THE FAIR TAX IS IT A FAIR TAX? The voters of North Dakota, fired by enthusiasm from a well-planned campaign of spellbinding, carried their great industrial bond issue. Then, when they saw the high tax in its true light, they voted it down—but too late. Even the supreme court of the United States refused to interfere. NORTH DAKOTA IS IN FOR IT NOW! Now Oregon is asked to raise, in addition to its regular tax rate which is much too high, six millions for a fair. And \$1,179,947 of this year's taxes are still unpaid. WHERE IS THE DIFFERENCE? If you may be taxed for a fair, how do you know you won't be asked for millions for a circus or a merry-go-round or a dog show. RIDICULOUS? YES—BUT IT'S THE PRINCIPLE Even if the fair would bring the fabulous wealth and undying fame, of which we have been shouting, why should not the money be raised as it has been raised for every fair of all time? THINK! THE TAXPAYER'S LEAGUE L. J. GOLDSMITH, SEC'Y, 413 CORBETT BLDG.
