

### BRITAIN BEGINS TO MOVE TROOPS TO ULSTER AREA

London, Feb. 12.—(L. N. S.)—British troop reinforcements are being moved into Ulster province, Colonial Secretary Winston Churchill announced in the house of commons this afternoon. The evacuation of British troops from Ireland has been suspended. The British government has cancelled orders for military evacuation of Cork, Dublin and Belfast. No troops have been ordered into Ireland from England. The government, it was said, is not disposed to put British soldiers on guard along the Ulster border unless requests are received from both the Belfast and the Dublin governments. Sixteen persons were killed and 14 wounded in fighting at Belfast during the last 24 hours. Fears of civil war in Ireland have been intensified by the week-end developments. Early this evening the sound of firing was still audible. Drastic military curfew regulations at Belfast will again be instituted tomorrow unless the situation improves. Colonial Secretary Churchill said the Dublin provisional government was seeking the release of kidnapped Ulsterites, but he was doubtful if it had power to do so. "Disturbances are reported throughout the whole countryside (Ulster)," telegraphed the Central News correspondent. "An American newspaper man who left Belfast for the Free State on Friday has not been heard from since. A number of sawmills in the Ballina district were burned."

### BRITISH HALT EVACUATION OF TROOPS FROM IRELAND

Dublin, Feb. 12.—(U. P.)—Saltings of British troops from Ireland to England were ordered suspended today. It was unofficially stated that this halt in the evacuation of Ireland by the British army was due to the situation on the Ulster border, where Sinn Feiners and Ulstermen have been fighting.

### Hongkong Strike Halts 170 Vessels, Majority British

Peking, Feb. 12.—Reports received by the government from Canton say that 170 steamers, two thirds of them British, are held up by the strikers in Hongkong. A few ocean-going steamships have been allowed to depart, but with a few exceptions vessel traffic is paralyzed. The strike affects not only foreign shippers, but is hitting the Cantonese exporters and producers even harder. Despite the denial, the opinion prevails that the Cantonese government is supporting the strike morally for the purpose of enforcing its recognition.

### Stanfield Gets Pay For Commissary Co.

Washington, Feb. 12.—(WASHINGTON BUREAU OF THE JOURNAL)—Senator Stanfield today called up and secured the passage by the senate of a bill granting \$10,000 to reimburse the Pacific Commissary company, of which Frank Sullivan of Portland was president. This company fed officers at Camp Lewis during the war, with the understanding that the actual expense would be allowed. The war claims adjustment board reported favorably on the equities of the claim, but said it could not pay because there was no contract in writing. The Pacific Commissary company was organized in Seattle during the war to provide for the needs of the commissioned personnel at Camp Lewis, Wash. The company went out of existence shortly after the Armistice. Frank Sullivan, who was president of the company, is a resident of Portland and is president of the Northwest Sales company. He is now at the national capital.

### Will Not Put Off Genoa Conference

Rome, Feb. 12.—(U. P.)—The Genoa financial conference will not be postponed unless a majority of the principal countries invited to attend indicate a desire for further delay. It was announced officially here today.

### Cardinal Returns Visit Made Him by British Emissary

Rome, Feb. 12.—(Delayed.)—Cardinal Logue, archbishop of Armagh, today returned the visit paid him while he was at the Irish college by Count De Salis, the British plenipotentiary to the Holy See. Following an old medieval custom, Count De Salis received the cardinal at the door and conducted him upstairs with two lighted candles, although it was midday. This sign of reconciliation between the representatives of two nations, though commented upon by some of the intrinsigant Irish who never forgave the late pope for what they considered his Anglophile leanings.

### Decision of Court Puts Seattle Man Nearer Big Fortune

Seattle, Feb. 12.—(U. P.)—Alfred W. Seymour of Seattle is one step nearer fortune, variously estimated at from \$50,000 to \$6,000,000 as a result of a decision by the appellate division of the New York supreme court, in the fight of the Metals & Mechanics bank of New York to evade recognition of the validity of stock in the bank held by Seymour. Seymour and his wife operate the Alley Cat cafe here. The stock, originally valued at \$1,000, has been in Seymour's family since its issuance in 1823, and he compounded earnings and interest up into millions. The bank contends that the ancient law of issue has outlawed the stock. In the first round of Seymour's legal fight for fortune the New York supreme court last June declared the stock valid, and the bank appealed.

