

# PORTLAND BUYING ITS EGGS LOWEST

By HYMAN H. COHEN.  
Eggs are lowest priced at retail in Portland than in any other large market in the country. Consumers here are favored in this respect, although they are not obtaining the lowest price which brings the extreme price in the New York market.

For some reason or other the average producer wants to secure a market distant. The more distant point or the larger city he can invade the better he seems to like it. The transportation companies are the chief gainers. Chickens are slightly advanced in price in retail shops because of the more limited supplies marketed of late. The coming Jewish holidays have much to do with the advance, as the buying for these festivals is usually sufficient to cause sellers to take advantage of it.

Fresh prunes are still available on the Pacific market as low as 5c a pound for best quality, a price even lower than wholesale.

Markets are full of fresh salmon. Sales of good stock are being made from 10c to 12c a pound generally, although as high as 20c is being asked for the big Royal chinook. For average use the 10c salmon is just as good for the home. In fact there is not one person out of 100 who can tell the difference after the fish is prepared for the table.

Peaches are very slow sale and the quality is now such that it scarcely pays to buy them.

Cranberries are now being generally offered in the stores with the price below that of a year ago.

Upon his arrival in this country the Rev. Mr. Bachman won fame through services he conducted in the leading Jewish synagogues in New York. He was soon called to Toledo, Ohio, by a leading congregation there, where he was re-elected for a period of nine years. He then moved to Chicago, where he accepted a contract with a large congregation for three years.  
Congregation Shalom Torah has long felt the need of an outstanding cantor, said Rosumny. The new cantor has been offered the position with a salary of \$4000 per annum.  
The congregation is already so enthusiastic in securing Cantor Bachman, that plans have been ordered for a new synagogue.  
Special services at the synagogue are announced for tonight at 12 o'clock (midnight), when a specially trained choir will assist the new cantor in the beautiful "Slichot" services. All are cordially invited to attend. The Rev. Mr. Bachman, with the assistance of the choir, will also conduct the services at Congregation Shalom Torah during the high Jewish holidays.

# Famous Cantor to Be Heard at Jewish Synagog Services

**Tillamook Cheese**  
Tillamook is the first cheese made in America to be branded so the name appears on every slice of one-half pound or more. None genuine without "Tillamook" on the rind.  
When you buy cheese that is not branded you cannot be certain as to its quality.  
No guesswork now—every Tillamook Cheese is branded!  
For the past twenty-five years, cheese has been made at Tillamook. About twelve years ago, the most progressive dairymen in this little valley banded together to make cheese that has since become famous up and down the Pacific Coast.  
For years, people have recognized the quality of Tillamook cheese, but found it difficult to make sure they were getting the genuine.  
Now, there's no guesswork. Every pound of this finest cheese is branded. Every slice bears the name—Tillamook. Look for Tillamook on the rind if you want to buy the best cheese it is possible to produce.  
Sold by the slice or 1/2 or 1 1/4 pound slices
