BALFOUR, GUTHRIE SELL THISTLE TO SAN FRANCISCANS

The Charles Nelson company of San Francisco has purchased the five-masted top-sail schooner Thistle from Balfour, Guthrie & Co. The craft is now in the local harbor and will be loaded with lumber and towed to San Francisco. The Thistle reached the Columbia river with coal from Newcastle, N. S. W., early in February. She was built at the McCormick yards in St. Helens in 1918. After discharging her coal at Portland the Thistle went to the drydock for cleaning and painting.

Captain H. Dolores has been named as master of the schooner Ecola and has gone to Coos Bay to relieve Captain Peter Lund. The Ecola is the last of the sailing properties in the hands of Balfour, Guthrie & Co., and is loaded with lumber for Osaka, Japan.

VESSEL IN TROUBLE

The Ecola arrived in Marshfield December 5 from Honolulu under charter to load lumber for Japan. She was in trouble all of the three months she was in port. After her cargo was finally on board and she was being towed to an anchorage she went on the mud, the tug Fearless becoming disabled. Captain Dolores states that he will sign a crew and outfit at Marshfield.

Lumber-laden on Coos bay and ready for sea are the barkentine Amy T. Turner and schooner Lizzie Vance. J. J. Moore & Co., for Melbourne and Sydney; the schooner John A. Campbell, Balfour, Guthrie & Co., for Sydney, and the schooner Sir Thomas J. Lipton, Columbia-Pacific Shipping company., for Japan.

RATES ON DECLINE

One barkentine and three schooners constitute the sailing fleet loading on Grays harbor. The schooner John W. Wells, W. L. Cornyn & Co., from Newcastle with coal, arrived in the river January 21. She is on the disengaged list.

Lumber rates for sail tonnage are on the decline and rates to South Africa were quoted yesterday at $22.50. This is $1 less than the figure of a month ago. The only sailor due in the river is the schooner Edward R. West, with copra from the Gilbert Islands. She sailed January 11 and should be getting close in. She is fixed for lumber to Australia.

STEAMSHIP ELDORADO IS HERE FROM GULF PORTS

The steamship Eldorado, Pacific-Caribbean Gulf line of Swayne & Hoyt, A. M. Gillespie & Co., local agents, arrived up this afternoon and berthed at Albers dock. She has in for Portland 400 tons of general from Gulf ports. No cargo awaits her at Portland, as she is booked full out from Seattle and San Francisco. She sailed from New Orleans via San Pedro and San Francisco.

From Buenos Aires, Montevideo and Santos the steamship Rotarian, also of the Swayne & Hoyt service, is due to arrive Tuesday. The Rotarian sailed from the Argentine ports January 2. From Brazilian ports the Rotarian is bringing a quantity of coffee for local roasters. She also has a quantity of miscellaneous cargo.

The Dutch steamship Tijelboet of the Java-Pacific line cleared at noon with lumber, wheat, flour and general cargo for Java and the Dutch East Indies, via Japan and Shanghai. She was dispatched from Portland by the General Steamship Corporation. She will sail for the Orient tomorrow morning.

U. S. SHIPPING TRIES TO AVERT FREIGHT RATE WAR IN EAST

Washington, March 4.—To avert a ruthless freight rate war on the principal trans-Atlantic trade routes, the United States shipping board will attempt to reorganize the North Atlantic Continental conference which is today facing disruption because of the withdrawal of the Harriman United American lines.

Vice President W. J. Love of the Emergency Fleet Corporation will go to New York on Monday to meet the conferees and point out the danger confronting shipping as a whole if the conference agreement is set aside.

A break in the conference was over the rate on provisions, it was stated by shipping men today, the Harriman lines electing to continue the present rate of 32½ cents per 100 pounds to Hamburg until the end of the year, while others bound by the conference agreement sought to increase the rate.

OCEAN GRAIN RATES ARE STEADY; OFFERINGS EVEN

New York, March 4. — (I. N. S.) — Freights for ocean grain hold steady and offerings are running even for the week. No advance has been noted at any point and the board quotations today are: United Kingdom, 4s; Germany, Bremen and Hamburg, 13c; France, Atlantic, 13c; Mediterranean, 22c; Holland, Amsterdam and Rotterdam, 20c; general cargo, quiet and firm.

