Any time is Sandwich Time

Sandwiches-

The housewife who masters the art of the sandwich has the key to good health and good appetite for her family. For the children's lunch-box, sandwiches. For the unexpected guest, the Sunday night spread, the after-theater bite—again sandwiches! For nourishment, enjoyment and convenience, at any time and all times, sandwiches!

> Here is sandwich-wisdom for the woman who wants a short-cut to perfect sandwiches:

1-Use very sharp knife, cutting thin, even slices.

2-Match slices, to make neat sandwiches. 3-For hearty sandwiches leave crusts on and butter to the edge.

4-It is more economical to beat butter to cream and spread Bread before cutting slice from loaf, 5-Cooky-cutters may be used for cutting round or fancy shapes. These should be spread after they

are shaped. 6-Avoid bulky fillings in making dainty smooth

7-Sandwiches made several hours before serving time may be kept moist by wrapping in napkin wrung dry out of hot water. Sandwiches for picnics and luncheons to be carried should be neatly wrapped

in paraffine paper. Watch for our delicious recipes. Here's the first:

YUM YUM SANDWICHES Make filling of one cream cheese, or an equal quantity of cottage cheese; two cups of minced ham and one small bunch of watercress and cream them in ham. If desired, add mayonnaise or French dressing to this filling. Spread between thin unbuttered slices of white, rye, or whole wheat Bread.

The more particular you are about your sandwich Bread, the better you will like

Butternut Bread

-the tasty loaf that always assures you fullest Bread enjoyment. Ask your grocer.

U. S. BAKERY

PRECIOUS, lovable, but a liability. Worth millions of dollars to you, but absolutely dependent on you. This condition will last for years, until, developed by the training you give him, he becomes an asset, to you, to his community and to himself.

You can hasten this day by opening a Mercantile savings account for him, now ... by teaching him thrift from the time he knows a penny by sight ... and later ... by encouraging him to deposit his money in our savings department, at compound interest. Weekly deposits of \$2 will amount to \$1073.44 when he is 10.
