

# ANTI-RUST WAR IS DECLARED AT CONFERENCE

Destruction of all black currant bushes in the Northwest, strict enforcement of rigid quarantine laws, and in the Puget Sound region intensive investigations in the infested areas, are the aims of the white pine blister rust conference, which opened Monday, completed its business Tuesday and adjourned.

The Pacific Coast Nurserymen's association agreed to cooperate with the conference by urging its members to discontinue the propagation and sale of black currants, gooseberries and five-leaved plums.

### WANT PLANT WINDOW

The conference recommended to the federal horticulture board that quarantine be promulgated, prohibiting interstate movement of the "hosts" of white pine blister rust out of that part of Washington lying west of the Cascade mountains.

It recommended that all states in the west ascertain whether the state law authorizes destruction of black currants as a public nuisance, and if authorized to proceed with such destruction; if not, to secure legislation that will permit their destruction.

That a window on plant products be established at the postoffice to handle the mailing of all plants was another recommendation adopted.

The conference favored a campaign of scouting and education through the public schools, county agents and Boy Scouts on black currants, blister rust and their connection along lines of a plan used in Canada in 1914.

### LINE TO COOPERATE

Transportation companies, including the Great Northern railway, the Spokane, Portland & Seattle, Oregon Electric and Oregon Trunk, Southern Pacific, Union Pacific and American Railway Express company, agreed to have their agents and representatives in the different districts ascertain the extent of injury involved by blister rust.

Private timber owners will discuss the possibility of replacement of white pines by other species in case the contemplated efforts of control fail.

Private associations and the state department of forestry will contribute time and expenses of regular men during rainy weather and other times when they are not employed on regular forest protection, for scouting and other work necessary for the eradication of pine blister rust.

### SCOUTS PROPOSED

The finance committee, urging the emergency appropriation in 1922, urged that funds be used as follows:

Scouting for the distribution of the disease; quarantine enforcement in the West; studying Western factors in spreading the disease; survey to determine natural barriers; experimental eradication and control.

Investigation work would include ten men for the Puget Sound district to determine the exact extent of infected currants or gooseberries and potentially infected pine, and to keep such areas under observation against reappearance of the disease; six additional men for scouting in areas east and south of the infested area, chiefly for black currants.

It would provide four men in Idaho, three for Oregon, two for California and one for Montana, all workers at large.

British Columbia would provide five men for the Kootenai district and ten men for control work in the infested area.

Investigations would be made to determine the effect of climatic conditions, susceptibility of native currants and gooseberries, to ascertain what kinds may be regarded as dangerous carriers, to determine if the rust over-winters in the West, and the distance of spreading and rate of spread of the spores.

Canadian representatives agreed to cooperate in the eradication campaign. An executive committee, to take up blister rust legislation with congress and the various state legislatures of the West, was appointed by the conference.

W. D. Humiston of Pocatello, Idaho, was elected chairman of the executive committee. Other members are C. A. Park, president of the state board of horticulture, Salem, and H. P. Barsa, commissioner for the West on the advisory board of the American plant pathologists. S. S. Chapman of the Western Forestry and Conservation association, was executive secretary.

Canadian representatives agreed to cooperate in the eradication campaign. An executive committee, to take up blister rust legislation with congress and the various state legislatures of the West, was appointed by the conference.

## MRS. OBENCHAIN TO BE TRIED FEB. 15

(By United News) Los Angeles, Dec. 21.—Madalynne Obenchain will go on trial February 15 for her alleged part in the murder of John Belton Kennedy, the district attorney's office announced here Tuesday.

Counsel for Arthur C. Burch scored heavily in its campaign to impeach the testimony of state witnesses who connected Burch with the murder of John Belton Kennedy, by a strong chain of circumstantial evidence.

C. C. Blair, city marshal of Beverly Hills, struck a blow at Mrs. Elizabeth Besenty's testimony when he declared on the stand that the woman had told him she saw no suspicious characters of any kind in Beverly Glen the night Kennedy was shot.