ALL ALONG THE WATERFRONT

The tank steamship J. A. Moffett is discharging fuel oil at Willbridge.

The British steamship Gothicstar shifted from terminal No. 4 to Columbia No. 1 this morning and is working wheat.

The steamship Pawlet will move up to terminal No. 1 Sunday morning and finish for the Orient on Monday.

The steamship Admiral Evans of the Admiral line sailed for San Francisco, Los Angeles and San Diego this afternoon with passengers and freight.

Divide Grazing Fee Into Two Payments

Washington, March 4.—(WASHINGTON BUREAU OF THE JOURNAL.)—The forest service announces the adoption of a policy of dividing grazing fees in the national forests for the present year into two payments, half to be paid when the permit is issued, the remainder December 1. This is considered preferable to postponing payment of the entire amount to the end of the year, now that conditions among stockmen are better.

ROTARY DIRECTORS NAMED

Vancouver, Wash., March 4.—The following directors for the ensuing six months were elected by the Rotary club at the Friday noon luncheon: John W Todd, George Lloyd, William Hodkins, George Tuttle, Howard Warren, Fred Kettenring and Dwight Parrish. The president will be selected from the number.

GOV. HART VISITS VANCOUVER ROTARY

Vancouver, Wash., March 4.—Governor Hart was the guest of the Rotary club Friday at a luncheon at the Y. M. C. A. The governor spoke of Rotary friendship, which had upset the theory that friendships are not formed after the age of 40. John W. Pace, director of business control of the state, and a member of the governor's party, made the main address.

He spoke highly of the record of the two state institutions located at Vancouver, the school for the deaf and the school for the blind, as these schools have a record of almost 100 per cent of students who are self-supporting after leaving the institutions. The governor was scheduled to make an address at the Community building at 4:30 o'clock, but omitted it on the plea of being tired.

The party inspected the state institutions in the afternoon and attended a banquet at the school for the deaf in the evening. Prominent Vancouver residents attended the banquet by invitation to meet the governor. The party includes Governor Hart, John W. Pace, E. L. French, director of agriculture; C. A. Campbell, assistant to Pace, and Dr. L. C. Pelton, assistant to French. No political significance is attached to the visit.

Front Street Car Track Repairs Will Be Rushed Through

Agreement to repair the car tracks on Front street has been arrived at. A. G. Johnson, assistant commissioner of public works, said today. A conference was held Friday afternoon at which A. J. Davidson, general manager of the Oregon Electric, and A. J. Witchell, chief engineer, discussed with Commissioner Barbur plans for repairing the street area along the trackage. They both agreed, Johnson said, to rush the repairs.

CITY IMPROVEMENT BONDS

Bids for the purchase of $159,442.37 worth of city of Portland improvement bonds will be opened at 11 o'clock the morning of March 14, Commissioner S. C. Pier announced today. The bonds bear 6 per cent interest and mature in 10 years with the city holding an option of recalling them within three years.

PERMIT FOR RADIO

Granting a permit to operate a commercial radio telephone broadcasting station will be recommended for the Halleck & Watson Radio Service company, A. G. Johnson, assistant commissioner of public works, said today. The station will be on Park street between Yamhill and Taylor streets.

SLEEPING SICKNESS REPORTED

One case of sleeping sickness was reported today to the city health office by Dr. Nichols. Mary K. Crankow, 14, was afflicted with the disease March 3, the report reads. She is the daughter of T. L. Crankow, 1118 East Eighth street north.

Oregon City Ferry Put in Operation; Schedule Is Fixed

Oregon City, March 4.—The Willamette river ferry began operating today for automobile traffic across the river, halted for a month due to closing of tht Pacific highway bridge while a new bridge is being built. The ferry is handled by a corporation organized among the business men to relieve a situation which will last a year.

