

M'NARY EXPLAINS HIS ATTITUDE ON RECLAMATION LOAN

Washington, Aug. 25.—(WASHINGTON BUREAU OF THE JOURNAL)—The senate committee on reclamation expects within two weeks to have a bill ready for consideration of the secretary of the interior and the farm loan board whereby loans may be made through the farm loan system on lands in reclamation projects.

This is the announcement of Senator McNary, chairman of the committee, who urged the senate not to try to legislate on this subject in connection with the farm credit bill, of which he had charge in the senate. Senator Pittman of Nevada had offered an amendment to authorize loans subject to government liens on reclamation projects, notwithstanding the provision of the farm loan act that only first mortgages shall be taken for such loans.

M'NARY EXPLAINS ATTITUDE Senator McNary said he hoped senators from Western states would not be discouraged over his inability to accept the Pittman amendment, which he declared had not been sufficiently considered. The subject should be taken up independently, he said, and not made a rider on the agricultural credit bill, for experience has taught him that "the poorest legislation we get anywhere is that which is written on the floor of the senate or house."

Senator Pittman urged that his amendment would not compel loans to be made on reclamation lands, but would remove restrictions which prevent loans being made, and that no danger would be incurred in permitting the farm loan bank directors to use their discretion in any case where they deemed the security sufficient in the case of patented lands.

McNary expressed doubts about the practicability of the plan and foresaw legal difficulties. He said it would involve delay to the farm credit bill if it were made a part of it, and that it should be left for consideration in a separate bill.

Senator Ashurst of Arizona, who had proposed an amendment similar to the Pittman proposal, said he was content to accept the assurance of McNary that the reclamation committee will take up the subject. The Pittman amendment was rejected without a roll call.

Congressman Seeks Police Protection In Beauty Contest

Washington, Aug. 25.—(I. N. S.)—Representative Manuel Herrick of Oklahoma, who has created a considerable uproar here by a "beauty contest" which he says he conducted to show how girls might be lured by means of newspaper contests, has asked the local police for protection from Mrs. C. Melville Shorey.

Herrick informed Police Inspector Grant that he formerly roomed with Mrs. Shorey and that she had letters which he wanted, and that he had fear for his safety because of the attitude that he claims has been taken against his beauty contest stand.

Mrs. Shorey visited Inspector Grant and told him that her young daughter Elizabeth had accompanied Herrick to numerous places of amusement and that she has received a number of anonymous letters.

Police Inspector Grant has refused to afford Herrick special police protection or interfere in the case.

Increased Freights Are Suspended for Another 60 Days

Olympia, Wash., Aug. 25.—Increased freight rates proposed for Western Washington have been suspended by the department of public works for an additional 60 days. The original 90-day suspension expired today.

S. J. Henry, railroad freight agent for Washington, informed the department that, through oversight, the rates on oil and petroleum had been omitted in a supplemental tariff, published August 15, in effect putting these commodities back to the rates charged two years ago, much lower than the present. The department refused retroactive application of an amendment reestablishing the increases over two years plus an additional five and one half cents per hundred, but permitted the increased rate to go into effect on September 1.

Veterans of Spanish War Enjoy Outing

Phillips camp No. 4, United Spanish War Veterans of Albany, enjoyed an outing at Sodaville Sunday, August 21, with 85 members of the camp and the auxiliary. In a natural amphitheatre the camp held a meeting, the stacked coats of the members forming an altar, and received into membership C. L. Leavenworth. A luncheon was given and Department Commander L. W. Hyde of Hillsboro, Assistant Department Adjutant G. F. A. Walker of Portland, Department Chaplain W. D. Stephenson and Post Commander F. M. Clinton of Albany made brief speeches. Later the party went by automobiles to Waterloo, where a picnic supper was served. Another outing is planned for early in September at Sulphur springs, and three more recruits are promised for that occasion.

Warmer Weather Is Latest Prediction

The area of low pressure which brought light rains and cooler weather to Western Oregon and Washington early this week has swept inland and a steadily rising barometer at the local office of the weather bureau today indicated a new period of fair and warm weather. E. L. Wells, district weather forecaster, said that the outlook was "pretty good for fair weather."

COUNTERFEITING IS CHARGED Boise Idaho, Aug. 25.—At Mountain Home three Basques are under arrest, charged with counterfeiting on complaint of Victor Aguirri, another Basque, who alleges he was asked to join them in making \$10,000 out of \$1000.
