DEMOCRATS MAKE GAINS IN ELECTIONS

New York Mayor Returned to Office With Unprecedented Plurality; Even Harding's Precinct Goes to Democrats.

(By United Press) Democrats in yesterday's "off year" elections regained some of the ground they lost in the Republican sweep a year ago, according to returns gathered by the United Press today.

New York, Indiana, Ohio and Maryland showed Democratic gains. New Jersey showed a Democratic loss. Results summarized by states follow:

New York—John F. Hyland, Democrat, re-elected mayor by the biggest majority ever rolled up in a municipal election and the entire city Democratic ticket carried into office with him.

Ohio—Democrats gained in city elections winning 24 mayors to 27 for their opponents. Marion, President Harding's home town, went Democratic.

Virginia—Elected a Democratic governor by 60,000. Maryland—Democrats won the state comptrollership and strengthened their hold in the legislature.

Indiana—Democrats elected 30 mayors, three in Republican strongholds. Republicans elected 20.

New Jersey—Democrats standing on the wet issue, lost. Republicans claimed gains in the legislature.

Kentucky—Republicans apparently won the Louisville city election with legislative contests still in doubt.

Michigan—Mayor, Democrats were re-elected mayor of Detroit.

Pennsylvania—Philadelphia and Pittsburgh showed Republican strength. Ex-Mayor Magee has been returned to that office in Pittsburgh by 50,000.

IN NEW YORK VICTORY New York, Nov. 8.—(U. P.)—Complete returns from yesterday's election show that Mayor John F. Hyland was re-elected by a plurality of 417,986, a figure unprecedented in the history of New York city politics.

Washington, Nov. 9.—(U. P.)—American soldiers in France who were "shown to be traitors, cowards, or menially deranged," were shot by their comrades without trial, according to reports he has received, Representative Royal C. Johnson, (R., S. D.), a former captain of the A. E. F., declared in the house today.

Johnson's statement threw the house into an uproar and he hastened to explain that he had no personal knowledge of the accuracy of the reports. He said that he had been told that the "traitors" who had met summary punishment at the hands of their comrades were German spies, disguised in American uniforms.

Johnson denied charges made by Senator Woodrow Wilson, George, that American soldiers were hanged without trial.

Jury Disagrees in Murder Case Trial Eugene, Nov. 9.—(U. P.)—Fred Thomas, aged and crippled logger of Dorona, who slew Wiley Hubbard in front of the postoffice there September 4, will get a new trial November 25. The jury, which had been out since 5:15 o'clock Tuesday night, reported a disagreement this morning and was dismissed. Thomas asserted that the shooting was in self defense and the state maintained he was jealous of Hubbard's wife and was trying to win Hubbard's wife's affections.

Higher-Ups Set Precedent Example Bad, Says Jennings By Al Jennings Famous Reformist, Lawyer, Author and Lecturer (Written for the International News Service) Peoria, Ill., Nov. 8.—This latest train robbery, the looting of an Illinois Central train at Paxton, Ill., demonstrates this fact: It is foolish to give weapons to men unaccustomed to their use and then tell them to "shoot to kill."

The epidemic of outlawry is the result of economic conditions. Honest enforcement of laws for the next hundred years will so educate the incoming generations that they will have proper faith and confidence in government. Too many folks nowadays think of the many political highlanders in high places, and then see red. Then they commit crimes. Governmental honesty will go a long way toward stopping crime.

EDUCATION IS NEEDED Education is the greatest factor for the prevention of crime. And I don't mean, when I use the term "education,"

BOSS IS GUILTY "BIG TIM" (Timothy D.) Murphy, Chicago politician, who was convicted today of participation in \$396,000 mail robbery.

Chicago, Nov. 9.—(U. P.)—"Big Tim" Murphy, picturesque Chicago labor leader, and three others, tried for the \$396,000 Dearborn street mail-pouch robbery, were found guilty by a jury before Judge K. M. Landis in federal court today.

The three others were Vincenzo Cosmano, "Eddie" Gelrun and Paul Volanti.

Murphy was alleged to have been the leader. Murphy and Cosmano were found guilty on two counts, one of conspiracy and one of having received and concealed government property. The maximum penalty for conspiracy is a two-years' sentence, \$10,000 fine, or both. The penalty for receiving and concealing stolen property is five years' imprisonment.

Gelrun and Volanti were found guilty of conspiracy and may be given a two years' sentence, \$10,000 fine, or both. Immediately after the verdict was announced counsel for Murphy and his three aids appealed for a new trial. Hearing of arguments on the motion was set for a later date.

Masked Men Wreck Indiana Paper Plant That Backed G. O. P. Indiana Harbor, Ind., Nov. 9.—(U. P.)—Six masked men today entered the building of the Twin City Sentinel here, wrecked the linotype machines and pressed junked the type and escaped. The police could attribute no motive for the raid beyond the fact that the Sentinel supported John K. Reppa, the Republican candidate in Tuesday's election at East Chicago.

