10 STUDENTS KILLED BY S. P. TRAIN

Occupants on Way to School at Red Bluff, Cal., Are Hurled Through Air When Passenger Engine Collides With Auto.

Red Bluff, Cal., Nov. 30.—(U. P.)—An auto bus carrying 16 students to the Red Bluff high school was struck by a southbound Southern Pacific train shortly before noon today.

Ten of the students were killed and the others are in the hospital where little hope is held out for their recovery.

The bus was struck near a crossing at Proberta.

The train was making about 45 miles an hour at the time of the crash and the bodies of the students were strewn about the tracks for a distance of 200 yards.

Many of the bodies were mangled beyond all recognition. One of the injured students died while being taken in a machine to the hospital.

The accident is believed to have been due to the fact that the bus had side curtains and the driver could not see the oncoming train.

The bus was about six miles from Red Bluff.

TWO BANDITS GET DESTAURANT CASH

After holding up Jake & Shy's restaurant at 249 First street at midnight Tuesday night, Frank Burns, ex-convict, was captured by Patrolman Landers, who was attracted by several shots fired by a crowd of citizens chasing the highwayman.

Burns confessed to the police and admitted he was recently released from the Monroe penitentiary, where he was serving a 10-year sentence on a charge of burglary.

Landers heard the shots and ran out after the robbers at the restaurant.

The two men got \$95.50.

HIGHEST BOND BID IS IN ERROR; CITY WOULD REJECT ALL TENDERS

Upon the statement of E. H. Geary of the First National bank that an error had been made in the bid of Lampert, Barker & Jennings for the \$200,000 water bond issue, the city council today agreed to reject all bids.

The concern Geary represented should post bond to cover the expense of advertising and a guarantee that the bid of Clark Williams & Co. would be considered as a basis for future bids.

The error in the bid, according to Geary, was made in transmission by teletype. The bid received was for \$97.17, whereas it should have been \$97.17.

The five highest bidders were present at the session of the council and agreed to the proposition of making new bids.

Geary stated he would refer the matter to New York and inform the council of the decision Thursday morning at 10 o'clock.

DRIFT TEARS AWAY THREE SPANS OF O-W. EAGLE CREEK BRIDGE

High water which brought heavy driftwood down Eagle creek early this morning swept out three spans of the 260-foot Eagle creek bridge of the O. W. R. necessitating the detouring of trains over the S. F. & S. running along the north bank of the Columbia river gorge.

Temperatures have hit the hills and mountains above the Columbia river gorge and started a quick run-off of the heavy snow which was covering the hills last week.

The Eagle creek bridge is one of the longest and best appearing bridges of the O. W. R. & N. in the Columbia gorge. Late reports indicate that the other spans would go before the day was over.

There are 12 spans in the structure.

Repairs will be started immediately and the O. W. R. officials hope to resume through service over their own line by Thursday.

WOMAN INJURES SELF IN FALL IN STREETCAR

Losing her balance when a streetcar made a sudden jerk while stopping at Grand avenue and East Morrison street this morning, Miss Frances Anderson, 213 City street, fell to the floor of the car and was severely injured.

It was reported that the fall caused the opening of a wound which was just healed after a major operation a short time ago.

She was taken home in an ambulance and a physician was called.

RELIGIOUS MOBS IN MEXICO ACCUSED OF STONING U. S. CHURCH

Aguila Calientes, Mex., Nov. 30.—(U. P.)—Religious warfare has broken out here anew.

The American consul here was preparing a formal demand for reparations covering alleged damage to an American Protestant church, alleged to have been stoned in rioting.

Bishop Valdespines of the Church of Guadalupe, answering the consul's protests, issued a statement blaming the Protestants for precipitating the trouble.

BURGULARS BATTER SAFE ON EAST SIDE; SKIFF OFF WITH \$300

Presumably the same expert safe burglars who recently made their debut in Portland in robbing the Metropolitan bank, today broke into a safe on East Third street, near the Pacific Post Office, and carried off \$300.

Using the same technique, the burglars smashed the hinges from a small safe and jimmied out the inner door.

Shedde hammers and axes found in the store were used by the burglars in this case.

The Metropolitan robbery the burglars left their sledge hammers and chisels in the basement where the safe was broken.

Inspectors Coleman and Collins examined the place but have been unable to find clues or finger prints.