### Oregon Men Now in Philippines Claim Fair Deal Lacking

Washington, Feb. 12.—(WASHINGTON BUREAU OF THE JOURNAL)—Congressman McArthur, on a visit to the White House, called the attention of the president to complaints he has received from former residents of Oregon who are in the Philippines concerning the conduct of affairs in the islands. The complaint in substance is that members of the American business community find themselves at a disadvantage because of political conditions, the American government representatives not being inclined to exert themselves for the protection of Americans, it is said, because of preponderating Filipino influences. The president promised to give the matter personal attention. Mr. McArthur stated. The president now has before him the Wood-Forbes report, dealing with conditions in the Philippines, and counter statements prepared by Isazuro Galdebon, one of the delegates in congress from the Philippines.

### WOULD GRANT PENSION

Washington, Feb. 12.—Congressman Sinnott has introduced a bill to grant a pension of \$30 a month to Mrs. Anna Miller, widow of August Miller, of Baker, Or., a veteran of the Cheyenne and Sioux Indian wars.

### M'NARY IS TOLD TO 'CUSS' MEYER

Washington, Feb. 12.—(WASHINGTON BUREAU OF THE JOURNAL)—Senator McNary today took sharp issue with a statement issued by Eugene Meyer, Jr., managing director of the War Finance corporation in which Meyer declared that farm conditions are rapidly becoming satisfactory, that corn and hogs have gone up, that the market for sheep is maturing at satisfactory prices and that the cattle market is no longer demoralized. "That general agricultural conditions have not improved is shown by testimony before the senate committee on agriculture on the price guarantee bill," said McNary. "Complaints come from various parts of the country against the unympathetic attitude of the War Finance corporation and its failure to extend credit to meet the farmers' needs. I have pending a bill to extend the powers of the War Finance corporation to the coming year, and intend to press it to consideration next week. In my judgment, the apparent activity in certain rural sections of the country for price fixing of staple agricultural products would quite disappear if the War Finance corporation would be more liberal in the extension of credits and loaning of money to farmers to plant and harvest their crops." McNary has just received a letter from George A. Mansfield, president of the Oregon Farm Bureau, in which the War Finance operations in Oregon are called a "cruel joke" and declaring that distress among sheep men and stock men is acute. When in Oregon, Mansfield says, Meyer failed to call on anyone who knew a sheep from a goat, but interviewed only bankers and was quoted as saying it was unnecessary to see anyone else. Mansfield asks McNary to go to Meyer and say as many forcible things as the law will permit.

### Disabled Veterans Will Be Guests at 'Hoot' Gibson Party

Social leaders of the city have joined hands with "Hoot" Gibson, cowboy moving picture star and World war veteran, in providing a bit of real entertainment for some 40 wounded and crippled veterans who are inmates of the various hospitals about the city. Gibson, who spent two years in the war, has arranged for a luncheon Tuesday, at which he will act as host for his less fortunate buddies. After the luncheon the veterans will be transported across the street to the Liberty theatre, where Gibson is now showing, and treated to a theatre party. A number of Portland's most prominent women, including Mrs. George L. Baker, Mrs. I. N. Lippman and Mrs. L. Aronson, have agreed to furnish transportation in automobiles to and from the hospitals.

### Youth Is Held on Burglary Charge; Jimmy Bar Found

Charges of burglary and highway robbery were preferred against Roy Sanders, 20 years of age, who was found at 3:30 a. m. today by the police hiding beneath a billiard table in the Knights of Pythias hall, 388 Yamhill street. Sanders is said to have admitted the robbery of the Woodstock, Milwaukie and Clinton Kelly schools and also to holding up the proprietor of the Knapp Avenue grocery. A quantity of stamps, cigarettes, set of burglar's keys, flashlight and jimmy bar were found in his possession. Someone in the hall early this morning saw the reflection from Sanders' flashlight and called the police. After the building was surrounded a thorough search was made of the building and Sanders was located beneath the billiard table. Police say they were unable to make Sanders talk until they questioned him about four hours.

