

### FRANKLIN KORELL ASPIRES TO SEAT IN LOWER HOUSE

Franklin F. Korell has made formal announcement of his candidacy for the Republican nomination for congressman from the Third district, Multnomah county, and will fight it out with Congressman McArthur and such other candidates as may enter the field during the coming campaign, ending with the primary election of May 19 next.

In the statement accompanying his announcement, Mr. Korell says he was born in Portland 32 years ago, has lived here all his life, was educated in the public schools, at Bishop Scott academy, the University of Oregon and the Yale law school. He was admitted to the bar in 1910 and thereafter became associated with the firm of Bronaugh & Bronaugh, from 1912 to 1918. He is a member of the Multnomah and state bar associations and of the national association.

He entered the military service in August, 1917, was sent to the second officers' training camp at the Presidio; commissioned first lieutenant and assigned to the Twelfth infantry, Eighth division, November 27, 1917. He was promoted to captain adjutant, Eighty-second infantry, Sixteenth division, and was discharged March 22, 1919. He was one of the first organizers of Portland post No. 1, American Legion, and was elected delegate to the national convention in 1919-20, and was chairman of the local post during that same period. He is a member of the Lincoln Republican club; was a member of the county central committee in 1914, and at present is a member of the lower house of the state legislature.

In his formal statement, addressed to the Republicans of the Third district, Korell says: "Having the ambition to serve in our national congress and believing the time opportune to offer myself as a candidate for that honor, I hereby announce to the electorate of this congressional district my candidacy and respectfully ask their support in the coming primaries. "Upon the leading political questions now before the people, as I see them, I stand as follows: "I am in favor of a strict and literal observance of the laws of the land. "While I approve of all that has been done to put down autocracy, nevertheless, I do not favor a maudlin sentimentality in favor of any foreign country. I rather advocate giving more attention to relieving the living conditions of our own people. "I am in favor of a large merchant marine, of extending national aid to projects of irrigation and water power development, of developing our water routes of interstate transportation, and of a national good roads program. "I believe that the nation's gratitude should be expressed not merely through words but action. Accordingly, I favor the immediate settlement of all just claims of former service men and women,

### Thief Robs Laundry Wagon; Odd Pickings Problem for Police

As a laundryman, Frank Erickson would make a good comedian. Frimed with the idea of getting something for nothing, Erickson walked down the street and seized upon the first likely thing that looked as if it might be turned into money, according to the police. What he chose was about \$150 worth of washing from a Main Hand Laundry wagon, which stood before the Yeon building.

He was picked up on suspicion as he was trying to dispose of some linen to some negroes. Inspectors Hellyer and Mallett were detailed to investigate the case. Knowing that no sound minded crook would seize upon washing as suitable loot, the two detectives were baffled until they finally wormed a confession from Erickson.

Police ascertained that Erickson had a previous record in local police books. He was sentenced to 180 days for larceny by Municipal Judge Rossman on Wednesday afternoon.

### Stripped Roommate, Charge; Bound Over

Mack Shipman, arrested in Vancouver Tuesday night on the complaint of Glenn De Renzy, waived a preliminary hearing before Municipal Judge Rossman Wednesday afternoon, and was bound over to the grand jury on a charge of larceny, with bail fixed at \$500. He was charged with making off with about \$10 worth of clothing belonging to De Renzy, his roommate.

### Fined \$300; Booze Mail Case Pending

Newberg, Jan. 19.—E. O. Hall, arrested for alleged use of the mails as a means of purveying moonshine, he being accused of sending boxes of prunes in which were secreted bottles of liquor, was fined \$300 and costs in the justice court Wednesday on an accusation of having had liquor in his possession. Hall deposited \$500 in cash in lieu of a bond in taking an appeal. He is awaiting action of the federal grand jury in connection with the charge of sending liquor through the mails.

### PACIFIC SPRUCE CO. TO COMPLETE PLANT AT TOLEDO

A force of 75 men in the employ of the Pacific Spruce company is engaged in rearranging and completing the lumber manufacturing plant at Toledo, Or., formerly owned by the United States Spruce Production corporation. This force is being increased daily, according to C. L. Johnson, president of the company, and the plant will begin operations about July 5 with a crew of approximately 500 men.

The Pacific company purchased the mill, together with 2 1/2 miles of railroad and a tract of 800,000,000 feet of timber in Lincoln county, some months ago from the government for a consideration of about \$2,000,000. According to the government report, the timber cruised about 45 per cent spruce, with the balance in Douglas fir, cedar and hemlock.

TRIBUTARY TO S. P. The plant is tributary to the lines of the Southern Pacific and to deep water transportation from Yaquina bay. Construction work was started by the new owners January 3 and consists of rearranging the saw mill, completion of the power house, dry kilns, planing mill and box factory and installation of equipment. The plant will have a two-shift capacity of 500,000 feet per day.

Johnson was formerly with the Frost-Johnson Lumber company of St. Louis

and is one of the officials of the Davies-Johnson Lumber company, engaged in the manufacture of sugar pine and white pine lumber in Plumas county, California. His associates in the ownership of the Toledo plant are large consumers of spruce lumber in the East.

STEVENSON MANAGER F. W. Stevenson, formerly a lumber operator in Michigan, is a stockholder and will be manager of the plant with headquarters at Toledo. Wholesale and business offices will be maintained at Portland.

A development company has been organized and financed by citizens of Toledo for the construction of housing facilities for employes for the new plant. Logging operations will begin in time to give the mill a supply early in July; logs being dumped into Yaquina bay and floated to the plant.
