

CHICAGO UNIONS RULED BY THUGS, JUDGE TELLS JURY

(By United News)
Chicago, March 12.—The special grand jury that will investigate the reign of "labor despotism" here will go to work Monday with the most remarkable set of instructions ever issued by a court in Chicago.

Chief Justice Kirkham Scanlon of the criminal court, reviewing the "miserable state of justice" in the trials of labor leaders here, told the jury that many big unions in Chicago are ruled by "thugs, gunmen and ex-convicts" and he warned the jurors that they would receive death threats for themselves and families if they were lenient.

"Just be warned in time and do not regard it," he said. "The criminals who compose the conspirators in this case are very brave when they have an automatic revolver against the breast of some unarmed citizen, but when justice takes them by the throat they show yellow in their makeup."

SEVERAL ACQUITTED

The grand jury investigation follows the acquittal of several labor leaders charged with various crimes, including murder and extortion of money from builders.

Thomas Walsh, union business agent, was acquitted for the murder of Adolph George, safe owner.

William Quesse, president of the Janitors' union, was acquitted of extortion.

Simon O'Donnell, former president of the building trades council, was also acquitted of conspiracy to extort money from builders.

United States to Observe May 12 As Hospital Day

Washington, March 12.—Florence Nightingale's anniversary, May 12, will be observed throughout the United States as National Hospital day.

On that day the public will be invited to visit hospitals in their vicinity and familiarize themselves with modern hospital methods, aims and atmosphere.

This date is selected because Florence Nightingale was the founder of modern nursing.

The observance of National Hospital day was started last year by the United States public health service. At that time Surgeon General Cummings pointed to the existing scarcity of hospitals and the difficulty in finding buildings capable of being converted into hospitals.

Since then, he stated, much progress has been made in solving the hospital question.

Plans Forming to Establish Academy For Labor Leaders

Cincinnati, Ohio, March 12.—First step toward establishing a national school here to train labor representatives to become leaders, capable of meeting employers' representatives on an equal intellectual basis, is nearing completion.

Rev. Peter Editt, director of the proposed school and a national figure in labor circles, announced he had arranged for purchase of the site on which the institution is to be erected.

The American Federation of Labor, he said, is sponsoring the deal. Similar schools may be erected in other parts of the country if this one proves a success, he explained.

The school will be known as the American Academy of Christian Democracy.

Eugene Welcomes Hollywood Star

Eugene, Mar. 12.—When Louise Lovely, Hollywood cinema star, stepped off the Southern Pacific train here at noon Saturday she was greeted by E. B. Parks, acting mayor, who presented the visitor

with a three-foot key, decorated with violets embedded in moss. While she was received by a committee of students from the University of Oregon, a motion picture was taken of the scene and the Oregon State band played. In the afternoon Miss Lovely took a moving picture of a playlet enacted by local children, and in the evening another picture was taken under her direction of Eugene people on the stage, in view of these magazines at 25c.

Dayton Votes New \$120,000 School; Majority Is Large

Dayton, Wash., March 12.—The campaign for building a new high school in Dayton this year came to successful conclusion Saturday, when 1237 voted for the school and only 44 against. The Commercial club and American Legion, High School alumnae, Associated Students and other organizations solidly backed the movement. Automobiles bearing "Vote Yes" banners carried almost the entire voting population to the polls.

The new school will cost \$120,000, \$70,000 of which will be raised by the bond issue voted Saturday and \$50,000 from the Pieta fund willed to district No. 2 by Dr. M. Pietrzycki, a pioneer physician. It also was voted, 1199 to 84, to float \$7000 in bonds to clear the amount of indebtedness on the old building.

Dayton was the scene of an enthusiastic demonstration when the result of the election was learned.

Actual Reproduction Another Lot of Those Pongee Silk Bloomers Special at \$2.95

Splendidly tailored bloomers of excellent quality pongee—an \$2.95 the price. That's the choicest bit of news from the Fourth Floor about Tuesday's selling—an \$2.95 it means much to women because the bloomers are so strikingly and so agreeably extraordinary, in style as in value.

—They are bloomers that are extra full and have double elastic at knee and elastic at waist. Besides, they're reinforced.

To Match the Bloomers We've New Pongee Camisoles and Envelopes

—The pongee camisoles \$1.65—dainty hemstitched camisoles finished with self strap over the shoulders.

—The pongee-envelope chemises \$3.50—these with tucked in hemstitched yokes and with self straps. Sizes 38 to 44.