### Sun Spots Are Seen; Astronomer Predicts Display of Aurora

Miami, Fla., Feb. 12.—(U. P.)—A brilliant display of the aurora borealis, with consequential disturbance of telegraphic and other electrical instruments, was predicted here today by Dr. Davis Todd, former director of the Amherst observatory, following his discovery of large sun spots. Todd observed a large outbreak of spots near the center of the sun late yesterday, he declared. The discovery was unexpected, Todd said, as the solar disk was perfectly smooth earlier in the day.

### GAME BOARD TO MEET

The February meeting of the state game commission will be held in the headquarters of the organization in the stock block beginning at 10 a. m. Wednesday. Only routine matters will be considered, according to Captain A. E. Burghdoff, state game warden.

### BISHOP IS RIGHT, CHANCELLOR SAYS

Upon his return to the city Judge W. T. Slater, chancellor of the diocese of Oregon of the Episcopal church, has stated that Bishop W. T. Sumner is legally secure in his position in demanding the resignation of the Very Rev. R. T. Hicks as dean of St. Stephens cathedral. This statement is in keeping with a similar statement made Saturday by the bishop, who said he had conferred with the chancellor before deciding upon his present course. The chancellor holds that the pro-cathedral is the bishop's church, and that but bishop has the right to remove the dean at any time because he has the appointive power. He also says that custom in the appointment of deans at the pro-cathedral strengthens the bishop's position. So far as duties are concerned, however, the chancellor found the pro-cathedral obligated to the diocese the same as any other parish. This covers the payment of missionary money and other duties. Dean Hicks had no statement to make this morning. He said Saturday that he was aware of the bishop's position, but had been advised by counsel that the chancellor's interpretation of the laws of the church were not entirely correct. No comment on the trouble was made at the Sunday services by the dean. Interest now centers around the parish meeting called for February 21 at 8 p. m., when the entire controversy will be aired. Bishop Sumner is in Southern Oregon filling engagements and does not expect to return to the city for several days.

### Lincoln Is Patriotic Example for Youth, Declares Speaker

"If the ideals of Lincoln were inculcated into the minds of the children of today there would be less contempt for the eighth amendment, fewer parlor Bolsheviks and less violation of the laws of the nation," said Professor George H. Koehn, department of history, Reed college, in an address before the members' forum of the Chamber of Commerce. Koehn gave an outline of the history of Abraham Lincoln and was followed by George Melville Winstock, who gave a salute to the martyred president. "Candidates did not go to office by the Newberry route in those days," said Winstock. "Our representatives in congress should be impressed with the importance of passage of treaties drafted by the recent limitation of armament conference."

### Fifteen Governors Oppose Tax-Exempt Issues; Six Support

Washington, Feb. 12.—(U. P.)—Of 28 governors queried as to their attitude toward a constitutional amendment brooding further issuance of tax exempt securities, 15 favored such an amendment and six opposed it. Representative Mcadden, Pennsylvania, chairman of the house banking and currency committee, announced late today. Those endorsing the proposed amendment, which is now under consideration by the house ways and means committee, include the governors of Idaho, Nevada, Mexico, Arizona, Colorado, Kansas, Indiana, Montana, Nebraska, Arkansas, Michigan, and Utah. Among the governors who oppose it are Kentucky, Oklahoma, Virginia, Wisconsin and Missouri were among the non-committal.

### Gas Well Catches Fire; Flame Pillar Shoots 500 Feet

Los Angeles, Feb. 12.—(L. N. S.)—Shooting a pillar of flame 500 feet into the air and illuminating the country within a radius of 15 miles, Bell well No. 1 at Santa Fe Springs, which came in as a gasser at noon Saturday, caught fire early today. Guards were posted to keep sightseers from venturing too close to the flame and efforts were made to prevent the fire from spreading to Bell well No. 1, producing oil at the rate of 400 barrels a day. Representatives of the drilling company said the well might expend itself in a week.

