THE Cameron surprised the followers of the Portland Soccer Football association Sunday afternoon by breaking into the win column, and it was at the expense of the Honeyman Hardware company representatives. The match was the first affair of a double-header and ended in a 1 to 0 score. The Kerns and Peninsula eleven played a scoreless tie, both contests being staged on the Columbia Park gridiron.

The lone goal of the day came in the second half after Bob Rankin had taken the ball from midfield to within striking distance of the Honeyman goal. He made a beautiful pass to his teammate, V. Murphy, who was equal to the occasion and shot the ball between the goal posts. Ed Maxmeyer, the Honeyman's goalie, made a great try, but it was out of his reach. Following the shot, both teams played at top speed, the Camerons playing a defensive game, while the Honeyman players working for all they were worth to put across an equalizer at least.

**GREAT DEFENSE**

The Cameron team's defense was strengthened for Sunday's game by the addition of H. Jones, former Macleay fullback, and with C. Simpson, the two of them were able to withstand the Honeyman charges. H. Jones, at goal, saved the day several times. For Honeyman, Smith and Maxmeyer played the best game. Not a personal foul was called in the first game, and the Camerons were not offside once, all of which is quite remarkable.

The Peninsula-Kerns engagement brought out one of the fastest matinees of the 1921-22 season. Try as they would, neither combination was able to score, although the Kerns forwards did take two shots which looked good for points, but they failed by inches. Once Billy Bragg carried the attack up to the goal posts, but his final boot was blocked right on the goal line.

**PENINSULA LEADS**

Alec and George Muldoon, as well as the Langton brothers, showed to good advantage for the Kerns outfit, while Peninsula's attack was led by George Morgan, Elmo and Leptic. Peter Manley refereed both games.

The footing was not so good as it might have been, and the result of the four teams put up great exhibitions. The result of the games finds Peninsula still at the top of the league, with Kerns in second place and the Camerons and Honeyman tied for third honors.

## 'Pro.' Football Is Menace to College Game

CHICAGO, Jan. 28.—(U. P.)—Coaches in Western conference will break the professional football menace, according to Coach A. A. Stagg of the University of Chicago.

The Taylorville-Carlisle game, in which University of Illinois and Notre Dame athletes are said to have participated, will lead to immediate action by Western conference officials. The professional menace will be the chief subject discussed.

**SAW DANGER**

"I think the time has come for concerted action," said Stagg. "I have noted the danger for several years as the professional game grew, and have been ready to meet it."

Stagg added his belief that most of the college players in the West are not as good as the professionals. He expressed the belief that unscrupulous persons representing themselves as Notre Dame stars "double-crossed" the promoters of the game.

## SHIP POOL FEET MUST BE BARGAIN

(By United News)

San Francisco, Jan. 28.—The \$20,000,000 shipping pool recently established here by 70 representatives of shipping firms in seven Pacific coast cities will take over a large number of shipping board vessels, provided the government will sell them at a reasonable rate, and will agree to treat American shipping as well as British shipping is treated by the British government, Robert Dollar, head of the largest marine and shipping firm on the Pacific, declared today.

"Our plan is to put American shipping in the Pacific on its feet," the veteran steamship president declared.

"I am going to Washington with Herbert Fishback's committee in February to talk the matter over with President Harding and Chairman Leaker of the shipping board.

"One thing I will not do: I will not go to Washington with my hat out for pay in the shape of subsidies. I have no interest in promoting the merchant marine that way. It is not necessary.

"Let the government sell us the ships at a reasonable rate, modify the navigation laws and their enforcement so that we can be on an even footing with the British, pay us a proper rate for services such as carrying mail and transporting quartermaster stores to the Philippines, and we can meet competition. I know this from personal experience, because the Robert Dollar company is operating American, British and Japanese ships today.

