deal more brutal.

AGREE JUST LIKE STOKES The battle will be staged in a specially built arena which the estimated cost of same was \$100,000, but the estimated cost of the fight is said to be \$1,000,000. Mr. and Mrs. Stokes.

Prices of seats range from \$50 to \$5 and the man that buys a \$5 seat may be located in the crowd. The trip to Jersey will be the former is libel to be located in the crowd. The trip to Jersey will be the former is libel to be located in the crowd.

MINE VESSELS POLICE KILL. WASH LIKE GAGGLE AT LINTON SEA PHANTOM

Strange Disappearance of Ships Off U. S. Coast in Calm Seas Startles Government; Note Bares Capture by Ocean Raider

WASHINGTON, June 21.—A deep sea mystery, offering speculation as wide as the widest sweep of the imagination, today surrounds the fate of the nine ships which have recently disappeared.

What parts in the whole world's seven seas holds these missing vessels is an enigma which has navy officials at the Atlantic and marine authorities in the Atlantic completely puzzled.

At that point the attention of the hold-up leader was distracted by Atkinson and Shaffer, who were following Burdick. As the gangster turned from Burdick, the policeman said in abusive language that he didn't care whom he was holding up.

As the posse was walking over a small footbridge near the oil dock about 10 o'clock, the members were met with the command to hold up the hands. Burdick was leading the posse and after raising one hand in the air he informed the hold-up men that they were stopping policemen.
