

GROUT REELECTED SUPERINTENDENT OF CITY SCHOOLS

City Superintendent of Schools D. A. Grout was reelected to the position he holds by the school board Thursday night. His new term is for three years, until June, 1924. The vote was four to two. Directors Woodward, Elman, Clark and George B. Thomas voting for the reelection and Shull and Newill in opposition.

Grout's election followed a resolution brought before the board after the close of its regular order as a matter of "special business." Thomas introduced the resolution, contending that he did so because the tenure of Professor Grout was uncertain.

Directors Shull and Newill insisted that the election of the superintendent ought not to be sprung so suddenly on the board, but that time should be taken for the consideration of so important a matter.

OPPOSITION NOT PERSONAL
In casting their votes both insisted that they did not desire to be considered as opposing the reelection of Grout, but as protesting against the manner in which the matter was being brought before the board.

Assistant Superintendents C. A. Rice and E. H. Whitney were unanimously reelected following the election of Grout.

A near riot was started "within the hearing of the board" when J. W. Luke, an "arbiter" for the board in the settlement of a controversy which had arisen over plumbing bids submitted, was "brutally assaulted" by George Root of the Alaska Plumbing & Heating company.

The school board, through George Edmondstone, superintendent of properties, had submitted a bid for plumbing work which was \$2394 lower than that of the Alaska Plumbing & Heating company.

ASSAULT IS CHARGED
At the request of plumbers an arbitration committee consisting of Luke, representing the board, George E. Reed, the contractor, and A. D. Leach, chosen by the other two.

As a result of the committee's findings the board decided to have Edmondstone do the plumbing work at the Marysville school, and shortly after Luke came back into the meeting insisting that he had been assaulted by Root. The board adopted resolutions condemning the incident.

It was decided by a tie vote not to elect vice principals for Jefferson and Washington high schools at this time. The board also deferred purchase of a 10-acre tract south of Fremont and west of East Fifteenth streets offered for high school site by Captain E. W. Spencer for \$31,000. The price is less than the assessed valuation and when the board deferred action Captain Spencer withdrew his offer.

Pike's Peak Climb Claims One Victim

Colorado Springs, Colo., Sept. 1.—(C. N. S.)—W. A. Coleman of Denver was killed and Harry Majors of this city was seriously injured in two separate

automobile accidents on the Pike's Peak road today. The men were engaged in tryouts for the annual Pike's Peak automobile climbing race, to be run here next Monday. Their cars turned over at sharp curves.

Black Cat Omen of Ill Luck, Then Some, Victim Tells World

Salem, Or., Sept. 2.—Is there anything to the old superstition that a black cat is a harbinger of bad luck?

C. W. Niemeyer, prominent Salem real estate dealer and holder of several automobile endurance records, is ready to "tell the world" that there is.

Sunday while out driving in his automobile a black cat crossed the road in front of his car.

Monday he was arrested in Milwaukie charged with driving at the rate of 45 miles per hour, depositing \$20 cash bail to insure his appearance in court.

Tuesday the same automobile in which he was speeding the day before caught on fire and is almost a total loss.

Wednesday the constable who patrols the Milwaukie beat called on Niemeyer to inform him that forfeiting of bail did not go in his bailwick any longer and insisting upon a personal appearance in court.

Thursday Niemeyer appeared in justice court at Milwaukie to explain his haste on Monday.

Today Charley is out looking for that black cat with a club. While making no boast about his intentions he intimates that should they meet there will be one less black cat in the world.
