

RAILROAD REPORTS INDICATE GAINS

Washington, April 12.—(L. N. S.)—American railroads are on the "up-grade" to prosperity, according to reports filed today with the Interstate Commerce Commission covering operating incomes for February.

With only 56 roads showing deficits, the total net income of all carriers for the month was \$47,742,000, compared with a net deficit of \$5,176,999 the same month last year. This income would produce an annual return of 4.57 per cent, the highest earned since the war, and 1.57 per cent higher than in January.

Governors Indorse Training Camp Idea

Improvements of the citizens' military training camp at Camp Lewis have been received by Major General C. D. Morton, commanding Ninth corps area, from both Governor O'Leary of Oregon and Governor Hart of Washington. The camp will be conducted from July 27 to August 23. Last year between 500 and 600 men attended, and officers expect about twice that number to be on hand this year. Inquiries concerning the camp should be sent to Chief of Staff, 64th division, room 252, New Postoffice building.

Send Flowers!

They are simply indispensable at Easter time. They supply a brightness, an intangible thought that is part of Easter itself.

The beautiful plants at our shop are the result of elaborate planning for the Easter season.
