board, which he should not in good conscience be permitted to retain. INSURED BY SCABBING Prior to and in 1918 the then board of school trustees were looking for a site for a new school building...

CONTRACT MADE There is evidence tending to show that he became enthusiastic regarding it, and prior to his departure for Europe advised some of the trustees to secure the same. Accordingly, on June 23, 1908, the board entered into a contract with Streeter & Morgan for the purchase of the hundred-acre tract of the 1914-acre tract...

TRACT TAKEN OVER The defendant then organized, together with E. E. Morgan, the Walnut Grove company, which took over the entire tract of 1015 acres, paying therefor the sum of \$40,000. It then sold and conveyed to the plaintiff the said hundred-acre tract for the sum of \$25,000. It is contended by plaintiff that the defendant withheld the fact that he had no personal interest in the sale of this land to the board...

FOLLOWS ADVICE The board of trustees followed the advice and wishes of Bishop Scadding in the sale of the property, being the head of the church and more interested than anyone else in carrying out the purpose of the gift...

ON MARCH 20, 1918, the present board of trustees adopted the following resolution: Resolved, That this committee recommend to the bishop of the diocese that he submit the conclusions of counsel to Dr. Morrison for his consideration...

FROM THIS resolution it is apparent that Bishop Sumner was made the sole judge as to what reparation should be demanded of defendant in order to prevent the institution of legal proceedings against him. At the time this property was acquired, Bishop Scadding was more than pleased with it, and was desirous to secure the same. It seems to be a difference of opinion between Bishop Sumner and Bishop Scadding as to the desirability and value of the land to the school purposes...

BISHOP SCADDING had voiced the opinion that the property was worth \$25,000. Bishop Sumner did not think that the property is worth what was paid for it, and the present board of trustees is of the same opinion. The board of trustees in 1908 and 1917 deferred to the wishes of the bishop, as head of the church, and a court of equity should not lend its aid by decreasing that the judgment and wishes of Bishop Sumner are superior to those of Bishop Scadding...

CITY WILL HELP BERRY GROWERS MARKET BIG CROP

The city council and Market Master Eastman are to cooperate with the berry growers in territory adjacent to Portland for putting crops on the local market without the aid of the middleman. The purpose is to aid the berry growers in saving their crops and encouraging housewives to do extensive canning while sugar is at a low price and berries are plentiful.

COOPERATION PROMISED The matter was brought before the council this morning by the agricultural committee of the Chamber of Commerce and E. E. Toul of the Grubbs Cooperative Berry Growers' association. The spokesman for the chamber committee was Judge George E. Stapleton.

MEMBERS OF THE council assured the committee of their desire to aid in the plan, but declared they would require positive assurance that a berry supply would be available to guard against such a fiasco as was created in connection with the Hubbard strawberry growers' proposed marketing.

PRICES FIXED Assurance was given by Toul that the association would supply all the berries that could be used. Later, in conference with Market Master Eastman, the following schedule of prices was agreed upon: Raspberries, \$1.25 a crate; black caps, \$1.50; loganberries, \$1.10, and blackberries, \$1.10.

DRIVER WHOSE AUTO RAN DOWN 3 PERSONS IS STILL AT LARGE

Traffic patrolmen and city detectives have been unable to find any trace of the unidentified driver of an automobile which ran down three pedestrians Thursday night at 11 o'clock on Eighty-second street near Seventy-third avenue. The victims were thrown to the ground and momentarily stunned. No one got a description of the driver or the number of the automobile.

MISS ILLA GEE, 17 years old, suffered severe shock and had cuts and bruises. She was first treated at the emergency hospital and later removed to the home of her sister, Mrs. O. J. Colver, 8654 Sixty-third avenue, who was herself badly bruised. Philip Drake, 21, 6024 Eighty-ninth street, was cut about the back, legs and head.

MAN HURT IN AUTO WRECK RECOVERING

Nurses at St. Vincent's hospital reported this morning that Gustave A. Trost Jr. of San Francisco, who was badly injured Thursday afternoon when an automobile he was driving ran over an embankment near Scappoose on the lower Columbia highway, killing one passenger, was improving slowly and had a good chance to recover. Trost was crushed about the chest and has internal injuries. An operation performed Thursday night was successful, nurses stated.

MRS. GUSTAVE A. TROST Sr., his mother, is also at St. Vincent's with slight lacerations and bruises. She was much better this morning. The body of Mrs. Clara Krenn-Trost, 30 years old, wife of Carl Trost, and a sister-in-law of the injured man, will be taken to San Francisco, it was announced.

MRS. CLARA TROST was fatally injured when the automobile skidded over the embankment pinning the five occupants to the ground. She was placed in a passing truck and rushed to Portland but died before she reached a hospital. Dr. Earl Smith, county coroner, announced that the coroner of Columbia county, where the accident occurred, said no inquest would be held, since there appears to be no criminal negligence entering into the accident.

TWO OTHER brothers, Carl, the husband of the woman who was killed, and Arthur Trost escaped without injury. The party of five were motoring from British Columbia to California. Gustave A. Trost Jr. is the manager of Fleischhacker & Co., a paper box manufacturing firm.

LIME SHIPMENTS TO BE MADE AVAILABLE Oregon is again prepared to supply its agricultural interests with lime, according to a message received this morning by the department of domestic commerce of the Chamber of Commerce from A. B. Conley, secretary of the Oregon state lime board. Conley says that the board's plant at Gold Hill is again in operation and that lime is now available for immediate shipment.

WORN THE WORLD OVER Seven men met in the smoking saloon of a transatlantic liner. And they were all of different nationalities: French, English, South American, Spanish, Chinese, etc. The American was one of them, too, the center of the group. Feet were curled up, everybody at ease. And the American smiled as his quick eye took in a significant fact. "I see you are wearing the Boston Garter."

BOBBY EVANS OF THE BOXING COMMISSION ACCUSED OF LARCENY

Bobby Evans, matchmaker for the Portland boxing commission, and Bert Hughes, formerly of some local note as a boxer, were arrested this afternoon on complaint of Mrs. C. C. Culp of 130 Hoyt street, on charges of larceny. Federal authorities have been notified also to investigate reported fraudulent use of the mails.

MRS. CULP alleged that she had pawned a valuable diamond ring in Seattle. Some one stole the pawn ticket, she said, and when she undertook to redeem the ring, the pawnbroker told her it had already been redeemed by G. T. Cummings. Cummings lives at the same boarding house as does Mrs. Culp. Police questioned Cummings and found him innocent, but also discovered clues that led to the arrest of Evans and Hughes.

POLICE SAID that Hughes had confessed to stealing the ticket and turning it over to Evans, who, according to the charges, forged Cummings' name to a letter and sent for the ring. It is also alleged that he signed Cummings' name to the registered letter receipt when the ring was received from Seattle.
