Eugene, Oct. 13.—J. S. Bishop of Forest Grove was this morning elected moderator for the Oregon Congregational conference, succeeding Rev. W. W. Blair, D. D., of Forest Grove. Other officers of the conference chosen were: Rev. J. P. Clyde, Corvallis, assistant moderator; Rev. E. E. Flint of Atkinson Memorial church, Portland, scribe; Rev. O. P. Avery of Waverly Heights church, Portland, registrar; R. Johnson, Forest Grove, and B. W. Barnes, Hillsboro, auditors; A. J. Sullens, Portland, superintendent.

Selection of members of the board of the conference was held at the afternoon session today. The conference, the seventy-third of the Oregon conference, will close tonight.

The conference voted Wednesday to dissolve the Congregational missionary board of Oregon, under which name the body has been incorporated since the establishment of the church in this state, and reincorporate as the Oregon Congregational conference.

The constitution and by-laws by which the Oregon Congregational conference will be governed were adopted at the meeting and will go into effect immediately. The new governing body of the church will be composed of 12 members of the church, who will be chosen at the annual conference to represent each section of the state. The organization was formerly governed by a board of nine elected annually.

Early pioneer work of the Congregational church was carried on by the missionary board which has just been dissolved.

Rev. P. C. Butler of Gaston was appointed chairman of the nominating committee. Resolutions favoring the limitation of armament in addition to a motion to set aside a day for prayer for the success of the coming international conference at Washington, were passed at the afternoon session Tuesday. Copies of the resolutions are to be forwarded to national officials to impress them with the expressed sentiment of the delegates representing the congregational churches of this state.

### Bleachers Emit Feeble Cheering; 'Cooing' Blamed

Chicago, Oct. 13.—(L. N. S.)—Spring is supposed to be the time when a "young man's fancy lightly turns to thoughts of love," but officials of the Northwestern university say it does the same thing in the fall. Feeble cheers for the Purple football team are attributed to the fact that the young men and young women sit together in the bleachers and there is more "cooing" than "rooting." A movement has been launched to have the "coo-ers" sit apart from the other "ods" at future football games.