"If we have in the American merchant marine the same requirements of manning, inspection and other operating conditions as the British, we need have no fear of their competition, and if we do not have to fear British competition we do not have to fear anybody's, because the British are already in successful competition with every marine nation."

## Greeks Preparing For Another Drive To Capture Angora

Athens, Jan. 29.—(I. N. S.)—The failure of the British, French and Italians to mediate for peace between the Greeks and Turkish Nationalists in Asia Minor has led to preparations for a new offensive by the Greek army, it was learned today.

It is expected that the drive will be undertaken in about six weeks. King Constantine probably will go to the front and the Greeks will make another effort to capture Angora, the Turkish Nationalist capital.

The Turks are not inactive. They are said to be securing war supplies from Russia and getting ready to meet the Greek attack.

## Fans Are Not Getting 'Kick' Out of Match

By Henry L. Farrell  
United Press Staff Correspondent

NEW YORK, Jan. 28.—Attempts to "build up" a Jack Dempsey-Harry Wills heavyweight championship fight aren't causing the expected seventh degree of interest.

William C. Brady, who figured prominently in the Dempsey-Carpenter proceedings until it came down to real business, says it is the next "bottle of the century."

Perhaps Wills is the best man in the field to give Dempsey more than a little high-priced exercise, but it is extremely doubtful that the contest could be staged if fandom wanted it.

**UP IN ARMS**

The reform bureau, which made a belated attempt to stop the fight in Jersey City last July, in the words of one of the leaders of the bureau, "will not be caught asleep this time."

The bureau, it was learned today, is not opposed to a mixed bout; its objections are more general.

"We have plans to stop any prize fight, at any time, in any place," the prominent leader said.

Neither Dempsey nor Wills have shown haste in posting the \$50,000 forfeit which Brady asks to guarantee his \$200,000 offer for the fight.

## Aggie Mat Men Out For University Meet

Oregon Agricultural College, Corvallis, Jan. 30.—Tryouts for the Oregon wrestling meet scheduled for February 3 at Eugene are being held here. An epidemic of bad colds has taken the campus and three of the best heavyweight bonerushers are out causing Guy Rathbun, the coach, considerable worry. For more than a week Felestad, Thomas and Mickelwait have not appeared for workouts. A shift of a number of light heavies to the heavier class is thought probable by Rathbun, as Johnson is the only real Aggie competitor left. That the wrestling team will not meet either the college or University of Idaho is indicated, because of the length of time the men would be off the campus. They will meet both Washington university and Washington State when they go north.

## Sigma Chi Victor In Swimming Meet

Oregon Agricultural College, Corvallis, Jan. 30.—With a score of 29 points, Sigma Chi took the honors in the national fraternity swimming meet Saturday. The freshman team scored 12 points, the juniors 6 and the vocationalists 5.

## I. W. W. Cases Will Be Prosecuted to Limit, Union Told

Aberdeen, Wash., Jan. 30.—No laxity will be shown in prosecuting members of the I. W. W. charged with syndicalism in Grays Harbor county. Prosecuting Attorney Acret said Saturday in a letter to the American Civil Liberties union of New York city, of which Jane Addams and former congresswoman Jeannette Rankin are members. The union sent a letter to Acret protesting further prosecution of Emil Siegert, whose trial for syndicalism is set for next month.

In the letter it is declared it is unfortunate and unwise for the government to prosecute persons for their utterances distinguished from overt unlawful acts. Acret in his reply said "the Centralia massacre is too fresh in the minds of the public not to force the law against syndicalism."

"It is my fear," he said in conclusion, "that the activities of your society in advocating free speech may lead to further misapplication of its meaning on the part of persons who do not understand the boundaries of liberty in America."

