

WASHINGTON CUTS STATE TAX LEVY FIFTY PER CENT

Olympia, Wash., Sept. 23.—Amounts to be raised by the state for taxation purposes for 1922, according to levies recently fixed by the state equalization committee, were announced in a detailed statement Thursday.

The general fund levy of 2.25 mills, 50 per cent lower than last year, will raise only \$2,648,799.20 on an assessed valuation of \$1,177,239,240, but the total estimated receipts of the general fund from other sources is \$9,706,416.73, which makes a total for the general fund of \$12,355,215.93. Last year's levy of 4.5 mills raised a total of \$5,372,656.47 for the general fund.

Estimated receipts for the general fund are as follows: Governor's office, \$25,000; auditor, \$13,000; commissioner of public lands, \$172,000; secretary of state, \$116,250; attorney general \$750,250, making a total in estimated receipts of \$1,975,520 from the executive and administrative branches. Regulatory departments, such as license, labor and industries, and taxation and examination, are expected to produce \$2,414,140 while the judicial department is expected to collect \$18,500.

REVENUE FROM INSTITUTIONS

Receipts under the educational department, including the state library and the superintendent of public instruction, are estimated at \$450, and from the agricultural department at \$14,675. The state penitentiary is expected to produce \$87,700 from the sale of products, and the state training school \$110 from the same source. Estimated returns from the three state hospitals and the state custodial school are \$29,490, and from the state school for the deaf, the Washington Veterans' Home, and the State School for the Blind, \$1045. The state school for girls is expected to produce \$100. The forestry division in the department of conservation and development is credited to return \$11,500, and miscellaneous receipts from all other sources placed at \$888,000. General fund taxes of \$2,223,343.31 in the hands of the county treasurers on April 1, 1921, and uncollected taxes amounting to \$2,958,617.82 complete the total.

The military levy reduced to 2 mills will produce \$255,447.84, as compared with \$258,177 raised by last year's levy of 3 mills. Estimated receipts and a balance of \$365,382.42 are counted upon to raise sufficient funds in spite of the reduced levy.

FIXED BY LEGISLATURE

Levies for other funds, fixed by the legislature and outside the jurisdiction of the equalization committee, with comparisons with last year, are as follows: Public school, for 1922, 5.34 mills to raise \$6,286,457.32; for 1921, 4.80 mills, to raise \$5,780,834; capitol building and grounds, for 1922, .5 mills, to raise \$588,619.60; for 1921, .5 mills, to raise \$596,692; reclamation fund, for 1922, .5 mills, to raise \$509,100.00; for 1921, .5 mills, to raise \$509,692; permanent highway fund, for 1922, .15 mills, to raise \$158,880; for 1921, .15 mills, to raise \$170,000; public highway, for 1922, .1 mill, to raise \$1,177,239.24; for 1921, .1 mill, to raise \$1,189,924; University of Washington, for 1922, .11 mills, to raise \$128,948.12; for 1921, .11 mills, to raise \$130,202.74; state college, for 1922, .67 mills, to raise \$788,300.26; for 1921, .45 mills, to raise \$537,266; Hollingham normal, for 1922, .2 mills, to raise \$233,473.84; for 1921, .152 mills, to raise \$181,476; Cheney normal, for 1922, .159 mills, to raise \$187,318.02; for 1921, .13 mills, to raise \$155,219; Tillamook normal, for 1922, .12 mills, to raise \$141,368.70; for 1921, .106 mills, to raise \$125,944; Central normal, for 1922, .1 mill, to raise \$111,723.92, no levy for 1921; Veterans' reclamation, for 1922, .1 mill, to raise \$1,177,239.24, no levy for 1921.
