

### SESSION CLOSES; MILLION IN ROAD CONTRACTS LET

The state highway commission closed a three-day session Thursday afternoon. The next regular meeting of the commission will be July 28. During its session the commission let contracts aggregating one million dollars and sold bonds to the amount of \$1,500,000.

From a contracting standpoint this was probably the last important action of the commission this year. The high rate of interest demanded for money and the large amount of unfinished work under contract, taxing both the capacity of the highway department and contractors, are two causes which will contribute to this end.

The cost of the unfinished work under contract is estimated at approximately \$8,000,000.

**BRIDGE CONTRACT LET**  
Among the contracts let at the last meeting the chief one was the construction of a steel and concrete bridge across the Willamette river at Oregon City to take the place of the present suspension bridge. To the cost of the bridge Clackamas county and the municipalities of Oregon City and West Linn will contribute. The contract for the bridge was awarded to A. Guthrie & Co. on July 28. The bid was slightly under the estimate of the engineer.

The commission decided to cooperate with Crook county in applying a gravel surface to the Crooked river road between Prineville and the mouth of Bear creek on sections where needed to protect the grade. The surface to be 8 feet in width and the expenditure is to be limited to \$12,000.

**TO ASK FOR BIDS**  
Bids will be called for at the next meeting for the grading and graveling of the short stretch in Wheeler county between Fossil and Cummins hill. The grading and macadamizing of the Butte creek service creek section of the John Day highway in Wheeler county and the surfacing of the new grade in Grant county to Dayville will be taken up later.

In the location of the John Day highway east of Dayville the commission adopted what is known locally as the middle route. East of Prairie the Union route was selected.

The attorney general will be asked by the commission to take action against parties encroaching on the right-of-way with wood piles and logs and other articles, in the matter of mail boxes on the road side the attorney was instructed to take the matter up with the postal authorities with a view of obtaining uniformity of location from the roadway.

The next regular meeting of the commission will be July 28.

### Roy Gardner, Bandit, Asks for Operation To Make Him Good

Thomas, Wash., July 1.—"I want to be operated on and read the life God intended me to lead."

So spoke Roy Gardner, train robber, beginning a 60-year term at McNeill's island government penitentiary, where he was confined less than a month ago after two sensational escapes.

"Mother" MacCall, woman agent of the department of justice at Washington, D. C., notebook poised in hand for his life story, was listening.

Gardner is a wonderful specimen of manhood," said MacCall. "His tendency to crime is thought to be caused by a deflection of the skull, and it is possible that surgical care may eliminate it."

### 125 Permits Issued For Use of Water In Oregon Streams

Salem, July 1.—One hundred and twenty-five permits to appropriate water from Oregon streams and six permits for the storage of water were issued during April, May and June by State Engineer Cupper.

These permits contemplate the irrigation of 373 acres of land, the construction of 146 miles of canal lines, the development of 75 horsepower and the appropriation of water for mining, domestic, municipal and other purposes at an estimated cost of \$692,156. Reservoirs approved by the state engineer during the three months are expected to store 1068 acre feet of water, the estimated construction cost amounting to \$12,325.

### Mill Starts Second Labor Shift

Bend, July 1.—The Brooks-Scanlon Lumber company started Thursday night a second shift in the mill, adding 100 men to the payroll. Wages are reduced to \$8 minimum, the L. L. figure. More than enough men to fill the crew in the mill and the additional camp have been idle.
