### Saving Office Space

When every square foot of floor space costs dollars each month, twelve times every year, the saving of each square foot soon amounts to a very substantial economy. The Globe-Wernicke Horizontal Cabinet Sections can be extended both horizontally and perpendicularly -every square foot of floor space can be utilized clear to the ceiling, if desired.

#### Globe-Wernicke Steel morezonica: Jections

agin, 33 inches; height, 1834 inches; made in a depths, 17 inches and 25 inches. They are a made in half-lengths, 1634 inches, and in Blackship, 634 inches.

lists building-blocks these sections can be stacked up to fit most any space.

The sections contain practically every known effice filing device and convenience. They are fitted with interlocking devices or catches that keep them in perfect alignment and prevent my filting forward.

These sections are constructed with %-inch thick double walls, with air space between and each opening for drawer or file has complete tep, bottom and side walls.

To appreciate the full merits of this line you should see them on our floor. Catalog on

## Outstanding Facts

concerning our Special \$100 Diamond Rings. We originated this feature, now so extensively copied in this and other cities. By wise buying we have very materially increased the size of these special Diamonds.

Our Paris office keeps us in touch with the world's principal cutters, and by buying direct in large numbers, we secure the lowest prices, besides eliminating the middleman. Selling in quantities enables us to do away with the extra war tax-a \$5.00 saving on each diamond.

Our new Platinum Top Mountings are specially fashioned to make the stones appear to advantage. We carry over 50 different designs. During 1922 we are prepared to place larger stones than ever before in our Special \$100 Diamond Rings.