The schedule, which will be changed to accommodate the needs of the traffic, at present provides for operation from 8 a. m. until 6 p. m. A charge of 25 cents is made for all automobiles and for trucks up to and including one ton. For trucks exceeding this tonnage, a 50 cent charge is made. The load limit allowed on any one truck is three tons. A 5 cent charge for each passenger is made.

The barge has a capacity of 10 cars. It is operated on a cable, the power being supplied by a light launch alongside. The ferry is reached by two plank roadways on grades of less than 12 per cent. The west approach connects with the Pacific highway just out of West Linn, and the east approach is at Seventeenth street, coming down to the mouth of the Abernathy, which has been dredged out to give a landing in dead water.

Forest Examiner To Cruise Strip Of Scenic Timber

Ryle Teed, United States forest examiner, left Thursday night for Bend, to cruise a strip of scenic timber along The Dalles-California highway near Lava Butte, 10 miles south of Bend. This is preparatory to negotiations to exchange for mature timber in the Deschutes national forest.

The timber is owned by the Brooks-Scanlon Lumber company and is adjacent to its logging operations. It was set aside upon the request of Governor Olcott about two years ago, who realized the value of the timber from the scenic standpoint to tourists traveling over the highway. Several similar highway strips of timber have been withheld from logging until some method for their acquirement by the state or government can be effected.

The Deschutes land exchange bill makes possible the first exchange of timber lands for the preservation of scenic assets. The Dalles-California strip, which the government hopes to acquire, is about a mile long. Timber of equal value within the Deschutes national forest will be exchanged for it.

4 Building Trades Men Are Acquitted

Chicago, March 4.—(I. N. S.)—Simon O'Donnell, former president of the Chicago Building Trades Council, and three co-defendants charged with conspiracy and extortion, were acquitted by a jury in court here today. It was charged that the men had extorted money from building owners in payment for calling off strikes.

NEW ZEALANDER TO SPEAK

Oregon City, March 4.—Wherahiko Rawei of Maori, New Zealand, will speak at the Congregational church Sunday night upon the arts, crafts, habits and music of the South Sea possessions.

National Holiness Convention to Pick Its Officers Today

The annual convention of the North Pacific Coast auxiliary of the missionary department of the National Holiness association, which opened Friday night, has two active days of business to dispose of before it adjourns Sunday night. The meeting is being held at the North Pacific Evangelical institute, Northrup and Jessup streets.

One of the important matters of business today will be the election of officers. Aside from committee sessions there will be three services today and a like number on Sunday. Among the prominent speakers are the Rev. A. P. Gouthy of Seattle and the Rev. M. C. Clarke, who was, for eight years, a missionary in India.

PAVING TO SITE OF BIG MILL SOUGHT

Vancouver, Wash., March 4.—N. J. Blagen, who last year acquired a tract of land on the river front below the Standifer shipyard for the purpose of erecting one of the largest sawmills on the coast, was in Vancouver Friday, conferring with Mayor Kiggins and Commissioner Carson regarding paving of the road to the mill site, completion of which, he said, would be necessary before work of erecting the mill begins.

Blagen would not state definitely when work on the mill will begin but gave assurance that it would not be delayed beyond the time when the lumber market will justify the outlay.

"Our export business is looking up but we are getting little business from the middle west, where the greater part of our business comes from normally," he said. "This condition is due to freight rates on lumber, which are ruinous."

The mill planned is a duplicate of the Hoquiam plant of the Grays Harbor Lumber company, which works 800 men when running to capacity.

NIMROD TICKETS READY

Vancouver, Wash., March 4.—Blanks for non-resident state hunting and fishing licenses are now in the hands of Auditor Garrett, but there are no county blanks. A non-resident license costs $10 and entitles the holder to hunt or fish any place in the state during the season. Aliens who apply for hunting and fishing licenses must show a permit from the secretary of state to carry firearms before a license will be issued.

Chicago Instrument Records Earthquake

Chicago, March 4.—Earth tremors more sharply defined than usual and continuing for more than an hour were recorded on the seismograph of the observatory at the University of Chicago today. The first tremor was felt at 7:20 a. m. The center of the disturbance was estimated at about 2985 miles from Chicago.
