

MEMORIAL PLOT TO BE TAKEN OVER BY CITY

That Lone Fir cemetery should be taken over by the city and maintained as a memorial plot in the belief of Commissioner S. C. Pier, head of the park department.

Numerous petitions have been sent to the city council and the park bureau asking that the cemetery be taken over by the city and that burial in the old tract at East Twentieth and Morrison streets be discontinued.

"It would be an excellent idea to have the cemetery as a memorial plot belonging to the city," he said, "for there are many pioneers buried there. Eastern cities, especially those in New England, keep the old cemeteries as permanent memorials for those who helped build up the community. The city could do well to follow their example."

Such procedure at the present time would be impossible, Pier admitted, because there is not sufficient money to acquire the plot. At any rate, he said, the council is considering prohibiting burials in the old cemetery.

PROGRESSIVE PAYMENTS ON CITY WORKS FINANCED BY PROGRESSIVE PAYMENTS for sewer and street work for the city will be discontinued, the council ruled today.

The question came up when the report of Frank S. Grant, city attorney, was read, stating that the city would pay F. S. Grant \$400 for interest on warrants given for progressive payments for the Hatch Gulch sewer.

Due to remonstrances made by owners of property in the district the assessment was not entered on the lien docket in time for the delinquent property to absorb the interest, which will now have to be paid from the general fund.

Under the plan that was tried out and it was believed that the city would be enabled to bid on large contracts as the progressive payments plan would help them finance the work.

MENACE LURKS NEAR RAIL

Depression of pavement near street car on Second street, between Ash and Ankeny, typical of spots avoided by motorists and truck drivers.

One of the most common causes of automobile and truck break downs on Portland streets is the depression often found in the pavement next to the cobbles that flank street car rails.

It is placed on the wheels of vehicles that pass over such faulty paving. The impact of the wheel of an automobile moving at a fair rate of speed against the far bank of such a hole is often sufficient to break the wheel.

FILM MAGNAES QUIZZED IN MYSTERY

Latest bits of evidence in come to light. The letter was received by Arthur Koetsch, assistant state's attorney general. It was said to have direct and important bearing on the crime.

The letter was said to recount a conversation overheard between four men in two automobiles, which were standing at Second street and Bunker Hill street the night of the tragedy.

Among these articles was a strip of motion picture film. It was apparently a scene of a scene depicting the Grand Canyon. In the strip was this subtitle, apparently only a sinister coincidence.

A deep and brooding mystery seems to hover over this great scar on the face of nature. Taylor is known to have had several reels of film stored at his home.

Assessments, amounting to \$12,456.78, for sewer, construction and three improvement projects were entered today and entered on the lien docket by George R. Funk, city auditor.

Five sewer construction projects have been completed, according to a report filed today by O. Laugaard, city engineer. Laugaard recommends the acceptance of the projects.

MILWAUKEE RECALLS CANDIDATE

Contending that the municipal affairs of Milwaukee should be restored to a more businesslike basis than they have shown of late, G. C. Pelton, recall candidate for mayor against J. M. Snyder, today declared for a reduction in water rates or at least for an apportionment of the present water rate provision.

Pelton said that, while the main issue in the recall campaign which will center about the special election of February 16, is the controversy over administration of the Milwaukee Boxing commission, there is room for a general stiffening of the municipal spirit.

"I believe the city should get its share of the receipts from the boxing events at the Milwaukee arena," Pelton said. "It should not be managed for the public gets what it is entitled to. We have been getting the little end of it too long. I believe the Milwaukee people want boxing continued, if it is to be properly managed on the right principle."

Pelton also declared himself against the showing of uncensored moving pictures in the city. He said that moving picture theaters in Milwaukee have failed because the resident population is not large enough to maintain it.

Dr. Bolton is unfamiliar with the technicalities of court procedure and leaves many loopholes for objection on the part of the attorney for the defense, according to the complaint filed in a Washington telegram to McNary soliciting legal aid.

Soviet Closes Free Drug Stores; Idlers Pay Higher Prices

Special Wireless to The Journal and The Chicago Daily News. Moscow, Feb. 8.—The people of Moscow no longer enjoy free drugs and medicaments. According to a decree issued by the government, idlers must pay for themselves by charging for what they sell.

EX-SOLDIERS' WAGES SHAVED BY 'RED TAPE'

"My complaint was met by the statement that there are other agencies of the state and the business was being divided. My point is that all effort to secure the wages of ex-soldiers should be handled through the combined employment offices of the American Legion and the city.

Assistant Postmaster Chapman stated that he was also employed in direct, men who have dependents, but added that he took their work without investigation; we investigate the statements made to us.

Roadmaster Etchele issues time checks for highway clearing. The work is done in the time check to the county auditor who audits it. He then takes it to the county clerk, who issues a county warrant in exchange for the cash.

County Treasurer Lewis said this morning that men employed in highway clearing are being paid less than they are entitled to.

Haldeman Is Named Astoria Postmaster; President Ends Row

Washington, Feb. 8.—(WASHINGTON BUREAU OF THE JOURNAL.)—An intense three-cornered contest for postmaster at Astoria comes to a close with the nomination of Haldeman.

Originally the two leading Republican candidates, it appears, were Haldeman and Frank J. Carney, postmaster under Taft. Carney failed to get on the eligible list, however, the third man after Wiser and Haldeman being the assistant postmaster, Henry F. Peacock.

Republican factions thereupon lined up for Haldeman, for Peacock, Hawley's endorsement carried Haldeman over.

Sinsheimer Estate Is Worth \$100,000; Bequests Are Listed

H. Sinsheimer, who died in Portland January 28, left an estate of \$100,000 in notes, mortgages and bonds, according to the petition for probate of will, filed in circuit court Tuesday afternoon by his daughter, Mrs. Henrietta C. Coleman.

More distant relatives receive smaller bequests. The following beneficiaries are named: Neighborhood House, \$500; Visiting Nurse association, \$200; Day Nursery, \$250; Hebrew Benevolent society, \$250; Beaverton Home for Orphans, \$550; Salvation Army, \$100; Baby Home, \$200; Children's Home, \$200, and Federated Jewish societies, \$500.

Day-Hecla Mining Injunction Case Proves Expensive

Spokane, Wash., Feb. 8.—The Day-Hecla injunction suit over the Star mine, ended last week, was probably the most expensive litigation ever tried here. The hearings, since January 16, have been attended daily by four attorneys for the Day-Smith interests and five for the Hecla, with 30 or more engineers and metallurgists subpoenaed for expert testimony.

Weeks Would Have Ford Promise He'll Make Fertilizers

Washington, Feb. 8.—(U. P.)—Henry Ford should be forced to supplement his offer for the government plant at Muscle Shoals, Ala., with an absolute guarantee that he will make fertilizer.
