Everything Goes

Cost No Object—Contract Goods Included

The few price quotations on this page will give you a fair idea of the savings you can make. If the things you want are not mentioned in these lists, come anyway; be assured they are here at correspondingly low prices—namely, at Cost and Less Than Cost in most instances.

It Will Be a Clean Sweep

As we wish to close our doors as soon as possible and get rid of it all, we will be glad to "lump" any portion of our stock to dealers or speculators who can see how to profit from same. You never had a better opportunity to "find" money. Any dealer wishing to purchase the entire stock will have a chance to do so at a PRICE. Nothing is reserved. Everything must go. Any of our local creditors who want merchandise in satisfaction of their claims will have an opportunity of making an exceptional profit on anything they select here.

- Reg. 90c Hydrometers (battery testers) ... 43c

- Ford Electric Head Lamps, pair ... \$4.89
- Electric and Gas Head Lamps of various types in stock. All will go at correspondingly low prices.

The consequences are inevitable and we will stay with the ship until our good name, at least, is safe. We will try to pay in full and retire rather than take advantage of the law.

Take the Cargo Before It Sinks!

Now that we have been forced to definite action, it will be a

QUICK RETIREMENT

from business to keep additional expenses from piling up. At these

DISTRESS PRICES

motorists undoubtedly will look forward to all their accessory needs for the coming season and help to clear our decks speedily. The Retirement Sale begins tomorrow at 9:30 a. m.

The motoring public is invited to come and unload the ship quickly. This is your opportunity to get Auto Accessories of every description for almost nothing, for we are selling out and quitting business completely and we want to have it over with soon.

We have stayed with the "game" and stood the "gaff" of post-war readjustment as long as we could. Fatigue now suffers us to make the supreme sacrifice. We are sorry, yes; but there is a silver lining in the distant clouds, namely, the prospect that when all is over we shall be able to enjoy peace and ease of mind.

Bring Your Car and Take a Load

The motoring season is just commencing and this summer you will need Oils, Greases, Bumpers, Mirrors, Luggage Carriers, Spark Plugs, Spotlights, Robes and many Auto Supplies.

Look Forward to Your Needs

Drive up to our door at this opportune time and take home a fair load of these valuable and useful auto supplies without causing a noticeable decrease in the size of your pocketbook.

The turmoil here makes it impossible to have prices ready for this announcement on all the thousands of different items that must be sold now, but you may be assured that everything goes without even considering the cost.

Lease for Sale

Our modern building, about 50 by 100 feet, with full concrete basement, mezzanine floor and elevator, is available to any reliable party. See us for particulars.

Notice to Creditors

All claims should be presented before April 10th, as liquidation will be accomplished without loss of time.

Accessory Dealers, Garage Men

This will be your opportunity to pick up many standard auto accessories below wholesale cost. Come and replenish your stocks. Special evening appointments also may be made by phoning Broadway 196.

Office furniture, show cases, shelving, counters, racks and everything will be sacrificed. Come now and reserve the pieces you want.
