DR. SCHOLZ SEES DIVORCE EVIL AS DEFY TO COLLEGES

Intimate analysis of present-day economic and social conditions was presented by Dr. Richard F. Scholz, president of Reed college, in an address before the Unitarian Laymen's league at the Church of Our Father, Monday night. Dr. Scholz commented on the frequency of the appearance of young people in the divorce courts, questioning if this were not a challenge to the colleges.

"Are not many of our young people trying to substitute 'jazz' for a common intellectual interest?" demanded Dr. Scholz. "Are they not all too willing to let the other fellow do their political and economic thinking, thereby missing one of the most worth-while things in life?"

SCHURZ AND BISMARCK

"I often wonder what history would have recorded if Germany had sent Bismarck to America and had kept Carl Schurz in Germany," continued Dr. Scholz. Bismarck was the type to discourage individual political thought, and Schurz the absolute opposite. Whenever a majority of the citizens of a democracy allow a small group to do all their political thinking, the life blood of that democracy is gone. We in the United States must realize that democracy has obligations, that each must do his own political thinking, or else we are taking the form of democracy and losing the substance. A great obligation rests on the colleges and newspapers. The colleges must train their students to take the lead in intelligent, active citizenship; the newspapers must give complete, accurate and unbiased news on which citizens can, rely, in forming their judgments on economic and political questions. When a college graduate receives his diploma, he has not completed anything; he has merely received his preliminary training for active and intelligent citizenship. The test of his college training lies largely in what he does with his citizenship."

TWO TENDENCIES MARKED

"The year 1890 marked the division line between two great tendencies in the United States, being approximately the end of the agricultural democracy and the beginning of the industrial democracy. Up until 1890 lands open for homesteading in the West offered a means for a man with a pioneering instinct to secure a home and farm. After 1890 the tendency was more towards centering population in the cities as the homestead land was filled, and we became more and more an industrial democracy with a consequent change in problems.

"In spite of the fact that we had always regarded ourselves as an isolated nation, thoughts and policies formulated in the United States, such as the Monroe doctrine and the much abused phrase, 'Freedom of the seas,' have had a marked effect upon the world; 1914 saw the beginning of our closer relationship with world affairs."

Dr. Scholtz feels that now that American people have secured their liberty they feel it is something which will take care of itself and it is not necessary to use it by active participation in the government created to give expression to this liberty.

IMPORTER LIMPS INTO VICTORIA

Victoria, B. C., Sept. 13.—(I. N. S.)—With but a very slight list the steamship Canadian Importer arrived in Royal Roads off here at 10:40 o'clock this morning. Fog, which was bothersome in the early hours, lifted and let the disabled craft and her convoy come into port.

The salvage steamer Algerine was alongside the Importer supervising pumping arrangements, with the tug Sea Lion out in front and the tug Monarch on the starboard quarter.

The Importer will berth here and after discharging part of her lumber cargo will proceed to Esquimalt to enter the drydock for a survey. The vessel's deck load was jettisoned at sea in order to right the ship when she listed to a dangerous angle.

Retrial Is Ordered Of Man Serving for War Stamp Thefts

Fred Peterson, alias Swede Whitey, was ordered removed from the federal prison at McNeils island this morning by Federal Judge C. E. Wolverton and returned here for a new trial. The court issued orders to Warden Maloney to release Peterson and deliver him to the marshal.

Upon special instructions from Attorney General Daugherty, Chief Deputy United States Marshal John Mann left Portland at 1 o'clock this afternoon for the island.

Peterson was sentenced to serve two years for the part he played in the War Saving Stamp theft cases, which involved several north end merchants and Robert LaSalle, a local policeman. Peterson was found guilty by a jury, but appealed his case. The circuit court of appeals held there was not evidence enough to find him guilty and ordered a retrial.

During the time Peterson has been in prison, Assistant United States Attorney John Veatch says government agents have uncovered new evidence, which will be presented at the retrial.

The stamps involved in the case are said to have been stolen from several small Willamette valley banks. Before going to the island Peterson served one year in the county jail on a charge of having stolen and altered War Saving Stamps in his possession, to which charge he pleaded guilty.

BURGLAR DESCENDS LADDER AS BULLET WHIZZES PAST HIM

Aroused by the sound of someone prowling in his house early this morning, H. C. Stevens, 227 Willamette boulevard, rushed to a window just in time to see the burglar descending a ladder from the second story with an armful of loot. Stevens leaned out of the window and fired one shot from his revolver at the burglar, who made his escape on a bicycle, carrying away a suit of clothing, a gold watch and several other articles of value. The ladder had been found in the yard and placed against the side of the house.

