

# TRADESMEN SORRY YANK TROOPS ARE LEAVING GERMANY

(Special Wireless to The Journal and Chicago Daily News.)

Berlin, Feb. 24.—"Although the shop owners, saloon keepers and movie proprietors regret the departure of the greater part of the American troops from the area in Germany occupied by them, the majority of the people in Coblenz are glad to see them go in the hope that food prices and the cost of necessities will go down and that the natives will once more be able to show their faces in stores, cafes and theatres."  
These unfriendly words regarding the American troops, whose conduct in the Rhine country has been declared officially to be beyond reproach, are printed under a Coblenz date in the Deutsche Allgemeine Zeitung of Gerlin, a Stennes paper.  
"The American soldier," continues the article, "with his pay of \$25 per month, which equals 7000 marks, was liberal enough with the money in trying to take advantage of the low rate of the German currency. But Coblenz has had to suffer a good deal under the occupation, especially as many of the officers brought their families over and these were crowded into the homes of the Germans. This was especially unpleasant where there was only one kitchen. There was no end to the rows among the hired help, which led to numerous complaints. Now that the number of troops and also of officers has become comparatively small, it is expected that it will no longer be necessary to wash American families on the German streets. Altogether it is hoped that the occupation will be far less of a burden to the German citizens than it has been up to now."  
On the whole, the German newspapers have greeted the latest reduction in the number of American troops on the Rhine as proof of President Harding's good intentions with respect to establishing friendly relations with the German republic.

# England and France Agree on Agenda at Genoa Conference

(Special Cable to The Journal and the Chicago Daily News.)

Paris, Feb. 24.—One of the chief obstacles to diplomatic agreement between England and France, namely, doubt as to the course, the United States intended to pursue, has now been dispelled. Both nations are convinced that the United States intends to do nothing whatever, at least for the present. Both are therefore apparently disposed to make many mutual concessions.  
It is now certain that the Genoa conference for the economic reconstruction of Europe will likely take place not, indeed, on March 8, but within a few weeks afterwards. It has seemingly been agreed that there shall be no discussion of Near Eastern or reparations questions at this conference nor shall the existing treaties be considered in any way. The elimination of the reparations question equally eliminates the question of the allied debts for the two are closely connected and this in turn eliminates various allied pacts now under negotiation, notably the Anglo-Belgian and Anglo-French pacts. It is, therefore, clear that by far the most important point on the Genoa agenda will be a British proposal for a general pact of resolution in which all the signatories will agree to refrain from aggression against their neighbors.  
On the economic side the main effort of the Genoa conference will seemingly be to set up an international consortium to facilitate the economic reconstruction of Eastern and Central Europe.

# Labor Sees Economic Errors in Textbooks

(By United News.)  
Washington, Feb. 24.—Belief that text books used in American schools subtly "indicate erroneous economic doctrines in the minds of children," has resulted in investigation of the situation by the

# SWEDISH CRITICS RAP MME. TINGLEY, THEOSOPHICAL HEAD

(Special Cable to The Journal and the Chicago Daily News.)

Stockholm, Feb. 24.—Katherine Tingley, the American leader of the International Theosophical society, is being subjected to a violent campaign of criticism by the newspapers, but she declared today that she intended to stand her ground and complete her lecture tour and go ahead with her plan to establish a school on the Swedish island of Visingo.  
One newspaper, Dagens Nyheter, has printed under a display head a story stating that Madame Tingley claimed to be the reincarnated spirit of Saint Brigitta, Joan of Arc and Tycho Brahe.  
Every Stockholm newspaper for the last week has carried one or more articles daily pretending to prove that the Point Loma, Cal., theosophical school is governed cruelly and autocratically by Madame Tingley.  
The attack may be traced to the bitter opposition aroused by Madame Tingley among a certain element of Swedish theosophists by her summary dismissal of Herr Fernholm, a former instructor

BROADWAY AT ALDER

# at Point Loma, because he developed eccentric ideas incompatible with her ideas and interpretation of theosophy. Fernholm is believed to be supplying the newspapers with their material.

"TEMPEST IN TEAPOT"  
"The whole matter amounts only to a tempest in a teapot," said Madame Tingley today. "If I were not sure of the loyalty of my friends here I should cut my visit short and proceed to Germany, where we expect to establish a school in the near future. In the face of this opposition, however, I shall remain and complete my lecture tour. I shall prove beyond question that the charges made in this campaign of persecution are unfounded."  
Madame Tingley expects to visit Ger-

# Liquor Smugglers Organize to Invade Prohibition Nation

(Special Wireless to The Journal and Chicago Daily News.)  
Berlin, Feb. 24.—German ship owners smuggling liquor into Norway, Sweden and Finland, which are partially "dry," have organized on a business basis. In

# Japanese Count to Repay Wood's Visit

Tokio, Feb. 24.—(U. P.)—Count Tanaka sailed today for Manila to return the visit of Major General Leonard Wood as a representative of the Japanese government. General Wood, now governor of the Philippines, visited Japan just before he assumed office.

# CHURCHES WELCOME "HOBOS"

Denver, Feb. 24.—(U. P.)—Six newspaper reporters dressed as hoboes attended as many fashionable churches here, expecting to be ousted. Instead, they received a hearty welcome, money and offers of jobs.

# Queen Alexandra Is Reported Improved

London, Feb. 24.—(U. P.)—Queen Alexandra, grandmother of Princess Mary, has recovered from a temporary illness which threatened to cause postponement of the wedding of Viscount Lascelles and the princess next Tuesday. The dowager queen was out driving today.

# PIER IN JAIL INDICTED

Eugene, Feb. 24.—Indictments against five prisoners in the county jail were returned by the grand jury Thursday. Herbert Collins and Corey V. Standon were charged with forgery; William Nesbit, obtaining money under false pretenses; Chester Swadlow and Harold Stuman, stealing an automobile.
