operate independently. SEASON CLOSES HERE The Reach ball, which has been used by the league for several seasons, was scarded in favor of the Wilson ball. After disposing of these questions, the magnates busied themselves on the schedule. The 1922 season will be 28

### Suspension **Of Babe Ruth** Will Stand

By Jack Velock

International News Service Staff Correspondent VEW YORK, Jan. 17.—(I. N. S.)— Babe Ruth will break no home run record this year. That is, not if the suspension against him stands, and it is elieved that it will.

This is the opinion of baseball men in general and, although officials of the New York Yanks today declined to discuss the probable effect a month's spension will have on Ruth's hitting, it is a practical cinch they feel the same way about it.

The case of the home run king has een revived by the circulation of rumor that the major leagues will throv out the rule against barnstorming at their schedule meetings in February. This rumor is vigorously denied in ome quarters for, it is pointed out Judge Landis' decision must be strictly upheld with no show of attempts at evaion and that the reinstatement of Ruth now would be looked upon as a purely commercial move.

"We have heard nothing regarding the case of Ruth or Meusel since Judge Landis handed down his decision," said Susiness Manager Ed Barrow of the Yanks today, "and all I know is that the ruling does not apply to the spring xhibition season. Aside from this I do et care to discuss the case." Providing Ruth's suspension stand and he gets started on his 1922 cam-

to enter the Yank lineup, he will start just 12 home runs behind his record of last season. Ruth got his first homer last season on April 16 and his twelfth on May 17 at Cleveland. He did not get his thir-teenth until May 25. So the task cut out for the big bambing if he is kept

out of the lineup will be just about as

May 30 when he will again be eligible