A prowler looted the cash register of the Hagerman garage, 380 Union avenue, Monday night while the clerk was in the rear attending to some work. The burglar entered the open office door and stole $31 in currency and silver.

Two highwaymen attempted to strong-arm Henry Runge, Repose hotel, Twenty-third and Savier streets, at 11:30 Monday night on Raleigh street between Eighteenth and Nineteenth streets, while he was returning from the Savier car barns. Runge resisted the attack and called for help, frightening away the two men.

L. Nelson, 867 Missouri avenue, reported to the police that a burglar had entered his room through an open window. A silver watch and $57 in cash were stolen.

A. H. Smith, 170 Killingsworth avenue, asked the police to aid in a search for two black horses stolen from his barn some time during the night.

Moves From State With Auto Unpaid For; Is Arrested

Otto Hoffman's twentieth century prairie schooner wouldn't have got him in trouble if he had stayed in Denver with it. But when he set forth from the mountain city and crossed the Colorado boundary he tangled with the law, and will return a prisoner.

Hoffman, with his wife and two children, left Denver a month ago for Portland in his partly paid for automobile. He paid $50 on a lot at Portland boulevard and Commercial street, housed his family in a tent, and started to build a house with lumber acquired on credit.

Then the law stepped in. Hoffman was arrested Monday night on a telegraphic warrant charging violation of the Colorado statute prohibiting the transportation outside the state of an automobile, purchase of which has not been completed. Portland detectives believe that Hoffman acted in ignorance of the law and without intent to defraud.

Legion Community Building Is Rapidly Being Completed

Vancouver, Wash., Sept. 13.—The legion community building will be ready for occupancy by October 15, according to Lieutenant Louis James. Contractor Johnson now has a full crew at work and no further delay in completing the structure is anticipated, as the work now is all inside. A drive for members for the community club will be staged about September 20, and the sum to be charged for membership will be set in a few days.

"There is a mistaken idea prevalent," said James, "that only legion members can belong to this club, but it is a community affair and anyone of good reputation can join.

"Different organizations are bidding for dance privileges in the auditorium and those who want to use the building for dancing or other legitimate purposes should submit their proposition in writing to H. I. Brace and the rental charges will be figured out as soon as the membership fees are decided on."

HIGH SCHOOL GAIN IN PUPILS SHOWN

Vancouver, Wash., Sept. 13.—Enrollment for the first day in the public schools of Vancouver indicates that the slump in population expected when the shipyard shut down has not materialized. Enrollment at the high school was the highest in the history of that institution and enrollment in the grammar grades was up to the enrollment of last year.

First day high school students numbered 569, compared with 448 last year. Arnada school came next with an enrollment of 420, Franklin 338, Junior high 284, Central 280, Columbia 148, Harney 105, Washington 101, and MacCarty school 24, a grand total for the public schools of the city of 2269.

If attendance at the high school increases through the term this year as it has in the past at least 800 pupils will be enrolled by mid year.

Large Sum Raised By Sale of Tags to Aid Fair Site Fight

Vancouver, Wash., Sept. 13.—Money realized from the sale of Hayden island tags last Friday and Saturday will total $1000 when all returns are in, according to Dr. R. M. Andruss, who had charge of the sale.

The high team in the contest was headed by Mrs. John Wilkinson and Mrs. Perl Elwell; second, Mrs. Lewis Shattuck and Mrs. C. C. Fleet; third, Mrs. Frank Wilcox. The winning team will be given a banquet.

Individual prize winners were Mrs. Charles Stewart, first prize; Miss Thelma Wright, second, and Mrs. O. H. Smith, third. The prizes are merchandise offered by several Vancouver merchants. The tags bore the legend, "I bet a dollar on Hayden Island," but were marked down to 50 cents.

Preliminaries of Dock Work to Be Taken Up at Once

Vancouver, Wash., Sept. 13.—Cullitan Brothers of Seattle, successful bidders on the municipal dock, will open an office on the dock this week, and will receive applications for work and attend to other matters preliminary to actual construction work, which will start in a short time. Machinery and equipment has been shipped by the firm from headquarters at Seattle, and land piledrivers will be built here.

Vancouver men are to be employed so far as possible, according to the contract, and the dock work will relieve the unemployment situation to a great extent. The work will probably last about 100 days, dependent to some extent on the weather.

Timber Owners to Discuss Slashings

Salem, Sept. 13.—Timber owners, who have slashings on their holdings, and those adjoining such holdings have been asked to meet with the state board of forestry in Portland, Saturday, to discuss slash disposal problems and to assist and secure the cooperation of logging operators and other slash owners in complying with the state law. State Forester Elliott, who is calling the conference, states that slash burning constitutes one of the biggest problems with which the forestry department has to contend.
