TRUCKS AND TRACTORS 802

Don't Be Fooled

During 1921 this company has sold more used trucks than ever before in its history, in fact we believe more than any other company in the entire Northwest.

This record made during the most depressing year in truck history clearly shows, we think, buyers are realizing that no used truck of no matter what make is any better than the company which stands behind it.

It is a source of considerable satisfaction to us to feel that we have never knowingly misrepresented a truck and that we have consistently protected our used truck owners with the same co-operative service by which this company has earned its reputation.

Backed by Mack

We offer to prospective truck owners a wide assortment of used trucks, ranging in price from $250 to $5000 and in size from ¾-ton to 5-ton. Nearly all makes are represented.
