

SUCCESS FOR ARMS CONFERENCE URGED

"At this important time when the world is pausing to 'stop, look and listen' on the eve of the world conference, I hope that all organizations which stand for party politics may be big enough and generous enough to interpret the word 'democrat' as standing for democracy and peace," declared Miss Manche Langley, Forest Grove lawyer, in an address before the Women's Democratic club at its meeting in the Central Library Thursday afternoon.

"There is no doubt that with party politics removed we would have entered into the League of Nations, as was expected of us by the world at large, and today we would have been infinitely ahead of where we now stand."

"Woodrow Wilson made mistakes during his presidency, but he met the great exigencies of his trust with wisdom and magnanimity unequalled by any president since the sainted Lincoln."

"Mr. Wilson, three years ago, led the world to believe that America sincerely wanted disarmament and peace. He, in his fair-mindedness, wanted peace and he knew that the people wanted peace. He knew that we must give to get; but our senate wanted (as nearly as one could make it out what they wanted) all getting and no giving. Let us give the conference convening at Washington our support in every word and deed."

That liberal response has been made to the suggestion of the Democratic Women's club of the candidacy of B. F. Irvine for governor was reported at the meeting. According to a report read, many petitioners over the state have written to the club pleading their support if Irvine should become a candidate. In the town of Moro, the report stated, 75 per cent of the voters signed a petition urging his candidacy.

Dr. J. W. Morrow, Democratic national committeeman from Oregon, told about the recent national committee meeting in St. Louis. John D. Mann addressed the meeting in support of the proposed 1925 tax.