Germany Seeks New Credit in America Washington, Nov. 8.—(U. P.)—Germany is seeking in America a new credit of between \$20,000,000 and \$40,000,000, it was learned here today. Obtaining this credit is one of the purposes of the visit to this country of former State Secretary Karl Bergmann of Berlin, now associated with the Deutscher bank.

Airplane Plant Blows Up; 3 Hurt Kansas City, Nov. 9.—(U. P.)—Two men and a woman were injured seriously today when three explosions followed a fire which destroyed the plant of the Eversole Motor & Airplane company. Sparks from a stove ignited gasoline in the plant and three tanks of the fuel exploded.

Ring Lardner at Disarmament Conference Ring Lardner will spend week at the disarmament conference, and will telegraph the story every day to The Journal.

He will not ridicule the idea of the conference, but he will tell of the funny happenings which are bound to crop up, and will poke fun at the obstructionists and those whose reverence for red tape and pomp make real action difficult.

You will miss a lot of good-natured fun if you don't read these stories. They start next Sunday.

LABOR CHIEFS GUILTY OF THEFT Chicago, Nov. 9.—(U. P.)—"Big Tim" Murphy, picturesque Chicago labor leader, and three others, tried for the \$396,000 Dearborn street mail-pouch robbery, were found guilty by a jury before Judge K. M. Landis in federal court today.

Woodrow Wilson to Pay Full Respects To Unknown Soldier Washington, Nov. 9.—(U. P.)—Woodrow Wilson, former president of the United States, has indicated his desire to pay full respects to the "unknown soldier" to be buried at Arlington cemetery on Armistice day, the secretary of war announced today.

The former commander-in-chief of the American forces in the World war will take his place in the funeral procession of the unknown dead on Friday, unless his health forbids.

Because of his infirmities, the former president will ride in a horse drawn vehicle and his will be the only carriage in the procession.

Mr. Wilson probably will not be able to attend the memorial exercises at Arlington amphitheatre.

Conference Is Like Rainbow in Skies, Says Lloyd George By Frank E. Mason International News Service Staff Correspondent London, Nov. 9.—President Harding's invitation to the Washington conference is like a rainbow in the sky, declared Premier Lloyd George in a speech tonight at the lord mayor's banquet at Guild hall.

"Without assurance of peace, the restoration of business is impossible."

"Arms competition was largely responsible for the last war," the premier continued. "Armaments today cost three times as much as they did in 1914, and the world is a hundred times as destructive and terrible."

"Disarmament is the only road to safety for the human race."

The Washington conference has the future of civilization in its charge," the premier said.

Unknown Soldier's Body Will Rest in U. S. Capitol Tonight By Herbert W. Walker United Press Staff Correspondent Washington, Nov. 9.—America's unknown soldier will sleep this night being in the arms of the nation.

His body, aboard the Olympic, was nearing home today.

The Olympic was steaming slowly through the wide reaches of the Potomac, due to reach the navy yard at 4 o'clock. As she passed Washington's tomb at Mount Vernon, taps were sounded while the crew stood at attention.

Twenty-one guns were to boom forth the salute, given only to the president.

From the navy yard the body was to be taken to the capitol, where tonight, save for four comrades, the unknown will rest in solitude. Four buddies will stand at the corners of the catafalque, while armed sentries without will see that none disturbs the slumber of the honored dead.

Man With Broken Leg Drags Self 13 Miles in Four Days Boise, Idaho, Nov. 9.—Frank Spencer, a veteran trapper, is here in a local hospital, suffering from a broken leg, exposure and over exertion. He was setting traps near the headwaters of Crook creek when he slipped and fell, breaking his right leg between the knee and ankle.

He was miles from any settlement in rough country. For four days he dragged himself toward Knox, the nearest settlement. After traversing 13 miles of the distance he was met by a party of hunters who carried him to Knox, where first aid was given. During his four days' exposure his only food was a few biscuits and scraps found at a deserted camping ground.

Gen. W. M. Wright And Sor in Portland General William M. Wright, commanding general of the Ninth corps area of the United States army, whose territory embraces Oregon, Washington, California, Idaho, Montana, Wyoming, Utah and Nevada, with headquarters at San Francisco, arrived in Portland this morning. COOL BANS WEDDINGS IN DANCE HALLS

Ordinance Passed Includes Threats; Public Marriages, With Prizes as Lure, Termed Travesty, by Critics of Practice.

By unanimous vote the city council this morning passed, with the emergency clause, an ordinance drawn by the women's protective bureau forbidding the performance of marriage ceremonies in any public dance hall or theatre or any other place operating under license from the city.

The action was featured by many hostile remarks and advice to Montrose Ringler, proprietor of a Broadway dance hall and manager of the dancing barge Blue Bird to "clean up and clear up quick."

"Ringler has gone too far in his attempts to evade the law in doing things to attract business to his dance places," commented Mayor Baker.

MAYOR GIVES WARNING Ringler was represented at the meeting by his attorney, who was advised by the mayor to inform his client that the city had had quite enough of law evasion. Commissioner Barbur expressed himself in favor of forthwith revocation of Ringler's license because of recent records in the municipal court.

