AUTOMOBILES—FOR SALE 800

ELIMINATE THE RISK

Immediately following your decision as to what car to buy you are faced with the greater problem of where to buy it.

Because of the very nature of the article to be purchased, there arises a string presentiment of fear. Fear that you may not know the actual condition of the car in question. Fear that not being thoroughly posted you are in many ways taking considerable risk. Such fears are absolutely unfounded and you can entirely eliminate the risk, providing you will but select the type of car you wish from our complete and extensive stock of excellent rebuilt and refinished cars. Each car is guaranteed to be exactly as represented.

Priced at or below the market and sold on very reasonable terms. We are primarily in the new car business and look to these sales for our profit. Our used car business is but an aid to new car volume and we give the greatest value possible so as to stimulate this turnover.