### Gas Well Catches Fire; Flame Pillar Shoots 500 Feet

Los Angeles, Feb. 12.—(L. N. S.)—Shooting a pillar of flame 500 feet into the air and illuminating the country within a radius of 15 miles, Bell well No. 1 at Santa Fe Springs, which came in as a gasser at noon Saturday, caught fire early today. Guards were posted to keep sightseers from venturing too close to the flame and efforts were made to prevent the fire from spreading to Bell well No. 1, producing oil at the rate of 400 barrels a day. Representatives of the drilling company said the well might expend itself in a week.

### Tariff Must Yield Position to Facts, Harding Tells Borah

Washington, Feb. 12.—(U. P.)—President Harding will insist that the treaties of Washington take precedence in the senate over the tariff bill, he told Senator Borah, Idaho, in a three-hour White House conference Sunday, it became known today. Borah indicated the conversation had not changed his attitude. The president indicated that he did not favor making any reservations to the treaty. "I do not intend to assume an unfair position," Borah said. "Mr. Harding has stated the treaties do not infringe on our traditional foreign policy. In view of that statement, I am examining them with the greatest care."

### M'NARY TO MOVE UP IN COMMITTEES

Washington, Feb. 12.—Senator Charles L. McNary of Oregon was given assurance today by leaders that he will be named a member of the appropriations committee when Senator Kenyon of Iowa retires from the senate to accept the federal judgeship to which he was recently appointed by the president. Senator McNary will give up his place on the commerce committee when the change is made. It is also rumored that Senator Norris of Nebraska intends soon to resign the chairmanship of the committee on agriculture because of ill health and press of work. In this event Senator McNary will become chairman of that committee. McNary is also a member of the senate committee on the judiciary. Senator McNary has the promise of the administration leaders that they will pass his reclamation bill as soon as the treaties are out of the way.

### Pythian Home to Rise in Vancouver

Vancouver, Wash., Feb. 12.—The new Pythian home for the aged and orphans of the order in Oregon and Washington will be located on the A. C. Chumaseo tract of 12 1/2 acres, located north of Thirty-fourth street and west of Main street, within the city limits of Vancouver. The decision was reached by grand lodge officers of the two states after inspecting the sites offered by Vancouver Pythians. The site is eight blocks from the high school and the price is said to be \$18,000. Of this sum the Vancouver lodge has raised \$12,000 and may raise the remainder of the purchase price. Grand Fleet, chairman of the committee working to secure the home for Vancouver, could give few details of the final decision, but it is known that the site committee would not consider any location in Vancouver but the Chumaseo tract. In Washington grand lodge officials on the site committee were: Edward A. Davis of Pasco, grand chancellor; Harry M. Love of Colfax, grand keeper of records and seal; George Bennett of Seattle; Dan Bowen of Aberdeen; Ellis Laird of Colfax, grand trustees. Oregon was represented by Grand Chancellor Leif F. Finseth of Dalhart, Grand Manager of the Exchequer J. W. Maloney of Pendleton, Grand Keeper of Records and Seal Millard F. Hardy of Seattle, Fred J. Johnson, Leslie E. Crouch and W. J. H. Clark, grand trustees of Portland.

### Missing Witness in Arbuckle Case Flees

New Orleans, La., Feb. 12.—(U. P.)—While detectives and newspaper men watched the door of a room at a local hotel today, a girl believed to be Zey Fyvron, missing witness in the Arbuckle case at San Francisco, escaped, according to hotel attaches.

### NARRIAGE LICENSES

Vancouver, Wash., Feb. 12.—The following marriage licenses were issued Saturday: Martin Dahl, 21, and Lillian Sedgwick, 18, Everett, Wash.; Dan Lennon, 23, and Helen Yelich, 20, Portland; William E. Robinson, 19, Vancouver; and Georgia M. Noble, 17, Portland; William Martin, 41, and Druella Knierim, 23, Portland; Bert Elmer Numan, 41, Vancouver; and Anna L. Sharp, 25, Portland.