The new ordinance carries a penalty of \$200 fine or 10 days' imprisonment, or both, for violation. Mrs. Lola G. Baldwin, head of the women's protective division, was called upon to see to the enforcement of the measure.

The emergency adoption of the ordinance was precipitated by the announced holding of a triple wedding following several single weddings at the Broadway dance hall.

PERFORMANCE AT THEATRE Recently a public wedding was performed at the Peoples theatre. Both there and at the dance hall cash and gifts were presented to the contracting couples. Believing that such weddings were travesties on the sanctity of marriage, especially since at least one marriage was followed almost immediately by separation and action for divorce, Mrs. Baldwin and Lignose Inspector Joe Hutchinson drew up the ordinance.

A feature of the hearing today was the denunciation by Mrs. Alexander Thompson, president of the Federation of Women's Organizations, of judges who would "debate their high office" by performing marriage ceremonies under such "blatant auspices."

Sergeant West Made Captain By Jenkins

Demotion was followed suddenly by promotion today when Police Sergeant Fred M. West—a lieutenant until last week—was elevated to a captaincy by order of Chief of Police Jenkins. He will have charge of the second night relief, now commanded by Captain L. A. Harms, who is transferred to duty in the inspectors' division.

West was one of six police lieutenants who were "busted" last week in the police "shakeup." That shakeup, however, which included the promotion of Day Captain John T. Moore to be chief of inspectors and the transfer of Captain Harry Circle from inspector to command of the day relief of uniformed police, left a vacancy among the active captains.

West is an overseas veteran and an officer of the American Legion and is considered one of the best police executives in the department.

During the war West served as assistant provost marshal of Paris. He was a member of the old Third Oregon and served with the 101st Airborne Division in active service shortly before the United States entered the war in 1917.

After going overseas he served at the front in the 101st Airborne Division, later transferred to the military police and stationed in Paris.

By A. L. Beadford United Press Staff Correspondent (Copyright, 1921, by United Press) Washington, Nov. 9.—The American delegation has agreed that all plenary sessions of the armistice conference shall be open, Senator Lodge, one of America's delegates, told the United Press today.

This means that whenever the full membership of the conference meets, the press will be present, if the American view prevails.

The American delegation's belief, it revealed, is that the conference should function somewhat similar to congress. Various questions before the conference will be turned over to committees.

These committees probably will hold secret sessions, although this has not been determined. Lodge said. Then, under the American plan, when a committee has agreed upon a program, it will be taken before the full conference and threshed out in the open just as in congress.

The American delegation has discussed the question and has agreed on fullest publicity.

The American delegation has given no consideration to throwing open such proceedings of the conference as committee meetings and there is no thought that the publicity plan will be so ambitious.

"I don't believe the press is to be excluded from any of the full sessions of the conference," Senator Lodge said. "That question has been thoroughly discussed by the American delegation. I think it undoubtedly is intended to have the press admitted to all the full or plenary sessions of the conference."

"I am not speaking with the authority of the American delegation," he added. (Concluded on Page Four, Column Three)

CLASH IN WAR DAKANATIONS WINN DELEGATES By Henry Wood Rome, Nov. 9.—(U. P.)—War has broken out in the Balkans, according to reports from Albania today.

Montenegro is reported to have revolted against Jugoslavia and to have allied itself with Albania against the Slavs. Fighting was said to be under way in several places.

A Montenegrin battery has occupied Montenegro and hoisted the Montenegrin flag. This is the most strategic position in the Balkans and is known as the "Gibraltar of the Adriatic."

Following clashes with the revolting Montenegrins near Podgoritz (an important city 50 miles east of Cetinje, former capital of Montenegro), Serbian forces were reported to have started forest fires in the mountains.

COUNCIL ASKS JUBILATION TO CLEAR OUT OF ALBANIA Paris, Nov. 9.—(U. P.)—Confronted with the possibility of a complete break in the Balkans, the council of ambassadors today decided to demand that Jugoslavia evacuate Albania.

A note will be dispatched to Belgrade immediately, it was said.

The council also signed a decision demanding that Albania be approximately those of 1913.

Biggest Thing Is Exposition Smallest Thing Is the Tax CITIZENS of Portland must not forget on November 19 that the biggest thing is the exposition and the smallest thing is the tax.

The six million of Oregon builds the nucleus of the exposition around which, in all probability, the United States of America, 47 other states, the British empire with its five great dominions and colonies, France, Algeria, Italy, Spain, Germany, Sweden, Norway, Denmark, Holland, Belgium, Switzerland, Japan, China, the 21 republics of South America, Mexico, and many other lands will build such a stupendous exhibit in buildings of the whole world, that they will add to the six millions three times that sum.

No man can measure the vastness, the greatness, the influence in world peace and prosperity of the exposition.

Yet the tax is only, all told for both state and city, \$9.96 per \$1000 of assessed valuation, and that payable only \$1.66 at a time, six months apart.
