of one per cent to 8 per cent.

Q. How much money has the state on band for paying compensation?

A. The funds of the Industrial Acci-

dent Commission are divided into the

two general classifications, namely, re-

reserve funds are those which have been

For illustration, last month a logger

was killed, leaving a widow and eight

children under 16 years of age. The

widow was awarded a life pension of

\$30 per month, and also was awarded

\$8 per month, such payments to continue until they become 16 years old, making

behalf of each child an additional

The above procedure is followed in

connection with every award of com-

pensation in fatal cases and in cases of

permanent partial disability when the

payments will extend over 24 months,

such as in the case of the loss of a

hand, arm, foot, eye, or other serious

disability. The money thus set aside

can be used for no other purpose and

is a guarantee that those to whom

wards are made will receive their com-

pensation regardless of the fluctuation

of industrial conditions. These reserve funds are invested in bonds, which are

considered the safest form of invest-

Under the provisions of the law the

commission on July 1 of each year must

determine the amount of all liabilities,

including unsettled claims, and then add

\$300,000, and whatever balance remains

is refunded to the employers who paid

into the fund during the preceding year.

On December 31, 1921, the commission

had on hand an unassigned surplus of

Q. What are the rates paid to injured? A. Single men, 40 per cent of wages,

but not more than \$55 per month; mar-

ried men, 48 per cent of wages, but not

more than \$65 per month; man, wife and one child under 16 years, 53 per cent

month; man, wife and two children

under 16 years, 58 per cent of wages,

wife and three children under 16 years,

63 per cent of wages, but not more than

\$89 per month; man, wife and four

children under 16 years, 66 2-3 per cent

of wages, but not more than \$97 per

The minimum compensation for

single workman is \$30 per month, and

a wife or invalid husband, unless the

actual wages be less than these amounts,

in which event compensation equal to

wages shall be paid. Injured workmen

are entitled to complete medical, sur-

gical and hospital care without addi-

at the expense of the accident fund. If

they lose an arm or leg, or sustain

serious nature, they also become eligible

for vocational retraining, during which

period of training an allowance is added

sufficient to support themselves and de-

pendents. All expenses connected with

the training, such as tuition and sup-

olies, are paid by the commission. This

feature of the Oregon compensation

penefits has made it possible for many

everely injured men to regain a foot-

hold as wage earners. In cases of fatal

accidents, compensation is awarded to

the widow at the rate of \$30 a month

and to the children at the rate of \$8

per month, with no limit on the number

whose behalf compensation will be paid:

of children under 16 years of age on

their regular compensation benefits

tional expense to themselves. If they lose an arm, hand, leg or foot they are also entitled to an artificial limb

set aside for specific purposes and can

serve funds and general funds.

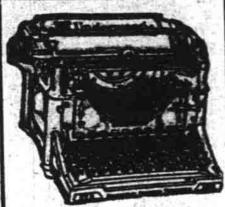

not be used for any other purpose.

Rock Saturday afternoon. Persons at the camp telephoned to The Journal that they had never seen so much steam issuing from the mountain before.

It had also been seen by all the peo ple residing on the west side of the mountain, it was said, and could be seen from Portland with a glass if the weather were clear enough. That it might be connected in some way with the mud flow of last summer was held a possible cause.

The Journal recently received from a reader a series of questions concerning the activities of the Industrial Accident Commission. The rate is \$15 per month. The pension to the industrial accident that the reader's questions and the answers made by the commission are printed berewith.

If a child is left without parents the rate is \$15 per month. The pension to the widow is for life, unless she remarries, in which event she is given commission are printed berewith. \$300 as a final payment. The pension to the children runs until they become Q. What per cent of a man's wages 16 yeras old. If no widow or children are left, dependent parents or other A. One cent for each work day. No close relatives are entitled to receive workman is required to pay more than nsation, the amount depending this. The employers pay into the fund upon the sums contributed by the dea percentage of their payroll, the per-centage depending upon the hazard of the occupation. The rate of the emceased workmen toward their suppor during the preceding 12 months. \$30 TO DEPENDENTS ployer ranges all the way from one-half

The maximum pension to dependents is \$30 per month. Q. Who makes the rates to the in dustries?

A. The legislature. The commission however, is given authority to revise the rates on July 1 of any year.

Q. Is the Industrial Accident Commission piling up money a lot faster than it can be used? A. No. This question is answered in

the reply to the second question. Q. Are a lot of offices created to use part of the money for salaries? A. The compensation law tiself limits the accident commission to 10 per cent approximately 92 cents out of every thea Gray, reporters; Lena Sharp, Vy-dollar expended by the control of the dollar expended by the commission has gone to injured workmen or their dependents or directly for their benefit in sports. medical, surgical and hospital care. Q. That the rates are so high that employers turn back to old-time insur

A. The number of employers under the compensation law is greater now than at any previous time since the law

Q. That they have different rates for pay the same rate.
Q. What is the use of piling up a lot

of money if it comes in regularly every A. The above explanation relative to reserve funds answers this question. Funds are not accumulated except for the payment of awards made and to ake care of unsettled liabilities.

Q. Why should they buy big blocks of A. This has been answered in the re ply to the second question.
Q. Why not decrease the rates for

pertain length of time? A. When the inquirer considers th explanation relative to reserve funds and the plan for refunding to the employers all surplus not actually required, he will find this question has been

# The Reading Hour

How many mothers read to their children before they go to bed? It's a practice that has a wonderful influence on their future—an obligation that brings reward to both parent and child.

### Globe-Wernicke Sectional Bookcases

Start a library for your children—teach them to keep their books in place-in a Globe-Wernicke Sectional Bookease.

Begin with a few sections and, as the books increase, add more sections. You pay no more per section for one than for a dozen sections.

No mistake can be made in buying Globe-Wernicke Sections, for the grown man can get additions to the case started for him as a child.

Dust-proof glass receding doors protect the books in every section and the cases are beautifully finished in oak or mahogany to match surroundings.

Ask for catalog with full information.
