NOT EVEN HIS WIFE Now, Brumfield is to be permitted to see no one-not even his wife, if the

sheriff carries out his latest dictum. District Attorney George Neuner disavows responsibility for the new order. LOSES TOBACCO HABIT Dr. Brumfield has discovered a sure

cure for the tobacco habit. He explained it Wednesday night when in the course of an interview he declared that he had entirely lost his

taste for tobacco since he disappeared from Roseburg July 13, leaving the mutilated body of Dennis Russell beneath his automobile.

"I simply haven't had any desire to smoke since I recovered from my lapse of memory," said the dentist. It was suggested that, probably, h had mislaid his taste for tobacco along with his remembrance of the events

surrounding the murder of Russell. **QUITS CHECKERS FOR CARDS** The dentist had abandoned checker today, and was initiating his companions

Was a dictagraph used to record the conversation of Dr. Richard M. Brumfield with his wife while the oRseburg gentist was being held in his "state suite" on the upper floor of the county jail?

In spite of specific and apparently candid denials by District Attorney George Neuner that such a ruse was employed the rumor persists that the state authorities are in possession of all that Brumfield said during the early

days of his incarceration. The general belief is based largely on the fact that, in previous criminal cases, District Attorney Neuner has invariably sprung some unexpected move on the lefense at the last moment. SOMETHING UP HIS SLEEVE

SOMETHING UP HIS SLEEVE "George has something up his sleeve," is the way local rumor puts it. And, from the same source, that something is a dictagraph. But Neuner says "no."
