Fads and fancies in feminine frills held the interest of the thousands who attended the automobile show at The Auditorium Thursday night. "Society night" brought out greater crowds than have yet appeared.

Attractive girls in attractive costumes paraded up and down the runway which had been constructed in the center of the main floor. Motoring clothes and evening gowns were shown in profusion. Fashion girls appeared in styles expected to attract many to the beaches next summer. Dancers contributed several numbers, a program being given by Anita Bell Austin and Maxine Parker and a special dance by Alys May Brown.

Costumes were furnished by the Knight Shoe company, Betty gowns, Elizabeth hats, Spaulding company, Norman Brothers, sport goods department of Honeyman Hardware company, K. S. Ervin & Co. Sweet Sixteen company, Jantzen Knitting company and Portland Display Men's school.

Today is "Music day," the program including the regular concerts by the Stendenmayer band and in addition afternoon and evening concerts by the Columbia Women's orchestra. Vocal and instrumental solos will also be given.

The automobile show will close Saturday night. For the most highly informal entertainment in the nature of a Mardi Gras has been planned.

Forestry Service Drawing Men Back, Declares Chief

The United States forest service, as a field for forestry occupation, is proving more attractive than it has the last few years, believes Paul D. Kelleter, of the office of operation from Washington, D. C., who is in Portland consulting Shirley Buck of the district forester's office over matters of personnel.

"While the deflux of our technical men during and immediately following the war was large, owing to larger salaries paid by private lumber interests," said Kelleter, "some of these are now drifting back into the service, and of the ranger type of employe we had 300 more men take the rauger examination last fall throughout the country than during the previous year.

"If congress allows our estimates, we will be able to take on a larger number of technical men from the forestry schools next year.

Kelleter is attending various supervisors meetings and visiting the district officers throughout the country.

"Those Who Dance Must Pay The Fiddler"

There's a settlement in profit or loss, for nearly every indulgence.

Sometimes the pay-day is long deferred, and in that case the settlement may bear compound interest.

Often a payment in ill health is required for the dance had with tea or coffee during earlier years. Sometimes the collection comes in sleeplessness, sometimes in headaches, sometimes in high blood pressure, or in nervous indigestion—sometimes in all these penalties.

Nerves won't always stand the whipping of tea and coffee's drug, caffeine.

If you've been dancing to tea or coffee's fiddling, why keep on till payment time comes? If you're beginning to pay, now, why not cancel the contract?

There's an easy and pleasant way to avoid tea and coffee's penalties, as thousands have found who have changed to Postum. It is a delight with any meal—rich, comforting and satisfying—and it never harms. Even the little children can have a breakfast cup of Postum, with no fear for what may happen to sensitive nerves.

Instead of paying penalties for your meal-time drink, let it pay benefits to you, by giving natural health a full chance—and begin the new arrangement today. Any grocer will sell you, or any good restaurant will serve you Postum.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.
