

RECALL SPONSORS RAP PHONE RATE, PETITIONS SIGNED

The margin between public service commissioners Ductel and Corey and the invocation of the recall upon them was narrowed appreciably Wednesday night at the mass meeting held at the Central Library hall when recall petitions were circulated among the large gathering present, and generally signed.

The mass meeting, which had been called under the auspices of the Housewives' council, was called to order by Mrs. J. E. Othus, president of that organization, and turned over to the audience. It was a spirited meeting and will be followed by a second meeting to be called later.

FIGHT IS REVIEWED

In opening the meeting Mrs. Othus gave a brief review of the activities of the Housewives' council in relation to the telephone rate case and of the part it has taken in the recall movement. She insisted that she and the other members of the council had believed the rehearing to have been a political move to block the recall, but that since the decision had been handed down without relief to the public they were more than ever determined to carry the recall forward to a conclusion.

REBUKE IS ADVISED

George A. Manfield, president of the farm bureau, spoke in favor of the recall, saying it was time for the citizens of Oregon to rebuke the members of the commission for the insulting language of the rate decision as well as because of no relief given.

State Bank Enabled To Pay Holders of Foreign Deposits

A deal was consummated Wednesday night between the State Bank of Portland and the Ibernia Commercial & Savings bank whereby the holders of foreign certificates of deposit at the State bank may obtain their money at once if they so desire. In this transaction, which was approved by Frank C. Branwell, superintendent of state banks, the Ibernia has taken over the deposits of the State bank on foreign account and has agreed to accept these certificates at their foreign value.

A committee consisting of Captain Henry Hockanjos, P. S. Soberling and Joseph W. Alstock is looking after the arrangements, which as in the past will be elaborate.

SHIP SUBSIDY OR ECONOMY URGED BY W. D. B. DODSON

Either a subsidy or reduction in ship operating costs is necessary if the United States is to have a successful merchant marine, and if congress passes a subsidy measure it must bring forth some system to benefit the people as a whole and not a limited banking group having the inside track.

Such was the opinion expressed today by W. D. B. Dodson, general manager of the Chamber of Commerce, who returned Wednesday from Washington, D. C., where he had attended the Pacific coast ship merger conference before the shipping board.

Irish Free State Election Delayed

Dublin, March 2.—(U. P.)—Dail Eireann today ratified the agreement reached in the Ard Fheis, Sinn Fein's national convention, to postpone elections to the office created by the Irish Free State for three months.

SHIP SUBSIDY OR ECONOMY URGED BY W. D. B. DODSON

There is a higher capital cost of \$180,000 for each vessel of 6000 gross tons produced in the United States over those produced in Great Britain.

COSTS HIGHER HERE

This means a normal initial cost 25 per cent higher and this is mostly due to the higher scale of wages paid in this country. Further, this means about 4 per cent on the capital investment.

Two Men Arrested In Restaurant for Violating Dry Law

The arrests were conducted by Inspector Klingensmith, assistant to Chief of Police L. V. Jenkins, and Sergeant Oelsner, head of the morals squad. J. B. Schickel, a soldier, was charged with violating the prohibition law and Bennie Stinson with being intoxicated.
