

ROADS DECIDE TO SEEK CUT IN PAY

(By United News)
New York, Nov. 4.—Representatives of 25 Eastern railroads meeting here have decided to notify their employees within the next few days that the 10 per cent wage cut decided on October 14 would be put into effect as soon as the authorization of the rail labor board could be obtained.

This announcement, coming on the heels of the recent threatened strike of rail workers in protest, was taken as an indication that the managers do not shrink from any possible issue that may result from their action.

The proposed cut would reduce the wages of operating employees—conductors, switchmen, engineers and firemen—to the figures in effect prior to July 1, 1920, when a general increase of 22 per cent was granted. For shop workers and maintenance of way employees the reduction would be even more drastic.

LABOR BOARD DISPOSES OF RULES BEFORE WAGES

(By United News)
Chicago, Nov. 4.—The United States railroad labor board will hand down a decision establishing new rules for railroad shop crafts in three weeks, it is announced.

The decision will complete the rules provisions for the shopmen. It will be the third decision of the rules for those classes of railroad employees as two already have been announced.

With the rules questions out of the way, there will remain rule considerations for many other classes of employees, including 40 railroads in the Brotherhoods, but the entire working conditions problem is expected to be disposed of by early spring.

Then the board will be in a position to consider wage questions, over which a nation-wide strike was threatened.

La Grande Plans Armistice Program

La Grande, Nov. 4.—The American Legion has decided to confine its Armistice day celebration to the afternoon of the day, as it was believed that a full day celebration would not be as well attended. A parade, patriotic speaking, athletic events and a dance and fireworks displays are on the program, which begins at 1 o'clock. Other parts in Union county that do not put on celebrations of their own are expected to join with the La Grande post. The Union and Elgin posts are also planning to observe the day in a fitting manner.

MAY BUILD \$5000 GYM

Boardman, Nov. 4.—The annual meeting for approval of the school budget for 1922-23 will be held at the schoolhouse Saturday afternoon, November 12. The special feature of the estimate is an item of \$5000 for a gymnasium.
