lower Columbia river highway from Portland to Astoria from 18 feet to 30 feet will be necessary within the very near future, declared J. B. Yeon, state stand in Federal Judge C. E. Wolverton's court Wednesday afternoon, Yeon was testifying for the commission at a hearing which the court had called to determine whether the commission has a right to restrain the Postal Telegraph company from building a line of BOND ISSUE IN MIND

"Do you intend going before the public and asking for a bond issue to make this proposed improvement?" Attorney "Certainly," responded Yeon, "if we

do not have enough money in the treas ury to do the work." Yeon explained that many of the highways in Oregon are already too narrow to accommodate both fast and slow

moving automobile traffic. The pro-posed improvement of the lower high-way will make it possible to have both a fast and slow moving line between Portland and the coast city. The taking of testimony in the pole case was concluded Wednesday and

the court took the case under advisement, giving both sides until next Tuesday to file briefs. The telegraph company is endeavoring to complete its pole line between Goble and Astoria in order to have a threewire circuit, between Portland and the

Salvage Donations In Behalf of Local Jobless Rolling In

As a result of an ardent appeal yesterday from the Salvation Army, American Red Cross, Public Welfare bureau and the mayor's committee on unemployment, urging the public to come to the aid of the 7500 unemployed now in Portland, there was a distinct increase this morning in the amount of old clothes, rags, bottles, metal, paper and other waste contributed. A fleet of donated trucks that had been standing idle because the public had not responded to the salvage week appeal was given con-

derable work this morning Fred Wagner, who has charge of the collection work, urges every person intending to give to do so at once. Deliver the bundle to the nearest school house or fire station or call Broadway 5923 and a truck will be sent out. Also the delivery wagons of the department stores will take the bundles. Try Crisco in this recipe

APPLE SAUCE FRUIT CAKE

teaspoonful powdered cloves teaspoonful powdered cinnamon

1 teaspoonful grated nutmeg 2 teaspoonfuls baking soda

Cream Crisco and sugar thoroughly together, add apple sauce, flour, raisins, spices, salt, and soda mixed with vinegar. Mix and pour into

1/2 teaspoonful salt 3 tablespoonfuls yinegar

cupful brown sugar

11/2 cupfuls apple sauce

21/2 cupfuls flour 1/2 cupful Crisco

1 lb. raisins

greased and floured cake tin and bake in moderate oven one and a half hours.

Don't use butter, eggs or milk in this cake

DELICIOUS cakes can be made very economically if you use in them the richest, highest grade of shortening.

This sounds contradictory, but in the recipe below the extra richness of Crisco makes up for the absence of eggs and milk. Crisco is 100% rich - pure, white vegetable oil hardened by the patented process which prevents rancidity.

Experienced cooks prefer Crisco for delicate cakes because it is tasteless and odorless and permits the use of dainty and unusual flavorings. Fastidious people demand it in all cooking because it makes food taste better.

Do you know the knack of successful baking? This book will teach you.

It gives complete directions for mixing and baking cakes, cookies and shortbreads—also 615 griginal recipes by Marion Harris Neil, formerly cookery editor of the Ladies' Home Journal. Contains a complete endar of Dinners." I enclose 10 dinner menu for every day of the year-365 in all. Illustrated and cloth
