## A DAINTY PICTURE IN WHITE SATIN

ARJORIE DAW, whose latest role as "Love" in an allegorical play, seems, by this evidence to have reached its climax, is, after all, merely posing her girlish beauty and simplicity in the latest mode in gowns for the June bride. Both brides and gowns are said to be more beautiful this season than ever.

The Shuberts, many of whose shows are due in Portland next season, have done a wonderful thing in their New York houses-so wonderful that it may yet appeal to local managers. They have adopted a policy of starting their shows promptly at the hour advertised. That is to say, when they advertise a performance to start at 8:20 p. m., they start it at that time rather than at \$:45 or 9 o'clock. They have found the plan highly satisfactory and are proud of the public response. Locally, opening night offenses against time are most serious, the curtain more than once having been delayed half an hour.

### Fay Bainter Brings 'East Is West' Here For Coming Season

Fay Bainter has gone to Los Angeles and is not going to appear in a moving picture production. The young actress has just concluded her long engagement in Chicago as Ming Toy in "East Is West," and journeyed to the film city for a vacation with her mother, who resides there. In this relation it is interesting to note that Miss Bainter was orn and made her first stage appearances in Los Angeles, yet she has never appeared in a motion picture. That fact, too, is unusual.

When Miss Bainter closed her season she had played Ming Toy 919 times. For two consecutive years "East Is West" was at the Astor theatre in New York, Last season was divided between Boston, Philadelphia and Chicago. For iam Harris Jr. ter on a tour which will include the principal cities of the country, including the Pacific coast. It is safe to promise, then, that local playgoers will have an opportunity to see this former Portland ated. It will be the first of a series of important productions directed by Harris to play here, including John Drinkwater's "Abraham Lincoln" and Hol-brook Blinn in "The Bad Man." The promise that Miss Bainter is to play 'East Is West" here in the coming season is of wide interest because she is another of that galaxy of stars who "started" here, practically speaking.