"She did not tell me anything about seeing Burch in the glen," Blair said. "On the contrary, she asserted that she saw no one."

Mrs. Besenty proved the state's chief witness when the prosecution was building its case. She testified from the stand that she had seen Burch, Kennedy and Madalynne Obenchain in the glen on the night of the murder.

Edgar Nittinger, motion picture actor, testified that he drove up to the Beverly Glen road immediately after the undertaker's car which was summoned to remove Kennedy's body.

"Ours was the only machine following the hearse," Nittinger said.

Mrs. Besenty had testified that Burch drove back to Beverly Glen behind the hearse and witnessed the removal of the murdered broker's body.

Spokane, Wash., Dec. 21.—C. W. Nelson, sales manager of the Northwest Western Growers, associated, has tendered his resignation to the directors and it has been accepted. Nelson will sever his connection with the cooperative concern December 31. His future plans are indefinite.

The termination of Nelson's activities somewhat upsets temporarily the removal of the office from Spokane to Portland. The change was originally slated for the next 60 days. Instead it will be made immediately and some of the books were transferred to Portland Monday. The transfer will be completed by January 1.

PIONEER PHYSICIAN DIES Joseph, Or., Dec. 21.—Dr. J. W. Barnard, pioneer physician and district of Joseph, died December 14 at Enterprise. He was 69 years old and had lived in Oregon since 1890.

## Uniform Auto Camp Charges Aimed For; Meeting Is Called

Roseburg, Dec. 21.—An invitation has been sent by Roseburg to all cities located on the Pacific highway to send delegates here on February 21 to discuss the question of auto camp grounds. The discussion will be one of the big problems of the merchants' convention, to be held here February 20, 21 and 22.

The purpose of the discussion is to formulate an agreement whereby all cities will charge the same fee for tourists spending the night in their camp grounds, and to plan for better facilities for these tourists.

## Alleged Forger Is Due With Sheriff

Roseburg, Dec. 21.—Sheriff Starmer is expected to arrive in Roseburg today from Los Angeles, with J. P. Hardy, who is charged with having forged the name of J. E. Sawyer, county treasurer, to checks amounting to \$2400.

## Visitors Pass Bad Checks on Dealers

Roseburg, Dec. 21.—Bad check passers paid Roseburg a visit last week, swindling several residents out of a few dollars. A man giving the name of O'Brien, alias Goodman, spent Saturday here, passing several worthless checks amounting to about \$10. Sunday, a man named Wilson, representing himself to be a detective on the trail of O'Brien visited Roseburg and engaged a jitney driver to take him to Grants Pass. He paid the jitney driver with a \$30 check, which was returned, marked no funds.

## MAROONED CHICKENS SHOT

Hoquiam, Wash., Dec. 21.—Robert Blair, Humpthulps rancher, got his fill of chicken and hunting as a result of the big storm and flood of a week ago. His hen house was washed away and his chickens became marooned on logs.

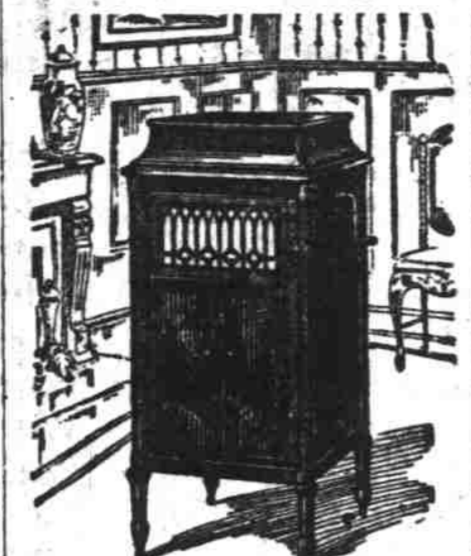

## SANTA VISITS HOQUIAM

Hoquiam, Wash., Dec. 21.—Santa Claus visited Hoquiam today, distributing 1500 bags of candy to the children of the city under auspices of the business men.

German builders have developed an airplane with a wing spread of only five meters and weighing only a little more than 300 pounds.
