

OLCOTT TO SHOW NO CLEMENCY TO RATHIE AND OWEN

Salem, Oct. 12.—Governor OLCOTT will not intervene his executive powers to save either John L. Rathie or James Owen from death on the gallows for their part in the murder of Sheriff Til Taylor of Umatilla county in the course of a fall delivery at Pendleton in July, 1920.

He made his plain in a letter Tuesday to J. Wesley Holden, Idaho Falls, Idaho, attorney, who had written the governor in an effort to obtain executive clemency for Rathie.

"If one familiarizes himself with the record at the trial of these men; if he analyzes the testimony not only given against them but by the very defendants, he will find it difficult to see how one can avoid the final conclusion that both of these men were equally responsible with the man of poorly endowed mentality, Nell Hart, who already has paid the penalty for the killing of one of Oregon's finest citizens," the governor writes.

"It would be a distinct relief to me if evidence arose which would show these men to be innocent of the crime with which they are charged. But my conscience cannot permit me to relieve them of the legal penalty for a crime, the guilt of which unquestionably rests upon both of them," his letter concludes.

"It was in Rathie's cell, on Rathie's bunk, that the plot was hatched which resulted in the death of Sheriff Til Taylor," the governor concludes, commenting upon the circumstances surrounding the crime for which Rathie and Owen are sentenced to be hanged. "On Rathie's own admission it was he who was to strike the first blow at the jailer; it was he who did strike the first blow, who held the arms of the jailer pinned while his accomplices bound him and made him helpless.

"On Rathie's own admission in the grand jury room, testified to by men of veracity and standing, selected to serve as grand jurors, the whole plot was based upon a desperate decision to escape from jail, and not to stop at murder if necessary, and Rathie specifically, in his own statements to the grand jury, as proven by the same competent testimony I have cited, agreed to the plan to shoot their way out."

Approves Rate Cut Without Regard to Usual 30-Day Wait

Salem, Oct. 12.—The public service commission Tuesday, for the first time, exercised its authority in approving a tariff filed by a utility to become effective before the statutory 30-day period.

The tariff was filed by the Sherman Electric company serving Moro, Grass Valley and Wasco and involves a substantial reduction in rates to the electric users of those three towns, also providing for day service as well as the night service given heretofore.

The Sherman Electric company is a new organization, succeeding Atwood & Lee at Wasco, and the municipal plants at Moro and Grass Valley. The new tariff becomes effective October 15.

Jury Values Ear Lobe at \$1000 in Pendleton Action

Pendleton, Oct. 12.—Robert Sinclair, one of the Pendleton city police, was awarded \$1000 damages and costs against Green Estes, prominent Athens farmer, in a damage suit started Monday asking \$10,000 for the loss of an ear lobe, which Estes bit off in a street fight. The jury was out three hours.

"I'll feeling over prohibition enforcement was declared by Estes to be the cause of his grudge, and the fact that Sinclair intruded into an argument which he was having with Jinks Taylor, Pendleton's chief of police, who was then a state officer. A criminal action against Estes was dismissed by the grand jury recently.

Salem, Oct. 12.—Fred Hule, former Salem High school student, pleaded guilty to a charge of burglary before Justice Urlich Tuesday and was bound over to the Marion county grand jury. Hule is charged with shooting up and robbing his father's store here Sunday morning. Hule blames the influence of "gun men" of various Chinese tongs, with whom he has come in contact, for his downfall.

His arm was torn off by the drive shaft and a number of bones were broken. He died an hour after the accident. Bearks was sent up from Jackson county for a term of 12 years on his conviction of assault and robbery. A sister, Mrs. June Winder, lives in Polk county.

The Man Who Said: "The proof of the pudding is in the eating" was only half through

He started a good pudding-proof, but he didn't finish it.

There's a lot of trouble in the world from puddings that taste good but don't do good.

They "eat" well, but that ends the recommendation.

Sanitariums are full of pudding-eaters who stopped the test at taste and forgot to inquire whether their food gave the body what it needed—until the body rebelled.

Grape-Nuts is a food that tastes good and does good. The proof of Grape-Nuts begins in the eating and goes on through the splendid service which Grape-Nuts renders as a real food. Grape-Nuts is the perfected goodness of wheat and malted barley—delicious to taste, easy to digest, and exceptionally rich in nourishment for body and brain.
