viding for the levying of a tas in the years 1922, 1923 and 1924 to raise \$2,-000,000 for the 1925 Atlantic-Pacific Highways and Electrical exposition, provided the state raises \$3,000,000 and the board of directors raise \$1,000,000. Stark street; G. O. Genglebach, 1964 East Stark street; M. Lambert, PAVING WORK IU authority was granted at the council 701 Belmont street WATER BUREAU BIDS

CONCRETE PAVEMENT HOLDS

To complete the pavement of East Broadway from the river to East Fiftysecond street, the city council has on preliminary reading an ordi-authorising the laying of water and concrete pavement from boulevard to East Forty-fifth mains The estimated cost is \$10,758.

COUNCIL TO RUSH

Broadway, on the east side, is paved from the bridge to East Fifty-second with the exception of the strip mediately east of Sandy boulevard. The ordinance was presented some time ago, but it was decided the project was not needed. Since that time several CAMPBELL STREET SEWER houses have been built and the demand for paving has been increased

Bids have been received for the con struction and the contract will be contract is awarded.

"This will afford work for a number of men," A. G. Johnson, assistant comioner of public works, pointed out." unemployment situation, for the work is winter months." Final action will be taken next week

EXPOSITION TAX MEASURE

dverse conditions was shown when a gang of men laying a gas main up apman street discovered a hole 12 feet square and about six feet deep under the pavement at Chapman and Jackson streets. Investigation by the city engineer showed that a water main running through the ground, which had been filled, was leaking, and had sluiced the dirt into a broken sewer, leaving the cavity under the pavement. During the process of washing out, the six inch

eeting Thursday to print 10,000 copies the amendment for distribution. Bids for 296,000 bill forms for the w

ter bureau are being advertised for by the city purchasing agent. One bid was UP UNDER SEVERE STRAIN received for the work but rejected at the council meeting Wednesday. Strength of concrete pavement under

pavement had borne traffic and the broken lines and the hole filled.

IS NEARING COMPLETION

After more than two years' delay, work on the completing unit of the Campbell street sewer has been started. awarded at once. The project must be it was announced in the office of the ompleted within four months after the city engineer this morning. Trouble in acquiring a 100 foot strip of land immediately south of Portland boulevard

prevented the extension of Campbell street. o Very shrewd. If we examine the only man in Europe who is even shrewder than Briand, the prime minister of Great Britan, we see this same principle at work. In my opinion. Lloyd George means in the last analysis, to support Sinn Fein against Ulster, provided Ulster does not give up her claim to populations not in sympathy with the controlling Belfast point of view. But he cannot do this until he has bookered the situation around so that it becomes manageable. If we find Lloyd George in the end heading liberal opinion against Birken-bead. Churchill and Carson, irreconcil-time to educate British opinion to get Sinn Fein to give up the one point that he cannot grant and to give Ulster enough rope to show that she is the done standing in the way of a rational BEES FEENCH SUICIDE The same type of opportnism, if you the stat word, is the characteristic of Briand's policy. He knows that to use the armistice terms as mere tricks to the sum stype of opportnism, if you the stat word, is the characteristic of the same type of opportnism, if you the same type of opportnism. if you the same type of opportnism, if you the same type of opportnism.