## Agent Fixes Fine For Trail Damage

Hoquiam, Wash., Jan. 30.—For alleged damage done to a trail through the Quinalt Indian reservation when a herd of cattle was driven through from the Queets, ranchers owning the cattle were assessed a fine of \$33 by W. S. Indian Agent T. Taboach. The ranchers, holding that the trail is the only means of exit for their cattle on the way to market, and that damage to the trail was not preventable, have petitioned the Hoquiam Commercial club to intervene and retract the fine. The Queets country is practically isolated from the rest of the peninsula, there being no roads, the old Indian trail being the only means of passage.

## Mrs. Harding Sorry She Cannot Join in Lark on Bob Sled

(By United News)

Washington, Jan. 30.—A bob sled party swept up to the front door of the White House. There were shouts of "Warren" and "Oh, Mrs. Harding."

Washingtonians flowing by the mansion in Sunday's snow drifts looked into the grounds with surprise. Suddenly they saw Mrs. Harding emerge from the front door, wearing one of "Warren's" overcoats. There was an exchange of greetings and laughter, then a "wish I was going along," as Mrs. Harding turned back to the house and the party emerged from the grounds.

On small sleds, drawn by a larger vehicle were Mrs. Alice Longworth and her husband, Congressman "Nick" Theodore Roosevelt Jr., and a number of the Roosevelt children; Senator McCormick and others, all out for a Sunday lark.

## Five Inches of Snow Falls at The Dalles

The Dalles, Jan. 30.—Sleigh bells are ringing in The Dalles once more, after a hiatus of about a week, due to a chill, which in turn was due to a resumption of the east wind Friday and a heavy snowfall Sunday. At daybreak the sky was all set for the heavy snowfall which began about 9 o'clock, and was still continuing Sunday night. Between 4 and 5 inches of new snow was on the ground at 8 o'clock Sunday evening.

## Gardner Working Out for Contest With Ted Thy

"PINK" GARDNER, who meets Ted Thy, wrestling instructor of the Multnomah Amateur Athletic club, in the main event of the main card staged for the Hellie theatre Wednesday night, is in Portland.

The good looking New Yorker arrived last Saturday, and Sunday afternoon found him working out in the Armory. He tips the beam around 185 pounds, and when he enters the ring Wednesday night he expects to weigh in only a couple of pounds less than the Oregonian.

Gardner's last bout was against Walter Miller a couple of weeks ago in Los Angeles, and although he lost he gave Walt a terrific time while it lasted. The Eastern wrestler was handicapped in that he was forced to make 157 pounds at 3 o'clock, and he was pretty weak when he entered the ring. At that, he does not offer his weight making as an excuse, but he does think that he can hand Miller a defeat if he is permitted to go in at catch weights.

Promoter Routledge has arranged for two bouts to precede the main event. Banta Singh, the original Hindu champion, meeting "Prof" Richard Kanthe in a 15-minute affair, and George Anderson of Albina tangling with Jack Larry, the cowboy matman of El Paso, Texas.

Carl Frellinger of the Multnomah Amateur Athletic club is being sought to referee the Thy-Gardner get-together.

## Seattle Contract Received by Babb

Oregon Agricultural College, Corvallis, Or., Jan. 30.—Another Oregon Aggie baseball player has been tendered a contract to play with the Seattle team of the Pacific Coast league. Bert Babb, veteran pitcher, is the latest to hear from Business manager Jimmy Richardson, and should Babb put his name to the document, thereby eliminating him from future play with the collegians, Coach Rathbun will have only one letter man left, Duffy in back, and expects to play with the varsity.

## McNiven Is Named Tennis President

Centralia, Wash., Jan. 28.—J. C. McNiven was elected president of the Centralia Tennis club for 1922 at a meeting Wednesday night. The other officers are: Miss Beattie Gilliam, vice president; Morgan at 135 pounds and Glassop at 145 pounds are two comers on whom the future tennis fans are banking for victories while Peas, Couta, Kelly and Daniels are figured on to make things interesting for the association representatives.

The first bout will start at 8 o'clock and efforts are being made to have Virginia Hamlin of the Multnomah Amateur Athletic club wrestling team referee the contests.
